- 3. Fixed cost per unit :
  - (a) Remains constant at all levels of output
  - (b) Varies with the changes in the level of output
  - (c) Both (a) and (b)
  - (d) None of the above
- 4. Cost of idle time arising due to non-availability of raw materials is :
  - (a) Charged to costing profit and loss account
  - (b) Charged to factory overheads
  - (c) Recovered by inflating the wage rate
  - (d) None of the above
- 5. Salary of a foreman should be classified as a :
  - (a) Fixed overhead
  - (b) Variable overhead
  - (c) Semi-variable overhead
  - (d) Direct cost

- 6. Apportionment means:
  - (a) Charging of overheads to cost centres
  - (b) Charging of overheads to cost units
  - (c) Charging of overheads to both cost centres and cost units
  - (d) None of the above
- 7. Which of the following items is not included in cost accounts?
  - (a) Interest received on bank deposits
  - (b) Dividends paid on share capital
  - (c) Debenture discount
  - (d) All of the above
- 8. Preference shares are those which enjoy preference :
  - (a) Over equity shares with regard to dividend and repayment of capital
  - (b) Over debentureholders with regard to dividend and repayment of capital
  - (c) In voting right over equity shareholders
  - (d) All of the above
- 9. In which of the following securities, it is more risky to invest ?
  - (a) Equity shares
  - (b) Preference shares
  - (c) Debentures
  - (d) Real estate
- 10. When company offers new shares to the existing shareholders on pro rata basis, it is called as:
  - (a) Preferential issue
  - (b) Rights issue
  - (e) Bonus issue
  - (d) Private placement

| 11. | Speculation | in  | stock | exchange | means | : |
|-----|-------------|-----|-------|----------|-------|---|
|     |             | 200 |       |          |       |   |

- (a) Investment in securities
- (b) Gambling in securities
- (c) Buying and selling of securities in the hope of making profit due to changes in prices
- (d) All of the above

# 12. Planning function of management is performed by :

- (a) Top management
- (b) Middle level management
- (c) Lower level management
- (d) All of the above

## 13. A plan when expressed in quantitative terms is known as :

- (a) Policy
- (b) Procedure
- (e) Objective
- (d) Budget

## 14. Decentralization has the effect of :

- (a) Lessening the burden on top executive
- (b) Increasing the burden on top executive
- (c) Does not affect the burden on top executive
- (d) None of the above

## 15. A positive leader is one who motivates people by :

- (a) Creating fear
- (b) Centralizing authority
- (c) Increasing their satisfaction
- (d) Holding the threats of loss of job

- 16. Directing function of management embraces activities of :
  - (a) Issuing of orders to subordinates
  - (b) Supervising subordinates
  - (c) Providing adequate leadership to subordinates
  - (d) All of the above
- 17. 'Unity of Command' principle of effective direction means :
  - (a) Subordinates should be responsible to one superior
  - (b) There should be unity amongst subordinates
  - (c) There should be unity amongst superiors
  - (d) A person can supervise a limited number of subordinates
- 18. General Manager had delegated authority to production manager for achieving budgeted production. Who is responsible for low production to Board of Directors?
  - (a) Production Supervisors
  - (b) Production Manager
  - (c) General Manager
  - (d) All of the above
- 19. Registration of Joint Stock Company is :
  - (a) Compulsory
  - (b) Optional
  - (c) Compulsory for public companies and optional for private companies
  - (d) Compulsory for companies with liability limited by shares and optional for companies with liability limited by guarantee
- 20. A private limited company:
  - (a) Must issue prospectus
  - (b) May not issue a prospectus but in that case it must file a statement in lieu of prospectus
  - (c) May neither issue prospectus nor file a statement in lieu of prospectus
  - (d) Must issue a prospectus and also file a statement in lieu of prospectus

| 21. | Which of the following documents defines the scope of the companactivities? |                           |  |  |  |  |  |  |  |
|-----|---|---------------------------|--|--|--|--|--|--|--|
|     | (a)   | Memorandum of Association |  |  |  |  |  |  |  |
|     | (b)   | Articles of Association   |  |  |  |  |  |  |  |
|     |   |                           |  |  |  |  |  |  |  |

- (c) Prospectus
- (d) Statutory Declaration
- 22. A prospectus means any document :
  - (a) Inviting deposits from the public
  - (b) Inviting offers from the public for the purchase of shares
  - (c) Inviting offers from the public for the subscription of debentures
  - (d) All of the above
- 23. 'Object Clause' of the Memorandum can be altered through :
  - (a) Ordinary resolution
  - (b) Special resolution
  - (a) Special resolution and confirmation by the Registrar of Companies
  - (d) Special resolution and confirmation by the Company Law Board
- 24. In calculating the Earning Per Share (EPS), the net profit after preference dividend is divided by:
  - (a) Number of equity shares
  - (b) Number of preference shares
  - (c) Number of equity plus preference shares
  - (d) None of the above
- 25. "Higher the Ratio, the more favourable it is". This does not apply to :
  - (a) Deltaratio
  - (b) Operating profit ratio
  - (c) Stock turnover ratio
  - (d) Total asset turnover ratio

Assertion : Debt-equity ratio indicates the long-term solvency of a company.

Reasoning: It measures the ability of a company to pay off its long-term liabilities.

- (a) Both assertion and reasoning are correct and reasoning correctly explains the assertion
- (b) Both assertion and reasoning are correct but reasoning does not explain the assertion correctly
- (c) Assertion is correct but reasoning is wrong
- (d) Both assertion as well as reasoning is wrong
- 27. Assets in the balance sheet of a company are arranged in the order of :
  - (a) Liquidity
  - (b) Permanence
  - (c) Book value
  - (d) Market value
- 28. 'Provision for tax' is shown in the liability side of a company's Balance Sheet under the heading:
  - (a) Reserves and surpluses
  - (b) Secured loans
  - (c) Unsecured loans
  - (d) Current liabilities and provisions
- 29. In the event of liquidation, the shareholders will be asked to contribute for paying liabilities and meeting liquidation costs to the extent of an:
  - (a) Unpaid amount on the shares held
  - (b) Amount fixed by the court
  - (c) Amount sufficient to pay all the liabilities and liquidation costs
  - (d) Not required to contribute any amount
- 30. Annuity is a contract between the insurer and the insured whereby:
  - (a) An insurance company agrees to pay a certain sum of money per year to the insured person
  - (b) An insurance company agrees to pay a lump sum amount to the insured person
  - (c) An insurance company agrees to meet all the expenses of the insured person
  - (d) All of the above

| 31. | An a        | dvertisement to sell a thing by auction is:                             |
|-----|-------------|---|
|     | (a)         | An offer  |
|     | (b)         | An invitation to offer  |
|     | (c)         | No offer at all   |
|     | (d)         | A contract  |
| 32. | S an        | d P go into a shop. S says to the shopkeeper, C, "Let P have the goods, |
|     | and         | if he does not pay you, I will". This is a:                             |
|     | <b>(11)</b> | Contract of guarantee   |
|     | (b)         | Contract of indemnity   |
|     | (c)         | Wagering agreement  |
|     | (d)         | Quasi-contract  |
| 33. | A ba        | tilee has :   |
| 25  | (a)         | A right of particular lien over the goods bailed                        |
|     | (b)         | A right of general lien   |
|     | (c)         | A right of both particular and general lien                             |
|     | (d)         | No lien at all over the goods bailed                                    |
| 34. | The         | doctrine of caveat emptor applies:                                      |
| i i | (a)         | In case of implied conditions and warranties                            |
|     | (b)         | When the buyer does not intimate the purpose to the seller and depends  |
|     |             | upon his own skill and judgment   |
|     | (c)         | When goods are sold by sample   |
|     | (d)         | When goods are sold by description                                      |
| 35. | Whi         | ch one of the following is India's Central Bank?                        |

NABARD

Bank of India

State Bank of India

Reserve Bank of India

- 36. A situation in which the general level of prices is steadily increasing is called as:
  - (a) Deflation
  - (b) Inflation
  - (c) Disinflation
  - (d) None of the above
- 37. Gresham's law states that :
  - (a) Bad money drives good money out of circulation
  - (b) Good money drives bad money out of circulation
  - (c) With the introduction of new coins, both good and bad money remains in circulation
  - (d) All of the above
- 38. Deflation is beneficial to:
  - (a) Debtors
  - (b) Consumers
  - (c) Traders and businesspersons
  - (d) All of the above
- 39. Auditing can be defined as :
  - (a) Preparation of books of accounts
  - (b) Examination of books of accounts
  - (c) Rendering expert advice to management regarding accounting matters
  - (d) All of the above
- 40. Internal auditor is appointed by :
  - (a) The management
  - (b) The shareholders
  - (c) The government
  - (d) The statutory auditor

- 41. The existence of a good system of internal check reduces to a great extent :
  - (a) The work of an auditor
  - (b). The liability of an auditor
  - (c) Neither work nor liability of an auditor
  - (d) Both work and liability of an auditor-
- 42. Where the provisions of the Companies Act are violated, the auditor must report the same to the :
  - (a) Central Government
  - (b) Board of Directors
  - (c) Managing Director
  - (d) Shareholders
- 43. Internal check is a part of the whole system of :
  - (a) Internal audit
  - (b) Internal control
  - (c) Annual audit
  - (d) Cost audit
- 44. Contingent liability is reported due to :
  - (a) Convention of full disclosure
  - (b) Convention of conservatism
  - (c) Convention of materiality
  - (d) Dual aspect concept
- 45. The cost of three small files (of Rs. 4 each) was charged to expenses when purchased even though they had a useful life of several years. This was done according to the:
  - (a) Cost principle
  - (b) Conservatism principle
  - (c) Going concern concept
  - (d) Materiality

- 46. Income and Expenditure Account is a :
  - (a) Personal account
  - (b) Real account
  - (c) Nominal account
  - (d) Suspense account
- 47. Admission fee received by a cricket club is :
  - (a) Revenue receipt
  - (b) Capital receipt
  - (c) Liability and to be shown in the balance sheet
  - (d) None of the above
- 48. The excess of dead rent over royalty means :
  - (a) Shortworking
  - (b) Surplus
  - (c) Shortworking recoverable
  - (d) Loss to landlord
- 49. Failure to pay an instalment by a hire purchaser to a vendor is to result in the:
  - (a) Repossession of the goods by the vender and the forfeiture of instalments already paid
  - (b) Repossession of the goods by the vendor and the return of instalments already paid
  - (c) Increase in selling price of the goods sold
  - (d) None of the above
- 50. Random sampling is one where
  - (a) every item of the universe has an equal chance of being selected in the sample
  - (b) only selected items of the universe are being selected for sample study
  - (c) both of the above
  - (d) none of the above

| 51. | Which   | of | the | following | are | used | to | measure | dispersion | in | а | given |
|-----|---------|----|-----|-----------|-----|------|----|---------|------------|----|---|-------|
|     | frequen | су | ?   |           |     |      |    |         |            |    |   |       |

- (a) Interquartile Range and the Quartile Deviation
- (b) Mean Deviation
- (c) Standard Deviation
- (d) All of the above
- 52. Partial Correlation reveals extent of relationship between :
  - (a) Two variables
  - (b) Three or more variables
  - (c) Both of the above
  - (d) None of the above
- 53. Standard Error of estimate enables to find the :
  - (a) Likely error in the estimated values of Y or X variable
  - (b) Estimated value of X variable with the help of Y variable
  - (c) Error in calculating the values of two or more variables
  - (d) All of the above
- 54. A statistical technique used to estimate the unknown values of Y variable corresponding to particular values of X variable is called as:
  - (a) Association of Attributes
  - (b) Interpolation
  - (c) Correlation
  - (d) Regression
- 55. A statistical technique of Regression Analysis is associated with :
  - (a) Karl Pearson
  - (b) Spearman
  - (c) Sir Fancis Galton
  - (d) None of the above

- 56. An assessee under the Income Tax Act of 1961 is a person :
  - (a) By whom income tax or other sum of money is payable under the Act
  - (b) In respect of whom any proceeding under the act has been taken for the assessment of his income or loss
  - (c) Who is assessable in respect of income or loss of another person?
  - (d) All of the above
- 57. Which one of the following does not qualify for deduction under 80C?
  - (a) Investment in the equity shares of any listed company
  - (b) Life insurance premium
  - (c) Contribution to the Retirement Benefit Pension Fund of UTI
  - (d) Term deposit for a period of 5 years or more
- 58. While computing income from house property, which one of the following is allowed as deduction under Sec. 24?
  - (a) Cost of repairs of house property
  - (b) Salary of liftman
  - (c) Interest on the capital borrowed for the construction of house property
  - (d) Electricity and water charges of the house property
- 59. Any sum of money exceeding Rs. 50,000 received without consideration by an individual on or after April 1, 2006 is chargeable to tax under the head:
  - (a) Income from salary
  - (b) Income from house property
  - (c) Income from other sources
  - (d) Income from business or profession
- 60. An agreement not enforceable by law is said to be :
  - (a) Void
  - (b) Voidable
  - (c) Unenforceable
  - (d) Illegal

#### M. Com.

- 1. Disclosure of Accounting Policies is envisaged in :
  - (A) IAS-1
  - (B) AS-2
  - (C) IAS-3
  - (D) IAS-4
- 2. Hire Purchase Price is equal to :
  - (A) Cash price
  - (B) Cash price plus interest charged
  - (C) Down payment made at the time of delivery
  - (D) Cash price less down payment
- 3. S. Collieries took from Punjab Brothers, a lease of a coal field for a period of 25 years from 1st April 1986 on a royalty of Rs. 25 per tonne of coal extracted with a dead rent of Rs. 2,20,000 a year with power to recoup short-workings during the first five years of the lease. The output in the first year ended 31st March 1987 was 2,000 tonnes. The amount of short-working for 1st Year was:
  - (A) Rs. 2,00,000
  - (B) Rs. 2,20,000
  - (C) Rs. 1,70,000
  - (D) Rs. 3,00,000
- 4. If stock worth Rs. 40,000 is insured only for Rs. 30,000 and if the loss amounts to Rs. 18,000, the claim admitted by the insurer as per average clause will be:
  - (A) Rs. 13,500
  - (B) Rs. 15,000
  - (C) Rs. 13,000
  - (D) Rs. 14,000

- 5. In case of Insolvency, the "list H" represents :
  - (A) Deficiency account in statement of affairs
  - (B) Assets in the balance sheet
  - (C) Revenues and expenses in Profit & Loss
  - (D) The income statement of an insurance company
- 6. The minimum issue of shares from (i) Preference shares to be redeemed Rs. 10,000; (ii) Premium on redemption 10%; (iii) Divisible Profit available Rs. 2,000; (iv) Fresh issue of equity shares is to be made at 25% premium, is:
  - (A) Rs. 10,000
  - (B) Rs. 8,000
  - (C) Rs. 9,000
  - (D) Rs. 11,000
- 7. The liquidity ratio implies:
  - (A) The ability of a company to pay long-term debt
  - (B) The profits generated by a company
  - (C) The ability of a company to generate income
  - (D) The ability of a company to pay short-term creditors
- 8. The following balance sheet is given to you:

| Liabilities                | Amount Rs. | Assets                | Amount Rs. |
|----------------------------|------------|-----------------------|------------|
| 1000 shares of Rs. 10 each | 10,000     | Fixed assets          | 5,000      |
| 100 Bonds @ Rs. 100        | 10,000     | Current assets        | 10,000     |
| Creditors                  | 5,000      | Profit & Loss Account | 10,000     |
|                            | 25,000     |                       | 25,000     |

From the above balance sheet, the intrinsic value of a share is :

- (A) Rs. 25
- (B) Rs. 20
- (C) Rs. 15
- (D) Rs. 10

- 9. The salary of 4 clerks for a period of 6 months before the relevant date was in arrears. If the salary of each clerk is Rs. 1,200 per month, the amount to be included in preferential creditors will be:
  - (A) Rs. 28,800
  - (B) Rs. 19,200
  - (C) Rs. 16,000
  - (D) Rs. 1,20,000
- 10. A purchasing company has agreed to issue one share of Rs. 10 each, Rs. 8 called up for every three shares in the Vendor Company. If there are 50,000 shares in the Vendor Company and the shares of the purchasing company are quoted at Rs. 18 in the market. The amount as purchase consideration shall be:
  - (A) Rs. 40,00,000
  - (B) Rs. 1,30,000
  - (C) Rs. 1,33,340
  - (D) Rs. 16,666
- 11. In case of Double account system, the term "clear profit" represents :
  - (A) Receipts from sale of energy less discount
  - (B) The difference between the amount of income and expenditure and reduced by specific appropriations
  - (C) Income earned less special appropriations
  - (D) None of the above

- 12. A company purchased an asset for Rs. 10,000. After 5 years, the book value of the asset is Rs. 5,000. The used asset was sold in the market and it fetched Rs. 3,000. The depreciation charged for 5 years was Rs. 5,000. The sunk cost of the asset is:
  - (A) Rs. 5,000
  - (B) Rs. 2,000
  - (C) Rs. 4,000
  - (D) Rs. 10,000
- 13. Telephone expenses through land-line (of BSNL) in India is a typical example of:
  - (A) Semi-variable cost
  - (B) Fixed cost
  - (C) Variable cost
  - (D) None of the above
  - 14. For computing costs of medicines in a pharmaceutical company, the company should apply:
    - (A) Job costing
    - (B) Process costing
    - (C) Batch costing
    - (D) Contract costing
  - 15. A company started production with 60,000 units in a month. The beginning inventory was 5,000 units (70% complete), and the ending inventory was 7,500 units (60% complete). If you are asked to calculate equivalent units under FIFO method from the above data, the equivalent units for the month would be:
    - (A) 60,000 units
    - (B) 50,000 units
    - (C) 58,500 units
    - (D) None of the above

|     |            | T-R  |             |                  |
|-----|------------|--|-------------|------------------|
| 16. | A ov       | ves B Rs. 1,000, but the debt is barred by | limitation. | A gives a letter |
|     | to B       | agreeing to pay him Rs. 500 on account o   | f the debt. | The agreement    |
|     | is :       |  | 2           |                  |

|     | <b>(B)</b> | Void                                       |             |                  |
|     | (C)        | Voidable                                   |             | 3                |

- (D) All of the above
- 17. According to Section 11, which one of the following persons is not incompetent to contract under Indian Contract Act, 1872 :
  - (A) minor
  - (B) person of unsound mind
  - (C) person disqualified by law to which he is a subject
  - (D) a person who has attained the age of 18 years
- 18. A, a teacher asked his student B to come to his home for tuition for a fee of Rs. 1,000 p.m. B was not willing to accept this offer, however, he felt the threat of shortage of attendance and agreed to A to attend the tuition for the agreed fee. Under the Indian Contract Act, 1872, it is the case of:
  - (A) Coercion
  - (B) Fraud
  - (C) Mistake
  - (D) Undue influence

| 19. | A gives a loan of Rs. 5,000 to B and C agrees to stand as a surety for repays | ment  |
|-----|---|-------|
|     | to the extent of Rs. 2,000. B fails to pay the whole amount. C is liab        | le to |
| 00  | the extent of:  |       |

- (A) Rs. 5,000
- (B) Rs. 2,000
- (C) Rs. 3,000
- (D) Rs. 1,000
- 20. Five of the seven shareholders of a public company got killed in an accident.
  The company:
  - (A) comes to an end
  - (B) does not come to an end
  - (C) becomes a private company
  - (D) becomes insolvent
- 21. A director of a company entered into a contract with an agency. The Director did not use the word "Limited" for his company while contracting with the agency on behalf of the company. In case of default:
  - (A) The company is liable to agency
  - (B) The agency cannot enforce the contract
  - (C) The director is personally liable to the agency
  - (D) The shareholders are responsible
- 22. An act, though legal in itself, performed by the company but not authorised by objects clause in memorandum of association/the statute is said to be :
  - (A) an illegal act
  - (B) an ultra-vires act
  - (C) an intra-vires act
  - (D) a doctrine of indoor management

- 23. A Public Ltd. Company issued an IPO. In the prospectus it had shown that the company has been making profit continuously for the past 4 years, while as it had only suffered losses. This misrepresentation is:
  - (A) immaterial
  - (B) material
  - (C) none of the above
  - (D) all of the above
- 24. A and B are two brothers. A purchased debentures with "Pari-Passu Clause" on 1st Jan. 2007. B purchased the debentures of the same rank on 1st Jan. 2008. The company becomes bankrupt and does not have sufficient funds to repay A and B. The company should:
  - (A) Pay A first as a preferential creditor
  - (B) Pay B first as a preferential creditor
  - (C) Pay A and B simultaneously and proportionately
  - (D) Not pay any of the brothers
- 25. For removing a director before the expiry of his term, according to section 284 of the Companies Act, 1956, the company needs to pass:
  - (A) an ordinary resolution
  - (B) a special resolution
  - (C) an extraordinary resolution
  - (D) a resolution requiring a special notice

- 26. OKR Company Ltd. has been declaring dividend for the past 10 years. This year, the company has recorded a loss of Rs. 10,00,000. But it wants to keep its shareholders in good humour. It can :
  - (A) declare dividends out of capital
  - (B) declare dividends by selling some of its assets
  - (C) not declare dividends
  - (D) declare dividends out of funds generated from loan
- 27. Mr. Atul, an auditor, has undertaken an in-depth examination to detect a suspected fraud in an enterprise. Mr. Atul has conducted:
  - (A) an audit
  - (B) a management audit
  - (C) a cost audit
  - (D) an investigation
- 28. If an item is considered to be material, the audit is to be conducted in such a manner that the audit risk related to that item is:
  - (A) high
  - (B) moderate
  - (C) low
  - (D) all of the above
- 29. As a cost auditor, you are restrained by the chief cost accountant to visit branches of the company arguing that sufficient vouchers are available in the head office. Under cost audit rules, your reaction should be:
  - (A) To insist to visit all the branches
  - (B) To accept the argument of the cost accountant
  - (C) To check all the vouchers in the head office and not to insist for the visit of the branches
  - (D) make a report on half information without mentioning about this insufficient information

- 30. In case of a bank, if there is a clash between the directive of the RBI and the accounting standard issued by the ASB, you as an auditor while auditing the bank accounts should accept:
  - (A) superiority of ASB and accordingly use it for audit
  - (B) superiority of RBI directive and accordingly use it for audit
  - (C) none of the above
  - (D) all of the above
- 31. Which is the appropriate measure of central tendency for the following data:

5, 3, 5, 2, 5, 4, 5 and 1?

- (A) Mean
- (B) Median
- (C) Mode
- (D) None of the above
- 32. If in any problem solved in your B.Com. examination the value of r obtained lies outside the limits ± 1, it implies that :
  - (A) there is no relation between two variables
  - (B) there is correlation positive/negative between two variables
  - (C) there is high degree of positive correlation
  - (D) there is some mistake in calculations
- 33. In case of Chain Base method, the base period :
  - (A) immediately precedes the period for which the index is sought
  - (B) is fixed
  - (C) is arbitrarily chosen
  - (D) none of the above
