These characters, called “Captchas,” are a safety feature designed so the computer knows a human is entering the voucher number and not a computer program. If you have trouble reading the characters, you can click the audio icon or the refresh icon. Once you have entered the Captchas, click on “Begin My Registration.” This will take you to the next section, which is “Create a Profile.”

The 'Personal information' section includes fields for Gender, Nationality, Category, and Date of birth.

Successful Submission of the Application

Once you complete the Application and choose the “I agree” button, all your information will be entered and saved into Prometric’s computerised data entry system. This could take several minutes. Please **Do NOT** close this window while your information is being saved.

After your information has been successfully saved, a copy of your application will be emailed to you within 24 hours to the email address specified by you.

You can now move on to Schedule your test.

3. Schedule test

Once your application has been successfully submitted, you can continue the online process to schedule an appointment to take the CAT unless you are a DA candidate who has selected support requirements for the test. You will be asked to choose a site and pick an available date and time at that site.

The CAT may be taken during the window of **22 October – 18 November 2011**. There will be two sessions each day – at **10 a.m.** and at **3.15 p.m.**

Select Location for the Test

When choosing a test site location, you will see “State / Union Territory” followed by a white box with an arrow at the end. Click on the arrow and scroll down to see a list of the states and territories where the CAT will be given. Click on the state or territory where you would like to take the CAT. Next, you will see a list of the test site locations available. Click on “Schedule appointment” under the site of your choice.

Select date and time

Once you choose your site, you must choose the date you want to take the CAT. You will only be able to select dates highlighted in blue. If a date in the test window is not shown, it means that all available testing sessions at that site for that date have already been filled. Once you choose the date, you will need to choose the 10 a.m. session or the 3.15 p.m. session. If either of these two times does not appear, it means all available testing seats for that time have already been filled.

If a site no longer has any available dates, you may use the blue "Back" button at the bottom of the screen to search for other sites.

Once you have made your site, date and time selections, you must click the "Save & Finish" button at the bottom of the screen.

The Testing Process

You will take the CAT on a computer at the test centre you selected during the Scheduling part of the online registration process. You do not need any computer experience or typing skill to take your test. Your CAT examination will begin with a short tutorial on the test and its features.

You must arrive **one-and-a-half hours (1.5 hours)** before your scheduled appointment. This allows time for you to sign in and for staff to verify your identification and documentation.

You will need to bring the following items with you to the test centre:

1. **Admit Card.** You must bring your Admit Card with you to the test centre. You will not be allowed to test without it.
2. **Required Identification.** You must present an original, valid (non-expired) form of photo identification before you can test. The name on the photo identification must match your name as entered in the CAT registration. Acceptable forms of photo identification are limited to: driver's license; passport; PAN card; voter ID; college ID (supported with a valid ATM/Debit/Credit Card with your name); employee identification card; or a notarized Affidavit with photo, signature, date of birth and residential address. Photocopies of the original are not acceptable. If in doubt, bring a notarized Affidavit.

Note: If you do not present an appropriate photo identification, you will not be allowed to take the CAT.

3. If you are a candidate belonging to the SC/ST category and paid the discount fees, please bring a valid document as proof of your SC/ST eligibility. Without proper documentation, you may not be permitted to take the test.
