Job Interview, Question Paper

Dear Friend's Good Morning sir I have attended the L & T InfoTech in it. Around 700 students were there 10 & 12 & BE :55,55,58%

Total number of round: 4

- Written Round - 30 Questions
- Verbal - 30 Questions
- English - 30 Questions

Total time is 90 min and there is sectional cut off was their in all section 15 each. So we have 2 give wait age to all the section not to a particular one (we have to make on self as a Jake of all field) 350 clear the written. And One day before PPT main thing regarding to this all is PPT of L&T because they Give very long ppt one day before the written of 2 hour and their they call to 8 to 10 student randomly .But it was very interactive section and we should concentrate their because who gave the ppt out of 20 hr head tech. They are 5 so we should take part their.

Group Discussion

Sir there are more then 8 panels for good That is biggest elimination round if we want 2 be a part of L & T then We have to clear it by hook by cook. In group discussion they will judge u on 4 point
1.EXPRESSION
2.TEAM SPIRIT
3.PERSONAL PROJECTION
Content matters but not that much that our Listening power ,Eye contact because Before GD they give this instruction so we have 2 follow it otherwise we will have to pay for it In my GD 15 guys were their they selected 3 of them topics for me.
1 Economic recharged make the poorer people poor and richer people rich.
2 My friends life after death.
3.At date day in my collage preparation was going on for 26 January so what we do and last 60 year.

Sir in L&T, Accenture, Avya they usually repeated the GD topic dam sure so prepared 10 point earlier And speak it their sir its my request 2 u so mention the 4th point in GD. hat wastage a lot what I feel :presence of mind Because through it we can easily adapt the other gays point we republish it and speak at that time. and sir what I feel that So we can clear the GD on the basis on 4 point only GENS gesture eye contact nodding smile.ok in l&t they give a 5 pages form before written your tpo send it on your mail before 1 day Because only it contain the more wastage not resume in technical interview.
