## **From the Desk of Chairman, CCB-2011**

It gives me great pleasure to extend a warm note of greetings to all the successful candidates of AIEEE 2011 and invite all the eligible candidates to participate in the CCB admission process. I am writing this to highlight the important changes in the admission procedure that have been made in this year's counselling process as compared with that of the previous year.

About 11 lakh students have appeared for AIEEE this year and our endeavor has been to make the counselling and admission process as candidate friendly as possible so as to reduce the anxiety and inconvenience associated with the admissions. Online counselling was started in the year 2009 and was further modified in the year 2010. This year's counselling also would be online, with certain modifications compared to 2010 process. It would involve five rounds of seat allotment followed by a spot admission round. This modification has been introduced to ensure that vacancies at the end of counselling process is brought to a minimum. This year, the process is designed in such a way as to permit candidates to alter their choices after third and fourth rounds as well as to make electronic fee payment. To facilitate counseling process, more Reporting / Help Centres have been added.

There are different types of participating institutes, viz., NITs, Central/State Government Funded Institutions and Self Financed Institutions in which admissions are being done through CCB. The list of participating institutes are given in the CCB website along with links to individual institutes. Candidates are advised to do a due diligence regarding the participating institutes with regard to the courses offered, fee structure and other relevant facts, before filling choices of institutes and courses during counselling. Last year, a merit award of Rs. 35000/- per annum was instituted for all candidates whose rank was between AIR 1-2000, and who took admission in NITs and other Central Government Funded Institutions. This award is being continued this year also.

All candidates are advised to read the brochure carefully and understand the process clearly before undertaking registration and choice filling. An attempt is being made to provide an online web/power point based tutorial in English and Hindi to explain the online process, so as to enable all the eligible candidates to make use of the online process effectively. CCB wishes that candidates make judicious choices thereby ensuring that the counselling process concludes smoothly. Candidates after getting an allotment in any one of the institutes are requested to take timely decision, so that in case they vacate the seat, the same can be offered to other eligible candidates.

CCB would bring out important and relevant information from time to time for smooth implementation of counseling. All such information that is periodically updated would be available on CCB website [www.ccb.nic.in](http://www.ccb.nic.in). Candidates should frequently visit this website, as well as the website of the institution which they are planning to join.

I take this opportunity to wish you the very best in your professional career and future endeavors.

Dr. Sandeep Sancheti  
Chairman, CCB (AIEEE-2011)

## 1 INTRODUCTION

The Ministry of Human Resource Development, Government of India took a policy decision in 2002 to conduct an All India Engineering Entrance Examination (AIEEE) annually, doing away with many of the large number of entrance examinations that were being conducted till then by various institutes in the country for admission to undergraduate degree programmes in the disciplines of Engineering / Technology and Architecture / Planning. This initiative has been widely accepted and appreciated.

A Central Counselling Board (CCB) constituted by the Govt. of India coordinates admissions to UG degree programmes in engineering, technology and architecture in respect of select institutions (hereinafter called '**Participating Institutes**'). This year's CCB has been constituted with Director, National Institute of Technology Karnataka, Surathkal, as its Chairman. The Office Memorandum of Ministry of HRD, Govt. of India is placed as Annexure V in this brochure.

30 NITs, 5 IITs / IIITM / IIITDM, 13 Central / State Government funded institutions and 23 Self Financed Institutes will admit candidates on the basis of their performance in AIEEE 2011, to the first year of Engineering / Technology and Architecture / Planning programmes through a centralized counselling procedure, for the academic session 2011 – 12.

Important features of the admission procedure, fee refund rules, admission schedule, list of Reporting Centers, list of Participating Institutes with total number of seats, fee structure and contact addresses, seat distribution in the institutions etc. are given in this brochure. Candidates are advised to read this brochure carefully and visit our website [www.ccb.nic.in](http://www.ccb.nic.in) regularly for updates and for details regarding the entire online admission process.

The entire process consists of four stages:

1. **Online registration:** In this process, all candidates eligible for central counselling should register themselves for online counselling in the CCB website during from **June 11 to 23, 2011** from places convenient to them. Spot Round registrations can be done during **August 11 to 13, 2011**.
2. **Online choice filling and locking of choices:** After registration candidates will be able to exercise their branch/institute choices on CCB website using Internet from **June 11 to 23, 2011** from places convenient to them.
3. **Online Seat Allotment and personally reporting to a Reporting Center:** Candidates will be offered seats based on their choices in the order of merit (AIEEE All India Rank) over multiple rounds of allotment. Candidates who are allotted a seat (i.e. offered admission) will report to any one of the 'Reporting Centers' during the time frames specified, get the documents verified and pay the initial fee to mark their acceptance of the offer of seat and exercise upgrade **Options**, if required. They will also be issued a provisional admission letter.
4. **Getting Admitted to Allotted Institute:** Candidates are required to physically present to the Institute where the candidate is getting admitted (hereinafter called '**Allotted Institute**') after verification of all original documents as per the procedure of the admitting institute.

In case of any dispute arising out of the counselling process at any stage up to the final allocation of institution and / or branch, the decision of Chairman, CCB (AIEEE-2011) shall be final. The jurisdiction for legal disputes, if any, will be limited to the High Court of Karnataka or Supreme Court only.

For smooth functioning of admission procedure resulting into maximum number of candidates getting admission to the course and institute of their choice and minimizing the number of vacant seats, Chairman CCB appeals to the candidates to carefully follow the admission procedure given in this brochure. The procedure offers enough flexibility at every round of allotment and candidates are urged to co-operate by not prolonging their final decision on admission after seat allotment. This will facilitate in catering to the needs of larger number of candidates seeking admission through CCB.

However they will be permitted to participate in the Spot Round, for which they have to again register during **August 11 to 13, 2011**.

## 2.5 Internal Sliding

After five rounds of allotment, 'internal sliding' amongst candidates admitted in an institute will be conducted, on **August 9, 2011**. The sliding is based on the choices / preferences filled in by candidates at the time of getting admitted to the institute. ## 3 ADMISSION PROCEDURE

The admission process broadly involves the following FOUR stages:

- i) Online registration
- ii) Online choice filling and locking
- iii) Online Seat Allotment and personally reporting to a Reporting Center
- iv) Personally getting admitted in the Allotted Institute

### 3.1 Online Registration - Round I to V (June 11 to 23, 2011)

In this stage, all candidates declared 'eligible' on the basis of AIEEE-2011 results are required to register **Online** through Internet ([www.ccb.nic.in](http://www.ccb.nic.in)) from places convenient to them.

**Arrangement of Help Centers is being made at most of the Participating Institutes for guiding the candidates. Candidates may seek guidance at these institutes during working hours (normally 9.00 AM to 5.00 PM) and complete their registration, choice filling and locking. The list of these institutes is given in Section 10 and Section 11.**

**Note: A video presentation of the registration and choice filling/locking process has been made available to all candidates when they visit CCB website for doing online registration. It is strongly advised that all candidates should watch this video which details the procedure to be followed. Only after watching this video, candidates should proceed to do the actual registration and choice filling/locking.**

The procedure to be followed is described here.

1. Access the website [www.ccb.nic.in](http://www.ccb.nic.in) and click on “**Registration**”.
2. The names of the two streams - Engineering and Architecture - will appear on the computer screen; click on the desired stream.

3. Register as a new candidate by clicking on “**New candidate!! Register here**” link. Read the instructions given on the screen and click on “**Register**”.

4. Register by entering the information (as indicated in the AIEEE Admit Card) against the following fields:

- (a) Name
- (b) Roll number
- (c) Application number
- (d) Date of Birth

**Note:** Candidate should ensure that, this data should be entered exactly as per AIEEE admit card. For name field, capital and lower case letters should be entered as printed in the Admit Card /Score Card. Corrections in the name, if any, cannot be entered at this stage.

- Candidates will be permitted to proceed with the registration process, only if these data entered by them match the data as available with the AIEEE-2011 database of CBSE. The candidates will be required to key in a password.
- The password must consist of EIGHT characters and must be a combination of alphabets (lower or upper case), numeric characters and special characters. (Passwords are case sensitive. That means ‘A’ and ‘a’ will be treated as different characters. An example of a valid password is: aBC1#23\$)
- For subsequent logins, candidates will be able to login directly with their respective Roll Number as Login ID and the chosen password as Password. Candidates should remember to log out at the end of their session so that the choices saved cannot be tampered with or modified by unauthorized persons.
- Candidates are advised to record/remember their password for all future logins.
- Candidates are advised not to disclose or share their password with anybody. Neither CCB nor NIC is responsible for violation or misuse of the password of a candidate.
- If a candidate forgets his/her password, the additional information provided by the candidate at the time of registration will be used to issue a new password. Hence, it is mandatory for every candidate to enter the required additional information as indicated in the registration form at the time of registration.
- Candidates can change their passwords after login, if desired.

5. After login, the personal data of the candidates (as per the AIEEE-2011 data base) will be automatically displayed on the screen. Candidates must verify their personal data. In case of any discrepancy, candidate will be allowed **only once** to correct the data in respect of category, sub-category, etc. in the following ways:

- Category can be changed from (SC/ST/OBC) to 'OP' but not vice versa.
- Sub Category can be changed from SCPH to SC, STPH to ST, OBCPH to OBC and OPPH to OP, but not vice versa.
- 'State from which eligible' can be changed so as to be consistent with candidate's documents and certificates. (See Section 6.5)
- Change of gender is permitted if wrongly mentioned.
- Candidates must indicate their address for correspondence. Candidates may also enter their phone number, mobile number, email id etc. These contact details should be entered correctly. CCB may need them for urgent communication with the candidate.

6. Changes in the following fields are not permissible under any circumstances

- i. Candidate's name
- ii. Mother's name

- iii. Father's name
- iv. Date of birth

**Note:**

1. Candidates may take a printout (hard copy) of the registration form containing the above personal data.
2. It is solely the responsibility of the candidates to verify that their personal data, including category, subcategory, state of eligibility, gender etc. are consistent with documentary evidence. **Change of category and sub category may result in change of status of the eligibility of a candidate as declared at the time of the AIEEE results.** CCB/NIC is not responsible for any omissions in the details and its consequences thereafter.
3. **If the personal data submitted / entered by a candidate is found to be wrong at the time of verification of certificates either during reporting or at any later stage, the allotment of seat/provisional admission is liable to be cancelled.**
4. Once these personal data are verified and submitted, candidates will not be allowed to change the personal data under any circumstances.

### 3.2 Online Choice Filling and Locking (June 11 to 23, 2011)

In this stage, all the registered candidates are required to exercise their choices of branches and institutes in order of their preference for these branches / institutes. The procedure is detailed here.

1. The procedure for exercising choices and seeking pertinent information is guided through appropriate messages and tabs on the computer screen.
2. As per the eligibility of the candidate, available seat information relating to institutions, disciplines (Engineering / Technology and Architecture / Planning), branches (e.g., Electronics Engineering, Computer Science, etc.) will be displayed.
3. Candidates can fill in as many numbers of choices in the order of preference as they wish from the list of available seats.
4. Candidates are permitted, if they so desire, to change or re-order their choices, delete earlier choices and add new choices any number of times until they lock their final choices. Choices should be positively locked before 5.00 PM of **June 23, 2011**.

**Note:** Candidates are suggested to view the video for choice filling available on the CCB web site.

#### 3.2.1 Indicative Seat Availability (MOCK Counselling) (June 11 to 22, 2011)

Based on the number of registered candidates who have submitted their choices at any given time, the system will be able to provide an idea of the seats that candidates may be offered. This indicative seat availability ('mock counselling') is to help the candidates to finalize the most appropriate choice of discipline, institution and branch for their rank, state and category.

The indicative seat availability will be displayed at regular intervals during **June 11 to 22, 2011** on the CCB website. Candidates are advised to visit the CCB website regularly for this purpose.

All candidates are strongly advised to register and fill their choices during the above period so that they get to know which seats are likely to be available to them.

**The final allotment of seat in the allotment rounds may be different than the indicative seat availability. Hence candidates are advised to fill choices carefully based on their interest and willingness.**

### 3.2.2 Locking of the Choices (June 18 to 23, 2011)

Candidates MUST lock their choices only after they have finalized them but, in any case, before **5.00 PM of June 23, 2011**. The locking of choices involves a few steps after the LOCK button is clicked. This includes entering the password, confirming the locking, etc. Candidate should follow all the steps carefully to complete the locking procedure.

After the choices are locked, candidates will not be able to change their choices any further. A printable version of the choices along with the terms and conditions agreed by the candidate at the time of registration is displayed once the choices are locked. Candidates must take a printout (hard copy) of the locked choices, (which also contains terms and conditions) sign it and produce it at the time of reporting to the Reporting Center.

If candidates fail to explicitly lock their choices by **5.00 PM of June 23, 2011**, their last saved choices will be automatically locked after this deadline. Candidates are therefore strongly advised to lock their choices themselves and secure a printout of these locked choices. Registered candidates who do not exercise any choices or fail to save them will not be considered for admission and seat allotment. Candidates can login again after locking the choices; **the locked choices will be displayed but cannot now be modified or altered.**
