COUNSELLING GUIDE

INDEX

Note : - Though full care has been taken while preparing this guide, it is advised to all the students to see the counselling brochure issued from IIT JEE office. That guide consists of every minute detail of various courses.

PREFACE

Apart from all enthusiasm, zeal and enchantment enriched thoughts what plays in the mind of an IIT aspirant is the chilling darkness of the other side of the victory, the mind throbbing questionnaire piercing through inner slices of the mind "what branch will suit me best ?" Which Institute should I opt?

Hence comes an opportunity for us to share with you our time tested and wide spread experiences gained by us on accord of umpteen number of our students already studying at IIT's & those in jobs. One should rightly start thinking of the choices he/she has, and for which is needed a decision, to be taken by analysing deeply following points -

✦   Scope of the branch in India
✦   Scope of branch abroad
✦   Your future plans
✦   Geographic constraints
✦   Reputation of chosen branch at the Institute
✦   Educational Environment of the Institute
✦   Placement status of the Institute

The best choice is always the optimum choice which must not be the only choice you have to fill up in the form. Make a preferential order list of branch and Institute and fill all possible choices in order of your preference Always remember' *There are many a slips between a cup and lips*'

At this juncture we emphasize on some important information which should be born in mind

1.   The date of counselling and venue is such fixed that every qualified candidate has to be present for counselling according to his AIR and category even if he/she does not receive the letter

2.   The choices given by the candidates, during this session are final and cannot be changed at all at a later time. Candidates in their own interest must fill sufficiently large number of choices in the order of preference. As the allotment is based purely on All India Rank and choices given, candidates who fill less number of choices may not get any seat in any institute.

3   The date of counselling of a candidate can not be postponed or preponed for any reason what so ever & such request should not be made

4.   In case a candidate is not able to attend in person because of serious illness. he/she can authorise in writing his/her parent or guardian to attend this session as per the schedule and fill in the required forms on his/her behalf. However, he/she must sent a medical certificate from a Registered Medical Practitioner to that effect. The parent or guardian must also bring all the required documents.

5.   Give as many choices as can be given by you otherwise your may not get a seat on accord of lack of devices filled

6.   At the time of couselling if you find some difficulties while giving choices, then call us on
       09001799501 (Mr. Pramod Maheshwari) or 09001799592 (Mr. Shailendra Maheshwari)

We wish and pray for your success
Best of Luck !

INTRODUCTION OF INDIAN INSTITUTE OF TECHNOLOGY

The Indian Institutes of Technology (IITs) are institutions of national importance established through an Act of Parliament. These Institutes play a leading role in technological manpower development and have excellent research programmes. The admissions to the Undergraduate Programmes for all Indian and Foreign nationals at these institutions are made through the Joint Entrance Examination (JEE).

Institute of Technology, Banaras Hindu University (ITBHU), Varanasi is one of the oldest institutions devoted to education in various engineering disciplines. Indian School of Mines University (ISMU), Dhanbad, is the oldest institution of its kind in India. The admissions to the Undergraduate Programmes at these institutions are also made through JEE.

All these institutions are known for providing quality education in science and technology and for research in frontier areas. The environment at these institutions is highly conducive for
• building a solid foundation of knowledge,
• development of personality, confidence building, self discipline and pursuit of excellence,
• enhancement of creativity, motivation and drive.

All of the above it help to prepare the students admitted to these institutions for successful professional and social lives. Today, alumni of these institutions occupy key positions in industry and academia in India and abroad. Each Institute has well-equipped, modern laboratories, state-of-the-art computer networks, well stocked library and access to digital library resources. Teaching methods rely on direct personal contact between the teacher and the students and the use of traditional and modern instructional techniques. Students live in a pleasant and intellectually stimulating environment with people having similar goals and aspirations and which is an exciting and unique experience.

Credit-based academic programmes offer flexibility to students to progress at their own pace. A minimum level of performance is necessary for satisfactory progress. The medium of instruction is English. These institutions offer courses leading to Bachelor's degree in a number of engineering, technological and scientific disciplines. M.Sc. Integrated courses in pure and applied sciences and M.Tech. Integrated courses in a few disciplines are also offered by most of these Institutes. In addition, most institutes offer Dual Degree M.Tech. programmes wherein both B.Tech. and M.Tech. degrees are awarded at the end of the programme.

COUNSELLING PROCEDURE

1. Counselling

The details of courses available in participating institutes are given in APPENDIX-7. Some institutes may offer new courses not listed in the appendix. Information regarding these courses will be available at the time of counselling. The seats in various courses of the institutes (IITs, IT-BHU and ISM Dhanbad) are allotted strictly on the basis of the AIR, category rank, and the choices of each qualified student submitted either On-line or Off-line at the time of counselling. The details of the counselling and admission procedure will be published in the JEE websites and in the Counselling Brochure.

The results of JEE are also being used by other institutions for admissions to their courses / programmes. The names of these institutions will be published in the JEE website at a later date. Therefore JEE provides performance data for these institutions. Candidates should contact these institutions directly for admission.

2. Physical Fitness

Candidates who qualify in JEE-2010 will have to submit a physical fitness certificate from a registered medical practitioner in the prescribed format that will be made available at an appropriate time. Candidates will be admitted only if they are physically fit for pursuing a course of study at the participating institutes.

3. Requirements for Mining courses

Those who opt for Mining Engineering and Mining Machinery courses should make sure that they do not have any form of colour blindness. They will be required to submit a certificate from a registered medical practitioner to this effect at the time of counselling/admission. The standards of visual acuity with or without glasses will be adhered to strictly for candidates seeking admission to Mining Engineering as per DGMS Circular 14 of 1972. Persons with one-eyed vision are not permitted to work underground. Candidates with the above limitations are not allowed to opt for admission to Mining Engineering or Mining Machinery Engineering.

4. Female candidates for Mining courses

Section 46 (1) of the Mines Act, 1952 states that "No woman shall, notwithstanding anything contained in any other law, be employed (a) in any part of a mine which is below ground, (b) in any mine above ground except between the hours 6 a.m. and 7 p.m.". Hence, female candidates are not

admitted to Mining Engineering and Mining Machinery Engineering at ISM, Dhanbad, whereas the corresponding programmes at IIT Kharagpur and IT-BHU, Varanasi, have no such restriction.

5. Aptitude test for B. Arch. and B. Des.

Candidates desirous of joining the B. Arch. (Architecture) and B. Des. (Design) courses will be required to qualify in an aptitude test to be conducted at each counselling institute on June 10, 2010.The test will consist of one paper of three hours duration from 09.00 AM to 12.00 noon. Candidates have to qualify in the Aptitude Test to become eligible for admission to either B. Arch. or B. Des. courses. Question papers for aptitude test for B. Arch. and B. Des. will be in English only. Candidates can register for this Aptitude test On-line after May 26, 201 0.They must appear for the test on June 10, 2010 at the institutes where counselling will be held.

FILLING OF VACANT SEATS BY THE INDIVIDUAL INSTITUTES AFTER ADMISSION THROUGH COUNSELLING OF JEE-2010

Each of the participating institutes will take measures to fill up the seats which fall vacant in the respective institutes. Candidates who are allotted seats through JEE-2010 should register at the respective institutes on the day of registration. Failing which the seat allotted to him/her will treated as unfilled. Such unfilled seats will be first re-alloted with in the institutes among the candidates who have already registered in the institutes on the basis of their Ranks in JEE-2010 (students will "slide up" within the institute to fill up the vacant seats). The seats which remain vancant in the institute after this process will be filled up by the institute by selecting candidates from the list of the institutes. Notifications to this effect will be made in websites of the respective institutes at appropriate time. *Pleas note that all allocations will be based on the choices given by the candidates at the time of counselling. Further, any candidate who is allotted a seat in an institute in the second round will no be eligible for any further allotment.*
