

## HAL Interview Questions

1. what is weight of 5 rupee coin??
2. who is below never a chief justice of india ?
3. what is largest ISRO company in india?
4. who is player took 10 wickets in one test innings ?  
(in the list anil kumble not given)

technical que's:

1. binary number for 1001.1101?
2. decimal number for 19?
3. excess-3 code for 29?
4. speed-torque characteristics of dc motor?  
(some figures given)
5. quantization noise occurs in??(repeated question 2 times given)
6. schering bridge method used for measuring of??
7. prom based on networks are very very easy every body can ans...like calculate current in one resistor if 10 resistors are connected in parallel like that
8. if speed doubles, distance increases what is the torque in dc motor?
9. what is the value of  $A+1$  ?
10. what is instrument used in MIC instrument?  
a) galvanometer b) ammeter like that....
11. question about damping concept in PMMC
12. what is PAL full form??
13. what is the use for sweeping resistor in transistor??
14. question based on bootstrapping concept.
15. rms current in half wave rectifier?
16. what is form factor?(some ratios are given)
17. prob on tree branches concept
18. range of radio telemetry
