The Indian Council of Medical Research (ICMR), New Delhi an apex body in India for the formulation, coordination and promotion of biomedical research under Department of Health Research, MOH &FW, is one of the oldest medical research organization in the world which has completed more than 100 years of its existence. The Governing Body of the ICMR is presided over by the Hon'ble Union Minister of Health & Family Welfare.

The ICMR conducts biomedical research through its (i) Thirty three permanent mission-oriented institutes (Intramural Research) located in different parts of India which address themselves to research on specific health topics like tuberculosis, leprosy, cholera and diarrheal diseases, viral diseases including AIDS, malaria, kala-azar, vector control, nutrition, food & drug toxicology, reproduction, immuno-haematology, oncology, medical statistics, etc. and (ii) Six Regional Medical Research Centres addressing themselves to regional health problems, as well as aim to strengthen or generate research capabilities in different geographic areas of the country.

Extramural research is promoted through grants-in-aid given as a project mode to scientists from non- ICMR institutes by (I) setting up Centres for Advanced Research in different research areas in selected departments of Medical Colleges, Universities and other non-ICMR Research Institutes; (ii) Task force projects which emphasize on a time-bound, goal-oriented approach with clearly defined targets, specific time frames, standardized and uniform protocols and often a multicentric structure and (iii) open-ended Research on the basis of applications for grants-in-aid received from scientists from non-ICMR Research Institutes located in different parts of the country.

Strengthening of research capabilities and a definite research strategy are recognized as a vital tools for successful research operations and the ICMR has strive to adopt new strategies from time to time. Human resource development in biomedical research is encouraged through various schemes such as (I) Research Fellowships (i.e. Junior & Senior Fellowships and Research Associateships); (ii) Short-term Visiting Fellowships which allow scientists to learn advanced research techniques from other well-established research Institutes in India; (iii) Short Term Research Studentships (for undergraduate medical students to encourage them to familiarize themselves with research methodologies and techniques); (iv) Financial assistance to MD/MS/DM/MCH thesis in priority areas of Biomedical Research: (50/Year) Financial assistance of Rs. 25,000/- is provided to candidates who are in the 2nd year of MD/MS course; (v) MD, Ph.D. Programme 25 slots /year: To identify young medical graduates with brilliant academic records for pursuing postgraduate qualifications & later to absorb them in its research cadre; (vi) Post Doctorate Fellowship Programme (50/ yr): To identify and support young Ph.Ds for the conduct of research using ICMR Institutes working for priority areas of Health Research and (vii) various Training Programmes and Workshops conducted by ICMR institutes and Head quarters.

Two broad lines of research endeavor are discernible in the ICMR in the last two decades (i) Application of available knowledge, under the prevailing socio-economic and cultural environment through Health Systems Research involving interdisciplinary efforts between

biomedical, social and behavioral sciences with epidemiology acting as a bridge; (ii) Application of the powerful tool of modern biology to search for the causes and also to unravel basic mechanisms and to identify risk factors leading to early diagnosis and development of new

Introduction to ICMR JRF

therapeutic agents including vaccines.

ICMR JRF Examination is the first step in the process of admission to the Ph.D/ Research Programme. Test for ICMR JRF fellowship conducted at the twelve centres viz. Bhopal, Bhubneshwar, Chandigarh, Chennai, Delhi, Kolkata, Mumbai Guwahati, Hyderabad, Sri Nagar, Bangaluru and Varanasi once a year on 2nd **Sunday** in July each year. The award of JRF is made on merit basis by holding an entrance examination after issuing a countrywide admission notice. The admission notice is published in leading English Newspapers of India usually during March/April.

ICMR in collaboration with PGIMER, Chandigarh will hold a National level examination on **Sunday, July 13th 2014** for determining the eligibility of Indian National candidates for the award of Junior Research Fellowships (JRF) through Indian Council of Medical Research. The award of Junior Research Fellowship to the successful eligible candidates will depend on their finding placement in a medical college / hospital / university / national laboratory / institution of higher learning and research as applicable.

- (I) A total of **150 Fellowships** would be awarded. (120 **fellowships** would be awarded for work in the field of **biomedical sciences** with emphasis on Life Sciences (like microbiology, physiology, molecular biology, genetics, human biology, biotechnology, biochemistry, bioinformatics, biophysics, immunology, pharmacology, zoology, botany, environmental sciences and veterinary sciences etc). 30(**Thirty**) **fellowships** would be awarded for work with emphasis on **Social Sciences** like psychology, sociology, home science, statistics anthropology, social work and health economics.
- (I-i) Two separate merit lists, one comprising the candidates qualifying for life sciences and the second for those candidates qualifying for social sciences, will be made on the basis of their performance in the above test.
- (I-ii) The candidates selected for the JRF programme of ICMR would be permitted to enroll themselves for the Ph.D. programme of any University **recognised by the UGC/MCI**. **The validity of fellowship awarded to a candidate will be six months.**
- (II) **Another 100 candidates** would be selected for consideration for positions of JRF under various research schemes of ICMR (subject to fulfilling the conditions for appointment under the schemes) for the duration of that scheme. These JRFs would also be permitted to complete Ph.D. while working in the scheme, if enrolled. **The validity of result will be two years for placement in ICMR funded projects.**
- (III) SC/ST/OBC/Physically Handicapped (PH) applicants will be given such special consideration as per policy guidelines.
- (IV) The successful candidates would be notified by post, Internet in the first week of **September, 2014**. The list would also be available on the ICMR website.
