I.T. - the new direction of every
contemporary profession

Strong Career Boosters for Every Individual at UPTEC

UPTEC, the 3-time winner of the coveted National Award 'Award for Excellence in Electronics' conferred by Ministry of IT & Communications, Govt. of India for Human Resources Development, offers a multi-dimensional portfolio of front-ranking I.T. programmes tailored to enhance prospects in various frontline career streams- be it I.T., or any I.T. supported career stream like accountancy, engineering design and architecture etc. No matter what your career aspirations, at UPTEC, you can find a course to empower your career.

As a booming industrial sector and a prime mover of all other sectors, I.T. is generating jobs by millions in today's globalized economy at local, regional, national and international levels. Thus, whatever your chosen set of professional skills, augmenting it with the latest I.T. skills that complement and enhance your core competencies, will help your career grow at a rapid pace.

UPTEC's programme portfolio has following I.T. courses:

Hardcore I.T. Education :

- Authorized certification courses of world's leading I.T. majors
- Govt. recognised DOEACC courses
- Undergraduate and postgraduate university degree courses

Allied Sectors using I.T. on a massive scale :

Accounting Sector :

- Computerized Accounting using Tally.ERP 9

Computer Aided Design & Development Certifications:

- Mechanical Engg.
- Electrical Engg.
- Civil Engg.
- Architecture
- Design Documentation & Management

UPTEC also offers on-line e-testing and e-learning services. While the former helps aspirants of leading competitive examinations, the latter offers e-tutorials to I.T. students.

Along with such crème de la crème courses, UPTEC also offers its students multiple advantages such as impressive credibility in job market, well-equipped hi-tech education centres, highly qualified faculty and active placement support.

UPTEC has thrice received the coveted National Award 'Award for Excellence in Electronics' from Ministry of I.T. and Communications, Govt. of India, for developing quality human resources in the field of I.T.

IT Industry is poised for major growth :
Get Ready to Make Gains in Your Career

I.T. : India's Growth Engine Industry

Worldwide the IT industry is booming. In India, things are even brighter. International market research organisations have predicted maximum growth in the IT, ITES and I.T. supported sectors, particularly the Accounting and Engineering Design & Development sectors. The latest NASSCOM Strategic Review 2012 gives credence to this upcoming trend.

Sectors Poised For Maximum Growth

I.T. Sector

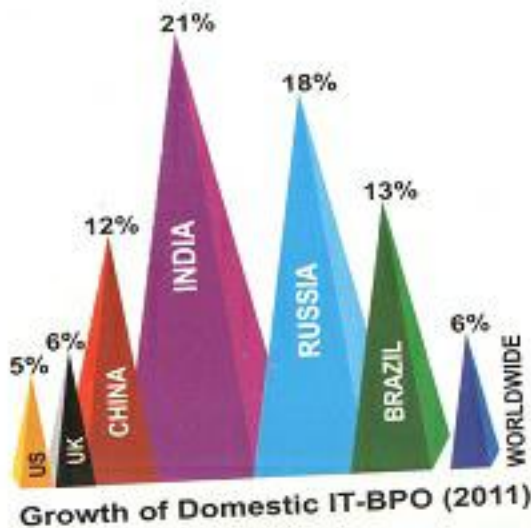

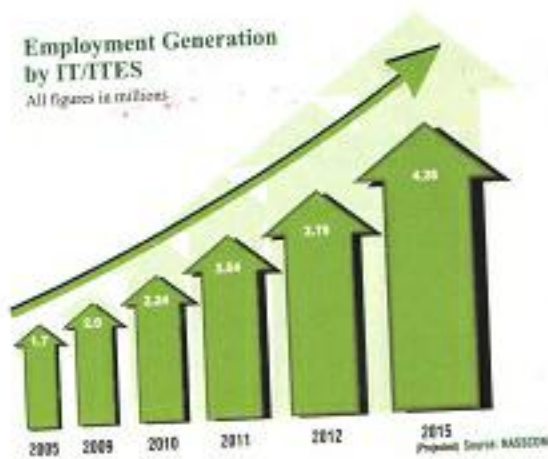

Accounting Sector

Engineering Design

- In FY 2012, Indian IT-BPO industry's aggregate revenues are slated to cross the significant milestone of USD 100 billion. Of which, the aggregate IT software and services revenue (excluding hardware) is estimated at USD 88 billion.
- With an addition of 230000 employees, the direct employment by IT-BPO sector is slated to reach nearly 2.8 million. Plus, the indirect job creation is estimated at 8.9 million.
- As a proportion of the national GDP, the IT-BPO sector's revenues have grown from being 1.2% in FY 1998 to 7.5% in FY 2012. Corresponding figures of exports from India have grown from 4% in FY1998 to 25% in FY 2012.
- Propelled by 2.2 million strong work force, the Indian IT-BPO sector's export revenue (excl. hardware) in FY 2012 is likely to grow by 16.3 % to reach USD 69 billion.
- The domestic IT-BPO revenue (excl. hardware) in FY 2012 is expected to grow at 17% to reach Rupees 918 billion.
- The domestic segment of the IT-BPO business is expected to grow a 13-16% in FY 2013.
- The exports from the IT-BPO sector are expected to grow at 11-14% in FY 2013.
- The Global and Domestic markets in India for I.T. software and services are expected to grow at 12-15% to reach USD 100 billion by FY 2013.
- By FY 2020, Indian IT-BPO industry's revenues are expected to grow to USD 225 billion with additional revenues of upto USD 135 billion.

Employment Generation by IT/ITES
All figures in millions

By 2020, the addressable market for global outsourcing will triple in size from USD 500 billion today to USD 105-106 trillions. Revenues from 80% of this increment will be driven by opportunities outside the current core markets, verticals and consumer segments.

-NASSCOM

90% jobs in IT & ITES sector are skill based and require training. At present only 6% workforce receives such training.

-An ASSOCHAM Report (December 2010)

As is obvious, there is dearth of suitably skilled manpower in the IT industry. The demand will increase continuously in the coming years. Hence, this is the perfect time for budding professionals to gain state-of-the-art and market-friendly IT skills sought by the prospective employers and make major gains in their careers.

UPTEC's Diverse Activities

Signing of JV agreement with Inspur

Joint Venture in China

Recognizing the strengths of UPTEC's Training Methodology, Inspur - the second largest I.T. company in China, has set up a joint venture with UPTEC to set-up I.T. education centres and software development activities all across China. In addition, this JV is in the process of creating Education Cloud in China using Inspur cloud platform. UPTEC is lending e-learning support through its e-learning services www.teachmate.in to students & trainers in China.

Venture in Mauritius

UPTEC has entered into an agreement with National Computing Board (NCB), Govt. of Mauritius, to launch a co-branded website for e-learning and e-testing for Mauritian and African geography.

UPTEC Computer Consultancy Ltd., one of the premier I.T. companies in Northern India, was promoted as a joint venture by the major public sector undertaking, U.P. Electronics Corporation Ltd (A Govt. Undertaking) in collaboration with seasoned I.T. professionals and management gurus with comprehensive work experience in leading Institutions such as IIMs, IITs, IBM and Bell System (USA). It is dedicated to providing total I.T. solutions to individuals and organizations through its major divisions.

PROFESSIONAL EDUCATION DIVISION

Focus : I.T. education and training

Associations : Microsoft, Cisco, Red Hat, Oracle, EC-Council, Autodesk, DOEACC, Integral University, SVSU, IGNOU, UPRTOU

Excellence In All Varied Facets

SOFTWARE DEVELOPMENT DIVISION

Focus : Development of software solutions

Expertise : e-learning solutions, multi-media programming, web-based solutions, mock tests' website for competitive examinations.

CONTENT DESIGN & DEVELOPMENT

Focus : I.T. books, courseware, interactive CDs, websites.

Products : Yaksha CDs, Abhigyan CDs, I.T. books for school and college students & advanced IT professionals.

IT PRODUCTS & SERVICES

Focus : Hardware and Networking solutions
Enterprise : UPTEC has the largest chain of HP showrooms in this part of the country.

WEB BASED SERVICES

www.teachmate.in, an innovative on-line service extensively used by UPTEC in China, offers top-of-the-line professional education and self-assessment programmes via the e-learning mode. Teachmate's portfolio includes Tally.ERP 9, DOEACC's CCC, 'O' & 'A' Levels, engineering and I.T. courses alongwith university degree programmes such as BBA, BCA, MCA, diploma courses and International I.T. Certifications.

Teachmate is extremely helpful to teachers also. Teachmate provides standardized material which continuously updates the relevant learning objects of the universal knowledge bank in the form of presentations, instruction material and assignments to enhance lecture quality.

Testmate is a web-based competitive examination preparation and assessment service in collaboration with the leading global publisher, McGraw-Hill. In this venture, UPTEC is the technology partner and McGraw-Hill Education is the content partner. Now an aspirant for competitive examinations such as IIT-JEE, CAT, AIPMT, IAS, CDS, CA-CPT etc. can simply log on at www.testmate.in and get assessed by specially created mock-tests that have been drawn from a massive databank of relevant, objective-type questions.

Education Division

Infrastructural & Institutional Strengths

UPTEC has evolved itself as an I.T. company of outstanding excellence by keeping its focus squarely on achieving impeccable quality. Thus in 19 years of its operations, UPTEC has expanded by setting up self-owned centres only, so that the quality of education could be maintained to the highest standards. Today the company has the largest network of self-owned centres and has emerged the clear leader in I.T. education segment in the cities of its presence.

- Based on its outstanding quality in providing I.T. education and results in All India DOEACC Examinations, all UPTEC centres have been rated A+ (Excellent)/A (Very good) by the DOEACC, an autonomous body of Dept. of I.T., Govt. of India.
- UPTEC has a wide network of self-owned, accredited, multi-education centres in Lucknow (5), Kanpur (2), Varanasi (1), Allahabad (1) and NOIDA(1) – all leading cities of Uttar Pradesh.
- Computer labs at all its centres are equipped with the most advanced computing facilities and operate in a network environment supporting latest Windows, LINUX and UNIX Servers, CISCO Routers & Firewalls for security. The continuously upgraded and enhanced infrastructure also incorporates high speed LAN and internet facilities, providing access to Open Source Softwares (OSS), Visual Studio, Visual Studio.NET, ASP.NET, VB.NET, C#, Java, ORACLE Developer6i/9i, Adobe creative softwares like Photoshop, Illustrator, Dreamweaver, Flash and Captivate as well as Microsoft office products, MS Project, AutoCAD, 3dsMax etc.
- UPTEC has a team of highly qualified and dedicated I.T. professionals as its faculty.
- UPTEC is always ahead in offering training on latest computing platforms such as cloud computing, Microsoft AZURE.
- UPTEC is an education partner of Microsoft, Red Hat, Cisco & Oracle in this region since 1999 and is fully authorized to conduct their respective I.T. courses.
- UPTEC is an AutoCAD® Authorised Training Centre (ATC) by Autodesk (the Creators of AutoCAD) for delivering authentic instructor-led training.
- UPTEC is an Authorised Tally Education Provider.

- Global I.T. certification holders from UPTEC with their fully authorised and authentic I.T. skills from I.T. megacorps enjoy an edge in a globally competitive job market.
- UPTEC's Lucknow centre is authorised for on-line GMAT testing, the only one in UP & Uttarakhand.
- UPTEC is a recognised leader in DOEACC programmes. It's large network of self-owned accredited centres is unmatched.
- UPTEC has the largest study centre of IGNOU in India for computer courses.
- UPTEC students regularly secure top positions in the DOEACC's All India Examinations.
- UPTEC provides intensive pre-placement training and placement support.

Support Through

TEACHMATE, an innovative on-line e-Learning & e-Testing service, that's extensively used by UPTEC in CHINA and is now also available in India. It offers e-learning and e-testing contents covering all subject areas of Information Technology.

TEACHMATE helps students, professionals and general computer users to learn, practice and enhance their computer and I.T. skills through following features:

- Self-paced interactive lessons
- Videos
- Practice tests.

TEACHMATE also helps teachers to conduct their classes effectively. In conventional methodology, the quality is dependent on the knowledge of the teacher and his/her ability to explain in the class. Teachmate provides standardized material which compiles, collates and updates the relevant learning objects using the contents of the universal knowledge bank on continuous basis. Teachmate makes these available to the teacher in the form of presentations, instruction material and assignments to enhance lecture quality.

The students also have access to these contents in the form of lectures/lab sessions and self-assessment to ensure effective learning and high retention.

Self-learning programs on Teachmate :

Teachmate offers on-line classes for practically all I.T. related courses. These courses can be learnt at one's own pace, place and convenience simply by signing in Teachmate on-line. Besides all hardcore I.T. courses, the following programs are also available :

- **Tally.ERP 9 - A Complete Course**
(English & Hindi versions)
- **MS Office - Made Easy**
(English & Hindi versions)
- **Internet 4U**
- **Advance MS Excel**

Joining Hands With The Best

In League With The World's Best

UPTTEC is an eminent institution that's spread over several major cities and has a number of associations with distinguished companies. An education partner of the world's leading IT companies, it offers fully authorized IT courses of Microsoft, Red Hat, Oracle, Autodesk, Cisco and EC-Council. UPTTEC also offers university degree programmes in I.T. It is also the recognised leader in providing government recognised DOEACC's O & A level programmes.

Microsoft Partner

Silver Learning

- Offers MCITP (Server 2008 & Enterprise Administrator & Networking) & MCPD certifications on .NET 2010.
- Microsoft Certified Partner for Learning Solutions, since 2000.

ORACLE WORKFORCE
DEVELOPMENT PROGRAM

- Offers Oracle DBA & Developer Tracks.
- Oracle's Authorised Education Partner since 1999.

- Offers CCNA, Network Security certifications.
- A Cisco Network Academy since 2003.

OPEN SOURCE TECHNOLOGY PROGRAM

- Offers RHCE & RHCSA certifications.
- A Red Hat Training Partner since 2004.

Autodesk

Authorized Training Center

- Offers AutoCAD Certified Associate and
- AutoCAD Certified Professional Certifications

DOEACC O/A/B LEVEL ACCREDITED CENTRE

- 'O' level, 'A' level and 'B' (MCA) level programmes on offer.
- DOEACC's associate since 1994.
- India's largest chain of self-owned DOEACC education centres.

UPTec offers EC Council's globally renowned, reputed and recognised courses in Computer Security.

- Diploma in Ethical Hacking (DEH)
- Advanced Diploma in Ethical Hacking & Forensic Investigation (ADEFI)

- Graduate & Post Graduate degree courses. BCA, BBA, B.Com., B.A., M.Sc. (Comp. App.), MCA, MBA, PGDCA.
- IGNOU's associate since 1997.
- IGNOU's largest study centre for I.T. courses in India.

- Authorised On-line Testing Centre for U.P. & Uttarakhand for leading international examinations such as GMAT since 2005.
- Authorised to conduct On-line examinations such as AutoDesk, Oracle, CISCO, Adobe, SAP, EMC, Linux Professional Institute Testing (LPI), Citrix Systems, ISA, HP, VMware etc.

PROMETRIC

- Authorised to conduct online examinations of Microsoft, CompTIA, Black Berry Certification (RIM), CA technologies, EC-Council, Fujitsu-IT License, Juniper Networks, SNIA, The Open Group etc.
- Authorised Prometric Testing Centre since 2001.

The Assurance Of Quality

Impeccable Rolls Of Honours

INSTRUCTIONAL SOFTWARE RESEARCH AND DEVELOPMENT

UPTEC has established a separate Instructional Software Research and Development (ISRD) group to continuously research and develop new instructional and learning materials including e-learning courses, books, course transparencies, lecture notes, lab assignments, exercises and home assignments. This division has successfully published over 44 computer books and 31 CDs including textbooks for school students and for DOEACC courses.

This division has also developed and provided contents in the form of self-learning courses, instructional material, lab assignments, home assignments and assessments to "Teachmate"- the e-learning portal by UPTEC.

PUBLISHING PARTNER TO GLOBAL PUBLICATION HOUSES

UPTEC is providing content for books and CDs to reputed publishers like McGRAW-HILL Education India, ELSEVIER etc.

COMMENDATION CERTIFICATES

Also, the DOEACC Society has awarded 'Commendation Certificates' to UPTEC Computer Consultancy Ltd. several times for being adjudged as one of the most meritorious institutes to conduct the DOEACC- accredited 'O' and 'A' level computer courses. Almost all UPTEC Centres have been rated as 'A+' (Excellent) or 'A' (Very Good) by DOEACC Society, Dept. of I.T., Ministry of Communications & I.T., Govt. of India.

These awards authenticate UPTEC's incessant drive to give only the best to its students.

ISO 9001 : 2008 Certified Organisation

All education centres of UPTEC and Content Design and Development activity of UPTEC have been awarded the prestigious ISO 9001:2008 certification that further authenticates the company's focus on quality in all aspects.

Personality Development Inputs

Comprehensive Exposure

UPTEC has consistently striven to develop complete professionals having a sincere and hardworking attitude with a high level of contemporary knowledge. To help inculcate these characteristics, co-curricular activities are given due importance.

Periodically, eminent personalities (academicians/industry leaders) are invited to deliver special lectures to the students on the topics of professional interest. This gives new insights as well as inspires and motivates the students.

A monthly e-bulletin, IT Happens, is designed, created and published in-house with active collaboration of students. It features new technological breakthroughs, information about new courses, popular information oriented websites and other related trivia.

An I.T. festival that focusses on the interesting and innovative applications of Information Technology, organized with active help of students, IT Euphoria is a much awaited annual feature of the UPTEC activity calendar.

Along with these, UPTEC also regularly organizes quiz competitions, debates and project competitions etc. at the batch/programme level.

Placement Assistance

Empowerment At All Fronts

Towards the completion of the chosen programme of study, each candidate receives comprehensive training on Personality Development and Communication Skills. This includes :

- Effective resume preparation
- Mock interviews
- Group discussion sessions
- Personality development workshops
- Intensive English Speaking classes.

PLACEMENT TRAINING

Placement Assistance

To assist in placement, a database of resumes of interested students is compiled and then suitable resumes are filtered and forwarded to various companies as per their specifications. These companies then invite shortlisted candidates for interviews and recruitment.

PLACEMENT INPUTS

Vacancies' Notification

UPTEC keeps track of all relevant recruitment advertisements published in newspapers, business magazines and those hosted on recruitment websites. This information is regularly conveyed to the students to help them secure better jobs after the completion of their courses.

Powering Leading Corporates

UPTEC firmly believes in building a bridge between the pool of students and the corporate world. This is achieved by the constant interaction with the leaders of industry and by involving them in activities like overall guidance, curriculum design and review, guest lectures, project work support, student evaluation and sponsorship.

Not surprisingly, ex-UPTECies are valued employees in almost all leading business organisations, in India and abroad.

As UPTEC has a wide and multi-level portfolio of diverse courses, students get several opportunities to upgrade their qualifications and skill banks. The Placement Cell provides support to its students at every step.

Cloud Computing & Windows Azure Program

The New Emerging Computing Paradigm

Windows Azure from Microsoft is an intuitive, reliable and robust technology platform for creating Web Applications and Services for Cloud Computing. It is an internet-based computing solution where resources are pooled & distributed. It opens up new career opportunities for Engineers & I.T. professionals.

UPTEC offers the following courses in Cloud Computing :

Cloud Essentials

A comprehensive course on Cloud Computing Technologies

Eligibility : Basic knowledge of computers and internet

Duration : 01 Month

Web Development with Azure

Become a Microsoft Certified Professional (MCP)

Eligibility : Knowledge of Programming with ASP.NET

Duration : 01 Month

Highlights :

- Introduction to Cloud Computing
- Working with Cloud
- Windows Azure - Various Services
- Key Features
- Components
- Windows Azure Storage and its forms i.e. tables, blobs & queues
- Building & Deploying Applications & Services on Windows Azure platform
- Microsoft SQL Azure Database

Career Avenues :

- I.T. Service Provider Companies
- I.T. User Organizations planning to adopt Cloud.
- Application Development.

Sun Java Certifications

Java is the most preferred of all the languages by the world computing community due to its wide range of features which provide portability, simplicity and security.

Sun Certified Java Professional (SCJP)

Duration : 80 Hrs.

Now : Oracle Certified Professional Java Programmer

Eligibility : Engineering Students/I.T. Professionals

Contents:

- Object Oriented Programming
- Arrays
- Classes & Interface
- Exceptions
- Assertions
- Collection & Maps
- I/O Fundamentals, Console I/O & File I/O
- Threading & Multithreading.
- Control Flow Statements

Carrying a combination of theory and practical components for SCJP exam, it provides in-depth understanding and actual experience of the language. Extremely useful in this current market scenario.

ORACLE CERTIFICATIONS

ORACLE WORKFORCE DEVELOPMENT PROGRAM

Oracle Corporation is the world's second biggest software company and the largest database information management software organisation as well. It has pioneered the concept of internet computing and is also one of the leading ERP solutions provider globally.

UPTeC is one of the oldest education partner of Oracle since 1999 and is a member of ORACLE Workforce Development Programme.

Eligibility :

CISCO NETWORKING PROGRAMS

Duration : 6 Months

The most technically advanced programmes

Cisco is the world leader in networking and internetworking technologies with a global market share exceeding 55%. Cisco certified professionals are recognised worldwide and get premium job openings.

UPTEC is CISCO's Authorised Networking Academy since 2003.

CISCO Certified Network Associate (CCNA)

CCNA Certification track is a comprehensive course covering all concepts and implementations of various networking and internetworking technologies and topologies.

CCNA Discovery Content

1- Networking for Home and Small Businesses

2- Working at a Small-to-Medium Business or ISP

3- Introducing Routing and Switching in the Enterprises

4- Designing and Supporting Computer Networks

UPTEC, the best institution for CISCO Certifications

- An authorised Networking Academy.
- Regularly updated web-based curriculum supervised by Cisco Certified Academy Instructors.
- Hands-on experience on Cisco and other Network devices.
- Continuous on-line performance appraisals to evaluate a student's progress.
- Access to Cisco's protected documents.
- Industrial Certificate and grade book from Cisco every successful student.
- Authorised VUE Testing Centre.

Career Prospects

- Network Engineer
- Network Administrator
- Security Engineers
- Network Managers
- Network Designer
- Network Management Associate
- Technical Consultant Officer (TCO)
- Internetworking Service Providers

ADVANCED DIPLOMA PROGRAMMES IN CYBER SECURITY & ETHICAL HACKING

Computers around the world are systemically being victimised by rampant hacking. This hacking is so flawless that the victim does not even realize unless all his valuables are actually stolen.

Time has come when organizations take preemptive measures against malicious attacks by deploying Ethical Hackers.

UPTEC now brings EC Council's globally renowned reputed and recognised courses in computer security.

Diploma in Ethical Hacking (DEH)

Duration : 6 months Study hours : 220 hrs.

**Includes EC-Council's CEH IT Certification
(Approved by US Department of Defence)**

Eligibility :

Students of BE/BTech/MCA/BCA / A Level/Diploma in Computers who want to make a career in Cyber Security & Professionals who want to specialize in Cyber Security

COURSE CONTENTS

Contains 67 modules including :

- Introduction to Ethical Hacking
- System Hacking
- Phishing and Identity Theft
- Hacking Email Accounts
- Hacking Web Servers
- Hacking Wireless Networks
- Linux Hacking
- Writing Virus Codes
- Hacking Routers, Cable Modems and Firewalls
- Mobile Phone and Handheld Devices (PDAs) Hacking
- Bluetooth Hacking
- Internet Content Filtering Techniques
- Privacy on Internet-Anonymous
- Securing Laptop Computers
- Creating Security Policies
- Data Loss Prevention
- Threats and Countermeasures

Advanced Diploma in Ethical Hack & Forensic Investigation (ADEFI)

Study hours : 220 hrs. Duration : 6 months

**Includes EC-Council's CHFI IT Certification
(Approved by US Department of Defence)**

Eligibility :

DEH (Diploma in Ethical Hacking)
For those who are looking for a career in Cyber Security Forensic Investigations of Cyber Crimes

COURSE CONTENTS

Contains more than 35 modules including :

- Computer Forensics in Today's World.
- Computer Investigation Process
- Computer Forensics Lab
- Understanding Digital Media Devices
- Windows/Linux Forensics
- Computer Forensics Tools
- Forensics Investigations Using Encase
- Network Forensics and Investigating Logs
- Router Forensics
- Investigating Internet Crimes
- Tracking E-mails and Investigating E-mail Crimes
- Blackberry/iPod Forensics

Certificate In Wireless Network Security (CWNS)

Includes Wireless & Global IT Certification

Duration : 3 months Study hours : 80 hrs.

Certificate In Online Security (COLS)

Includes Security & Global IT Certification

Duration : 3 months Study hours : 80 hrs.

Certificate In Desktop & Network Security (CDNS)

Includes Global ECSS IT Certification

Duration : 3 months Study hours : 80 hrs.

Advantage UPTEC

☞ Access to company portal ☞ Vouchers for free online exam ☞ Security Tool Kit

AutoCAD

• Mechanical Engg. • Civil Engg. • Electrical Engg. • Architecture

UPTEC OFFERS AutoCAD Certification Programs, Direct From AUTODESK, The Creators Of AutoCAD

AutoCAD, created by a US I.T. giant - Autodesk, is the world's most preferred computer aided designing software widely used by architects, designers, engineers, project managers and CAD/IT managers. AutoCAD certified professionals are most sought after in the designing industry. Accelerate your Civil/Mechanical/Electrical Engg. or Architecture Degree's value with AutoCAD Certifications from UPTEC - the AutoCAD Authorised Training Partner.

Certifications

- ♦ AutoCAD Certified Associate
- ♦ AutoCAD Certified Professional

Benefits at UPTEC

- ♦ UPTEC is an AutoCAD® Authorised Training Centre (ATC®) of Autodesk (the Creators of AutoCAD) for delivering authorised, instructor-led training.
- ♦ At UPTEC, effective teaching and training of technical skills is ensured through hands-on, job-related exercises. This is further supported by rigorous feedback from trainer.
- ♦ At UPTEC, you get AutoCAD Authorised courseware with comprehensive lessons and exercises.
- ♦ At UPTEC, you get Autodesk Assessment Exams and Autodesk Practice Tests that prepare you thoroughly for AutoCAD certification exams.
- ♦ UPTEC is the recognized leading IT educator in this part of India authorised to offer premier IT certifications of many other global IT majors like Microsoft, Oracle, Cisco and RedHat.

Authorized Training Partner

Course Content

- ♦ BASIC GEOMETRY (LINE, ARC, CIRCLE, ELLIPSE, POLYGON, ETC)
- ♦ MODIFIERS (COPY, ARRAY, MIRROR, ROTATE, SCALE, TRIM)
- ♦ HATCHING
- ♦ TEXT AND DIMENSIONING
- ♦ CONCEPT OF LAYERS
- ♦ WORKING WITH BLOCK
- ♦ EXTERNAL REFERENCE
- ♦ DRAWING STANDARDS
- ♦ ELECTRONIC TRANSMITTAL
- ♦ WORKING WITH SHEET SETS
- ♦ LAYOUT MANAGEMENT (Prepare Drawings for Print)
- ♦ CREATING CUSTOM FILES (HATCH, LINETYPE, SHAPES, FONTS)

Diploma In Computer Applications

DCA

Diploma In Computer Applications

The recruitment in banking industry is on an all time high albeit with a difference certifying working knowledge of computers from a reputed and recognised institute has become a made mandatory for recruitment in both Clerical and Officer's (POs) cadre.

I.T. Skills In-line with Banking Jobs

UPTEC offers **Diploma Program in Computer Applications**, a part-time computer course for job aspirants in Banking Industry that imparts necessary I.T. skills desired by the banking industry.

The written examination for recruitment in banks carries about 40 questions for clerical cadre and 50 questions for PO cadre which are based on Computers. DCA brightens the prospects of your selection through e-Learning (on-line) support for learning, lab exercises and self assessment/ practice sessions for preparation of the competition available through Teachmate.

A Professional Diploma
Programme to Power

DCAC

DIPLOMA IN COMPUTERISED ACCOUNTING

Using

Tally.ERP 9

Computerized accounting professionals find lucrative job opportunities at local as well as national levels. As all business accounting is done using computers, rightly trained computerized accounting professionals can easily secure jobs with Malls, Retailers, Educational Institutions, BPOs at local level and Telecoms, Banks, Insurance Companies, NGOs etc. at national level.

Designed as a part-time course,
it can easily be pursued alongside
regular college classes.

25%
questions in the
written examination for
recruitment in banks are on
computer & computer
based Accounting.

Advantage DCAC

- Students of DCAC will also get a 'CCC' (Course on Computer Concepts) Certificate from DOEACC Society, Govt. of India on clearing DOEACC's CCC examination. CCC is recognized by many State Governments including Uttar Pradesh for getting jobs and career promotion.
- Tally.ERP 9 is the latest Computerized Accounting Program most widely used by large and medium organizations worldwide.
- Students of DCAC will get excellent course material including Tally Authorised Curriculum & Education version of Tally.ERP9 software.

CHiP~NeT

Course in Hardware and Networking Technology
With inbuilt CCNA Certification from CISCO

Duration : 1 year

CHiP~NeT is a comprehensive course covering latest global hardware technologies, concepts & implementation of various networking, internetworking technologies and topology.

- Hardware and network technologies, conceptual and practical knowhow.
- Training in installation, maintenance, troubleshooting and upgradation of systems and networks.
- Students also receive CCNA Certificate from CISCO, a globally acclaimed I.T. Certification that opens up opportunities at international levels.

CHiP~NeT
provides in-depth knowledge of :

- ISP and their services
- Network Topologies over wired & wireless
- Networking and internetworking devices (CISCO Router and Switches and Wireless Routers)
- Implementation of LAN and WAN (PPP, ISDN, D Frame Relay etc.)
- Routing Protocols (RIP, EIGRP, OSPF, BGP)
- VLAN switching
- IP preservation techniques including subnetting, VLSM, CIDR, NAT, PAT, DHCP and Ipv6

Contents

Semester-1

- Computer fundamentals
- Basic Electronics & Concepts
- Hardware Concepts
- Software installation and troubleshooting
- Networking Concepts
- Open source software : Linux
- Laptop Maintenance
- Data Transfer to/from Mobile

Semester-2

CCNA Certification

- Networking for home and small businesses
- Working at a small-to-medium businesses or ISP
- Introducing routing and switching in the enterprises
- Designing and supporting computer networks

Go for CHiP~NeT.
Ensure a rewarding career.

Job opportunities

- Networks Engineer / Administrator / Manager / Designer
- Security Engineer
- Network Management Associate
- Technical Consultant Officer (TCO)

Authorised
Tally
Curriculum
Tally.ERP 9

Original Tally Authorized Course Material
and
Latest Tally Software
will be provided to each student free of cost.

**FAST TRACK
SUMMER COURSES
IN COMPUTERS FOR
SCHOOL STUDENTS**

UPTEC brings fast track summer courses in computers for the students of classes IX, X, XI and XII. The student can enroll and finish the entire syllabus in less than one month. Thus the student develops more expertise in computers and gets more time for other subjects during the academic year.

The Coverage : Syllabus as per CBSE/ISC/ICSE
Duration : One Month.

**COM POWER
COURSES**

Compower courses are customized programmes consisting of short-term computer courses, tailor-made to meet the computer training requirement of individual customer on "ONE STUDENT - ONE INSTRUCTOR" basis in 'anytime and anywhere' mode. These are designed to help students, businessmen, housewives, professionals and in fact any person seeking proficiency in computers.

Course :

- MS-Office
- Internet And Web Surfing
- Tally
- AutoCAD
- 'C' Language
- C++
- JAVA
- .Net Courses
- Web page designing
- C++ Object Oriented Programming
- ORACLE
- Training programmes can also be arranged as per specific needs.
