GRE Test Center and Score Recipient Code Lists

The *GRE Test Center and Code Lists* publication is available at www.ets.org/gre/stupubs.

Copies of the *GRE Test Center and Code Lists* are available through ETS or its representatives and at many local educational advising centers, universities, and libraries outside the United States and Canada.

The Graduate Record Examinations (GRE) and the GRE Search Service are administered by Educational Testing Service under policies determined by the GRE Board, an independent board affiliated with the Association of Graduate Schools (AGS) and the Council of Graduate Schools (CGS). The GRE Board and Educational Testing Service are dedicated to the principle of equal opportunity, and their programs, services, and employment policies are guided by that principle. If state legislation that affects the GRE tests is enacted and becomes effective during the 2009–10 testing year, testing may be curtailed in the states in which the new laws would apply. GRE scores are not the property of the examinee even though the use, reporting, and cancellation of scores are subject to various rights and restrictions as indicated in this *Bulletin*. The policies and procedures explained in this *Bulletin* are effective only for the 2009–10 testing year (July 1, 2009, through June 30, 2010) and supersede previous policies and procedures. ABOUT THE GRE[®] TESTS

General Test

The General Test is offered as a computer-based test in the U.S., Canada, and many other countries. Paper-based General Test administrations are offered in areas of the world where computer-based testing is not available.

The General Test measures skills that have been developed over a long period of time and are not necessarily related to any particular field of study. The test is composed of Verbal Reasoning (V), Quantitative Reasoning (Q), and Analytical Writing (AW) sections. Typical testing time is listed below.

Computer-Based General Test

- V:** 30-minute section—30 questions
- Q:** 45-minute section—28 questions
- AW:** two sections—one writing task per section:
 - Present Your Perspective on an Issue—45 minutes
 - Analyze an Argument—30 minutes

Paper-Based General Test

- V:** two 30-minute sections—38 questions per section
- Q:** two 30-minute sections—30 questions per section
- AW:** two sections—one writing task per section:
 - Present Your Perspective on an Issue—45 minutes
 - Analyze an Argument—30 minutes

In addition, an unidentified V or Q section that does not count toward a score may be included. Be sure to complete all V or Q sections since you will not know which ones will be counted as part of your score. An identified research section that is not scored may also be included in the computer-based General Test.

Free test preparation material available at www.ets.org/gre/greprep describes the test in more detail and provides information to help you understand the scores you earn. Information about new and reformatted question types included in the computer-based GRE General Test is available at www.ets.org/gre/newquestiontypes.

- ▶ Individuals in the U.S., Puerto Rico, and Canada who register for the computer-based General Test are advised to download the free *GRE POWERPREP[®]* software available at www.ets.org/gre/greprep to prepare for the computer-based GRE General Test. Those who do not have Internet access and would like a copy of *POWERPREP* sent to them should contact GRE (see page 7).
- ▶ Individuals outside of the U.S., Puerto Rico, and Canada who register for the computer-based General Test more than two weeks in advance of their test date will be sent *POWERPREP* software. Those who register less than two weeks in advance of their test date are advised to download the free *POWERPREP* software at www.ets.org/gre/greprep to prepare for the computer-based General Test.
- ▶ Individuals who register for the paper-based General Test will be sent a free test practice book.

Subject Tests

The Subject Tests are paper-based tests in eight subject areas. Subject Tests measure achievement in specific subject areas and assume undergraduate majors or extensive background in those disciplines. Testing time is 2 hours and 50 minutes.

Individuals who register for a Subject Test will be sent a free practice book that includes content topics covered in the test and detailed test specifications, a full-length test and answer key, and information to help them understand the scores they earn. This free material and additional test preparation material is also available at www.ets.org/gre/greprep.

Brief descriptions of the Subject Tests follow:

B22 — BIOCHEMISTRY, CELL AND MOLECULAR BIOLOGY

The test consists of approximately 180 questions and is intended for students who are interested in graduate programs in biochemistry, cell biology, and molecular biology, along with related programs such as microbiology and genetics. The questions are distributed among three subscore areas: Biochemistry (36%), Cell Biology (28%), and Molecular Biology and Genetics (36%).

B24 — BIOLOGY

The test consists of approximately 200 questions that are about equally divided among three subscore areas: Cellular and Molecular Biology, Organismal Biology, and Ecology and Evolution.

C27 — CHEMISTRY

The test consists of approximately 130 questions designed to cover much of the content of the chemistry courses completed by students before the middle of the senior collegiate year. The questions are classified approximately as follows: analytical chemistry (15%), inorganic chemistry (25%), organic chemistry (30%), and physical chemistry (30%).

C29 — COMPUTER SCIENCE

The test consists of approximately 70 questions and is intended for students who plan to seek a graduate degree in computer science and who have taken courses in computer science at least to the level of an undergraduate major in computer science. The questions are classified approximately as follows: software systems and methodology (40%), computer organization and architecture (15%), theory and mathematical background (40%), and other topics, such as artificial intelligence, cryptography, and social issues (5%).

L64 — LITERATURE IN ENGLISH

The test consists of approximately 230 questions on literature in English from the British Isles, the United States, and other countries. It also contains a few questions on major works, including the Bible, in translation. Factual questions test a student's knowledge of writers typically studied in college courses. Interpretive questions test a student's ability to read passages of poetry, drama, fiction, and nonfiction prose perceptively; such questions may address meaning, use of language, form and structure,

ABOUT THE GRE® TESTS (continued)

literary techniques, and various aspects of style. The questions are classified as follows: literary analysis (40–55%), identification (15–20%), cultural and historical contexts (20–25%), history and theory of literary criticism (10–15%). In addition, the literary-historical scope of the test is as follows: continental, classical, and comparative literature through 1925 (5–10%); British literature to 1660, including Milton (25–30%); British literature 1660–1925 (25–35%); American literature through 1925 (15–25%); American, British, and World literatures after 1925 (20–30%).

M68—MATHEMATICS

The test consists of approximately 66 questions and is intended to measure both the knowledge of the content of undergraduate mathematics courses for mathematics majors and the mathematical abilities traditionally expected of those who intend to seek a graduate degree in mathematics. In addition to the usual sequence of elementary calculus courses, the examinee should have had mathematics-major courses in abstract algebra, linear algebra, and real analysis that require students to demonstrate the ability to prove theorems and create counterexamples. The questions are classified approximately as follows: calculus (50%), algebra (25%), and other topics (25%). The other topics may include: discrete mathematics and algorithmic processes, differential equations, topology and modern geometry, complex analysis, probability and statistics, logic and foundations, and numerical analysis.

P77—PHYSICS

The test consists of approximately 100 questions, most of which relate to the first three years of undergraduate physics. Topics include classical mechanics (20%), electromagnetism (18%), atomic physics (10%), optics and wave phenomena (9%), quantum mechanics (12%), thermodynamics and statistical mechanics (10%), special relativity (6%), and laboratory methods (6%). The remaining 9% of the test covers advanced topics such as nuclear and particle physics, condensed matter physics, and astrophysics.

P81—PSYCHOLOGY

The test consists of approximately 205 questions drawn from courses most commonly offered at the undergraduate level. Most of the questions are distributed between two subscore areas: Experimental Psychology (40%), including learning, language, memory, thinking, sensation and perception, and physiological; and Social Psychology (43%), including clinical and abnormal, lifespan development, personality, and social. The remaining 17% of the questions test other topics, such as history, industrial-organizational, and measurement and methodology. The test's total score includes the questions in all three categories.

GRE SERVICES

GRE Search Service

The GRE Search Service matches prospective graduate students with participating graduate schools and fellowship sponsors. If you match the recruitment profile of a participating institution/organization, you may be sent information about graduate programs, admission requirements, financial aid opportunities, fellowships, and other graduate education opportunities. It's a great way to broaden your search and hear about graduate programs you might not have known about or considered.

You will be given the option to register for the Search Service on the day of your computer-based GRE General Test or when you register for the paper-based GRE General Test or a GRE Subject Test. You may also register for the Search Service only at www.ets.org/gre/stusearch.

When you participate in the Search Service, your background information, contact information, and broad score ranges into which your test scores fall will be added to the Search Service database so that participating institutions can locate you. Information provided to participating schools does not include individual GRE test scores. To learn more about the service, visit www.ets.org/gre/stusearch.

GRE ScoreItNow!™ Online Writing Practice

This online service provides performance feedback on the Analytical Writing section of the GRE General Test. You can compose and submit two essays online for \$13 and get immediate scores on your

responses, review sample responses, receive suggestions for improving your essay writing skills, and more. For more information, visit www.ets.org/scoreitnow.

Practicing to Take the GRE General Test, 10th Edition

This publication is available for \$21 (plus shipping) and contains Verbal and Quantitative sections from seven paper-based GRE General Tests, including one test with explanations. It also includes test-taking strategies, score conversion tables, and a math review for the Quantitative section. The Analytical Writing section contains two tests, sample questions, test-taking strategies, scoring criteria, sample essay responses, and reader commentary. To purchase this publication, visit the ETS store at www.ets.org/store or contact ETS (see above).

ETS® Personal Potential Index (New)

The ETS® Personal Potential Index (ETS PPI) is a web-based system for evaluating six key personal attributes of applicants that graduate deans and faculty have identified as essential for graduate study. The six dimensions are Knowledge and Creativity, Communication Skills, Teamwork, Resilience, Planning and Organization, and Ethics and Integrity. ETS PPI allows you to provide prospective graduate programs with a more complete picture of your potential to succeed in graduate school because it provides information about a broader range of your capabilities than are captured in grades, test scores, and recommendation letters.

GRE SERVICES (continued)

The ETS PPI will be available to everyone who registers for the GRE General Test beginning in May 2009. GRE test registrants will be able to send up to four ETS PPI evaluation reports at no additional charge. The ETS PPI is also available to individuals who are not planning to take the GRE General Test for a fee of \$20 per report. The ETS PPI process is very simple and straightforward.

- ▶ The applicant logs in to the ETS PPI system and identifies evaluators to complete an evaluation.
- ▶ ETS sends an e-mail to the evaluators with a link to the ETS PPI system.
- ▶ The evaluators log in to the ETS PPI system, rate the applicant on the six personal attributes specified above, and provide an overall evaluation. Evaluators can also provide additional comments for each attribute and the overall rating.
- ▶ ETS sends an e-mail to the applicant when each evaluation is completed.
- ▶ When all evaluations are completed, the applicant logs in to the ETS PPI system and designates which institutions should receive an ETS PPI evaluation report, and which evaluations should be included in each report. Up to five evaluations can be included in each evaluation report.

- ▶ ETS creates the ETS PPI Evaluation Report(s) specified by the applicant and sends the reports to the institution(s) designated by the applicant.

To access the new ETS PPI service or for additional information, visit www.ets.org/ppi.

ETS® My Credentials VaultSM (New)

Letters of recommendation are a critical component of the graduate admissions process. It is essential that letters be received by intended graduate programs prior to the relevant application deadlines. Because each school has its own system and set of requirements for collecting letters, professors must navigate a host of different systems and required formats, and it is difficult for applicants to track the status of their letters.

The new ETS My Credentials VaultSM service provides a safe and easy way for applicants to collect, store, and manage letters of recommendation. Professors can write letters in any format they choose and My Credentials Vault ensures that the letters arrive safely, on time, and in the format preferred by the graduate school. Applicants can track and manage their letters online, confidently and conveniently, at any time. For more information, visit www.ets.org/mycv.

ON THE TEST DAY

Identification (ID) Requirements

The identification (ID) requirements in this section must be read by all test takers. It is your responsibility to ensure that your ID documents are up-to-date and available on the day of the test.

 **Your ID requirements depend on your country of citizenship and where you plan to test. Please read the specific information below for acceptable primary and supplemental ID documents.**

- ▶ You must have **acceptable** and **valid ID** with your **name, signature, and photograph** to be admitted to a test center. ID requirements are strictly enforced.
- ▶ It is your responsibility to read and understand the ID requirements. It is not the responsibility of the test or registration center to relay these policies to you.
- ▶ The **photograph** on your ID document must be **recent** and **recognizable**.
- ▶ The **ID** must be **current** (not expired).
- ▶ All documents must be originals; copies are not acceptable.
- ▶ If you arrive at the test center without the required ID, you will not be permitted to test and you will forfeit your test fees.

When You Register

- ▶ You must use the exact name and spelling of that name as shown on the primary ID document that you will present at the test center. If the name shown on your primary ID does not match the name on your registration record, you will not be permitted to test and a refund will not be issued. You will have to register again and pay another test fee.
- ▶ Be sure to provide your entire first name (given name) and your entire last name (family name). Do not register under a nickname. If your ID document contains two last names, enter the names exactly as they appear on your ID. If you register by phone, please make sure you are registered under your complete name as it appears on your ID.

At the Test Center

- ▶ Only misspellings of your name can be corrected at the test center—**NAME CHANGES WILL NOT BE MADE**. If your name has changed for any reason, including marriage, you still must present primary identification in the name under which you registered, or you will not be permitted to test. Marriage certificates and divorce decrees cannot be used to confirm name differences. **Please do not bring these documents to the test center.**
- ▶ If the first name on your primary ID document contains only a first initial, a supplemental ID containing your entire first name must be presented.
- ▶ If your ID does not contain your signature, either sign your ID document or present a supplemental ID that includes your signature.
- ▶ If the test administrator questions the ID document you present, you will be required to provide a second proof of identity. If positive confirmation cannot be made, you may be refused admission to the test center and you will forfeit your test fees.
- ▶ The test administrator will check your ID before assigning you a seat at the test center and you may be asked to sign the test center log. The test administrator will check your name, signature,

and photograph to verify that you are the person in your ID document(s). This procedure will be repeated before and after all breaks.

- ▶ Admittance to the test center does not imply that your form of identification is valid or that your scores will be reported. All reported cases of questionable ID are subject to review and approval by the ETS Office of Testing Integrity either during or after the test administration. ETS reserves the right to withhold and/or cancel scores in the event the ID requirements set forth herein are not met.
- ▶ Test centers are not required to hold your seat if you leave the center to obtain acceptable identification.

Test Center Procedures and Regulations

FOR BOTH COMPUTER-BASED AND PAPER-BASED TESTS

- ▶ Dress so that you can adapt to any room temperature.
- ▶ Test centers do not have large waiting areas. Friends or relatives who accompany you to the test center will not be permitted to wait in the test center or be in contact with you while you are taking the test. Except for ETS-authorized observers, visitors are not allowed in the testing room while testing is in progress.
- ▶ ID verification at the test center may include thumbprinting, photographing, videotaping, or other form of electronic ID confirmation. If you refuse to participate, you will not be permitted to test and you will forfeit your test fee. This is in addition to the requirement that you must present acceptable and valid identification.
- ▶ Food, drinks, and tobacco are not allowed in the testing room.
- ▶ Personal items other than identification documents are not allowed in the testing room. This includes cell phones, PDAs, BlackBerry® devices, and any other electronic or photographic devices. You will not have access to your personal items during the test or during breaks. Before the test, you will receive instructions from test center staff regarding where you must deposit personal items. You will be required to follow the procedures set by the test center for storage of your cell phone or any electronic or photographic device you bring to the test center. If you take personal items into the test room, they will be collected by the test center staff. Personal items such as hats, scarves, jackets, and outerwear that are taken into the test room are subject to inspection by the test center staff before being admitted to the test room. Failure to comply may result in dismissal from the test and/or cancellation of scores. If you fail to follow the directions of the test center staff, you will not be permitted to take the test. Any violation of this procedure during the test or breaks may result in cancellation of your scores, dismissal from the test center staff, or banning from future testing. Test centers and ETS assume no responsibility for personal items or devices that you choose to bring into the test center.
- ▶ The test administrator will assign you a seat.
- ▶ On occasion, weather conditions or other circumstances beyond the test administrator's or ETS's control may require a delayed start or the rescheduling of your test appointment. In the event that a technical problem at the test center makes it necessary to cancel your test session, or if it is later determined that your scores could not be reported, you will be offered the opportunity to schedule another test appointment free of charge or receive a full refund of the original test fee. In addition, you may seek reimbursement from ETS for reasonable and documented expenses associated with traveling to the test center, even though technical problems are generally not the fault of ETS. To request reimbursement, contact GRE General Inquiries (see page 7) with the following information within 30 days of your original appointment: your name, date of birth, mailing address, daytime telephone number, e-mail address, original test date and registration or CBT appointment number, and a brief description of what occurred at the test center. All reimbursements will be made in U.S. dollars.

ON THE TEST DAY *(continued)*

FOR COMPUTER-BASED TESTS ONLY

The following procedures and regulations apply during the entire test session, which begins at sign-in, ends at sign-out, and includes breaks.

- ▶ If you requested and received an authorization voucher from ETS, you must take it with you to the test center.
- ▶ You will be required to write (not print) and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you cannot test and your test fees will be forfeited.
- ▶ The test administrator will provide you with scratch paper that may be replaced after you have used all pages of the scratch paper initially given to you. You may not take your own scratch paper to the test, nor may you remove scratch paper from the testing room at any time. Scratch paper is provided to assist test takers in working out problems and for appropriate note taking during timed sections of the test. Scratch paper should NOT be used during breaks or before the test.
- ▶ Before your test begins, you will be given the option to register for the GRE Search Service. Additional information about this service is available on page 8 of this *Bulletin* or at www.ets.org/gre/stusearch.
- ▶ If you need to leave your seat at any time other than the break, raise your hand; timing of the section will not stop.
- ▶ If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- ▶ Testing premises are subject to videotaping.
- ▶ The GRE General Test includes an optional 10-minute break after the Analytical Writing section and one-minute breaks between the remaining sections of the test. These break times cannot be exceeded.
- ▶ The maximum time allotted for the tutorial and/or other untimed sections prior to the test is 30 minutes. The purpose of the tutorial and/or other untimed sections prior to the test is to become familiar with the computer functions and other important information that will make your computer-based test experience as convenient as possible. The time you spend on the tutorial and/or other untimed sections should not be used for any other purpose. You may not use scratch paper during this time. Infractions will be reported to ETS, and the test administrator is authorized to dismiss you from the test administration if you fail to follow the test administrator's directions.
- ▶ Calculators are not permitted in the testing room.
- ▶ At the end of the test, you will be given the option to cancel your scores (see page 16) or view your unofficial scores. Because of the Analytical Writing essay scoring process, you will not be able to view your Analytical Writing score at this time.

FOR PAPER-BASED TESTS ONLY

The following procedures and regulations apply during the entire test session, which begins when you are admitted to the test center, ends when you leave the test center, and includes breaks.

- ▶ Test administrators will not honor requests for schedule changes.
- ▶ Take your admission ticket and photo ID to the test center.

- ▶ You may wish to pace yourself with your own watch, but the test administrator is the official timekeeper. *Watch alarms and clocks on cell phones are not permitted to track time.*
- ▶ You may work only on the section the test center supervisor designates and only for the time allowed. You will not be permitted to continue the test or any part of it beyond the established time limit.
- ▶ Cell phones, PDAs, and BlackBerry® devices must be turned off and are not permitted on the writing surface.
- ▶ Answers to multiple-choice questions recorded in the test book will not be scored. You may use the test book to work out your answers, but you must mark all your answers on the separate answer sheet before time is called.
- ▶ At the conclusion of the test you will be required to return your test book and answer sheet to the test administrator. These materials are the property of ETS.
- ▶ The General Test includes an optional 10-minute break after the Analytical Writing section and one-minute breaks between the remaining sections of the test. These break times cannot be exceeded.
- ▶ Calculators are not permitted in the testing room.
- ▶ At the end of the test, you will be given the option to cancel your scores.

Although tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible to report any observed behavior that may lead to an invalid score — for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam, or using notes or unauthorized aids. All information will be held in strictest confidence.

DISMISSAL FROM A TEST CENTER

FOR COMPUTER-BASED AND PAPER-BASED TESTS

A test administrator is authorized to dismiss you from a test session and/or your scores may be canceled by ETS for actions such as, but not limited to, the following:

- ▶ attempting to take the test for someone else or having someone else take the test for you
- ▶ failing to provide acceptable identification
- ▶ obtaining improper access to the test, a part of the test, or information about the test
- ▶ using a telephone or using and/or having a cell phone, PDA, or BlackBerry® device in your possession during the test session or during breaks.
- ▶ using any aids in connection with the test, such as: mechanical pencils, pens, pagers, beepers, calculators, watch calculators, books, pamphlets, notes, unauthorized scratch paper, rulers, highlighter pens, stereos or radios with headphones, telephones, cell phones, watch alarms (including those with flashing lights or alarm sounds), stop watches, dictionaries, translators, and any hand-held electronic or photographic devices
- ▶ creating a disturbance (Disruptive behavior in any form, including ringing cell phones, will not be tolerated; the test administrator has sole discretion in determining what constitutes disruptive behavior.) Cell phones and their alarms must be turned off.

ON THE TEST DAY (continued)

- ▶ attempting to give or receive assistance. Communication in any form is not permitted during the test administration. Discussion or sharing of test content or answers during and after the test administration is prohibited.
- ▶ removing or attempting to remove test content from the test center. Under no circumstances may test content or any part of the test content be removed, reproduced, and/or disclosed by any means (e.g., hard copy, verbally, electronically) to any person or entity.
- ▶ tampering with a computer
- ▶ attempting to remove scratch paper from the computer-based testing room or using scratch paper during untimed sections of the test or during breaks
- ▶ bringing a weapon or firearm into the test center
- ▶ bringing food, drinks, or tobacco into the testing room
- ▶ leaving the test center vicinity during the test session or during breaks
- ▶ leaving the testing room without permission
- ▶ taking excessive or extended unscheduled breaks during the test session. Test center administrators are required to strictly monitor unscheduled breaks and report test takers who take excessive or extended breaks.
- ▶ referring to, looking through, or working on any test, or test section, when not authorized to do so, or working after time has been called
- ▶ failing to follow any of the test administration regulations contained in this *Bulletin*, given by the test administrator or specified in any test materials
- ▶ ETS reserves the right to take all action—including, but not limited to, barring you from future testing and/or canceling your scores—for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your fees will not be refunded.

Canceling Scores

At the end of the test, you will be given the option to cancel your scores. **You cannot cancel your score for one section of the test and have the scores for the remaining sections reported.** Although you have the option to cancel your scores, consider very carefully before doing so. Your scores will be reported to GRE score recipients only at your request. If you cancel your scores, they will NOT be reported to you or any score recipients, and no refund will be made. Canceled scores are not added to your permanent record. If you wish to take the test again, you must reregister and submit another test payment.

SCORE REINSTATEMENT

Fee: \$30

Scores canceled by you can be reinstated if your request is received at ETS within 60 days after your test date. You may fax or mail a written request to GRE (see General Inquiries on page 7). Your request must include your name, date of birth, daytime phone number, test date and registration number, payment, and up to four *free* score recipients. Include the appropriate department codes and indicate what scores you want sent. You may choose to send only General Test scores, only Subject Test scores, or all scores, but you may not choose to have only those scores from a specific test date reported. If you do not select score recipients at this time, you must pay \$23 per recipient to have scores sent at a later date.

Scores will be reinstated and reported approximately two weeks after your request for the computer-based General Test or on the approximate score report mailing date listed on page 31 of this *Bulletin*, for the paper-based General Test or Subject Tests. Your scores will be mailed to you and your designated score recipients shortly thereafter.

Absence from a Test

If you are absent from a test administration, you will forfeit your test fee. Institutions will not receive any information about your absence or about any previous score you may have on file.

SCORES & SCORE REPORTS

Reporting Your Test Scores

- ▶ GRE score reporting is cumulative. Current GRE Board policy states that your scores are reportable for five years. Your scores are retained for the five testing years following the testing year in which you tested. All scores earned during this time will be reported to each score recipient you designate.
- ▶ You may choose to send only General Test scores, only Subject Test scores, or both.
- ▶ You may not choose to have only those scores from a specific test date reported.
- ▶ Your score report will indicate your designated recipients and your cumulative record reported at that time. However, your designated recipients will not receive information concerning the other score recipients you have chosen.
- ▶ The GRE Program is investigating providing the opportunity for test takers to view their GRE scores online. If this service is implemented, mailing of paper score reports to test takers in the U.S., Puerto Rico, and Canada may be discontinued. Test takers in these regions who are not able to access the Internet to view and print their score report online may contact GRE to have a paper score report mailed to them (see page 7).

COMPUTER-BASED GENERAL TEST

You will be able to view unofficial Verbal and Quantitative scores at the test center; however, because of the essay scoring process, you will not be able to view your Analytical Writing score at that time. Test centers cannot provide printed copies of score reports.

At the testing center, you may request that scores be sent to as many as four graduate institutions or fellowship sponsors at no additional charge. If you do not select score recipients on the test day, you must pay \$23 per recipient to have scores sent at a later date. If an institution is not listed, ask the test center administrator for the appropriate form to indicate unlisted institutions. Complete the form and turn it in *before* you leave the test center. The form will not be accepted after you leave the test center.

Score reports are mailed to you, and the score recipients you designated, within 10 to 15 days after you take the test. You can also obtain scores by phone when they are available (see page 17).

PAPER-BASED GENERAL TEST OR SUBJECT TESTS

As part of your test fee, you may request that scores be sent to as many as four graduate institutions or fellowship sponsors. You will be asked to designate your score recipients when registering for the test. If you do not select score recipients during registration, or on your

admission ticket correction stub, you must pay \$23 per recipient to have scores sent at a later date. If a score recipient is not listed, contact GRE before your test date.

Score reports are mailed to you and the score recipients you designated within six weeks after you take the test. See page 31 of this *Bulletin* for approximate score report mailing dates. You can also obtain scores by phone when they are available (see below).

Order Additional Score Reports (ASRs)

Fee: \$23 each

Additional score reports can be ordered online, by phone, fax, or mail, up to five years following your test date.

Score Review for Analytical Writing Measure

Fee: \$55

You may request a review of your Analytical Writing section up to six months after the administration. Submit the fee with your written request; include your full name, date of birth, test date, registration number, address, and phone number. Mail the request to GRE-ETS, PO Box 6000, Princeton, NJ 08541-6000. Allow four weeks for the results of the review to be mailed. Note that during the review process your GRE General Test scores will be placed on hold; you will not be able to report your scores to designated score recipients until the review process is completed. If the score review process results in a higher or lower score, the new score will be reported.

Paper-Based Test Hand Scoring

Fee: \$30

Hand scoring for a Subject Test or the Verbal and Quantitative sections of the paper-based General Test is available up to six months after the administration. Submit the fee with your written request; include your full name, date of birth, test date, registration number, address, and phone number. Mail the request to GRE-ETS, PO Box 6000, Princeton, NJ 08541-6000. Note that during the hand-scoring process your GRE General Test scores will be placed on hold; you will not be able to report your scores to designated score recipients until the hand-scoring process is completed. If the score review process results in a higher or lower score, the new score(s) will be reported.

Preventing Unauthorized Release of Your Scores

It is a GRE Board policy that your scores be reported only to you, to institutions of higher education granting the baccalaureate or higher degrees, to approved graduate fellowship-granting sponsors, and to vendors the score recipients might designate to process the scores they receive. Score reports will be released only upon your request. ETS will not release your scores at the request of institutions or fellowship sponsors except for use in research studies that are approved by the GRE Board and that provide anonymity for the test takers and the institutions they attend.

Note: Your score record and the documents you completed that are retained at ETS may be released to third parties, e.g., government agencies, parties to a lawsuit, if requested pursuant to a subpoena or required by applicable law.

The questions are presented with your answers and the correct answers. The service is available to individuals who test in the U.S., U.S. Territories, or Puerto Rico during one of the eight weeks listed below. Review sessions will be available at CBT test centers approximately 30 days after the test date, and for up to 60 days thereafter.

July 5-11, 2009	November 8-14, 2009	April 4-10, 2010
September 6-12, 2009	December 6-12, 2009	May 9-15, 2010

You may make an appointment three days after you take your General Test. Plan to be at the test center up to one and one-half hours. To reschedule, contact the center no later than three full days before your appointment. The rescheduling fee is \$50 and there are no refunds for this service.

Test Takers' Background Information Data and Performance Data

Test takers' answers to background information questions and their performance data may be used in analysis samples, score interpretation data, group statistics, and research studies. Test takers' essay responses may be used in ETS materials to train scorers, to help score recipients interpret scores, or to help examinees prepare for the test. In each instance, all identifying information will be removed.

ETS Review of Test Questions

ETS routinely follows extensive review and quality control procedures to detect and avoid flawed questions and consequent errors in scoring. Such procedures include independent reviews by qualified individuals, pretesting questions for the General Test, feedback from test takers after they have taken a GRE test, and careful analysis of performance data on each question after it has been administered in a GRE test.

Nonetheless, occasionally an error may be discovered after scores have been reported. Whenever this happens, the specific circumstances are reviewed carefully, and a decision is made about how best to take corrective action that is the most fair to all concerned.

Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS's standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities, and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score when, in ETS's judgment, a **testing irregularity occurs**, there is an apparent **discrepancy in a test taker's identification**, the test taker engages in **misconduct** or **plagiarism**, or the score is **invalid** for another reason. Reviews of scores by ETS are confidential. When, for any of the above reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled, but it does not disclose the reason for cancellation except when authorized to do so by the test taker, and in certain group cases.

TESTING IRREGULARITIES

"Testing irregularities" refers to problems with the administration of a test. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials, and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies). When testing irregularities occur, ETS may decline to score the test, or cancel the test score. When, in ETS's judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

IDENTIFICATION DISCREPANCIES

When, in ETS's judgment, or the judgment of test center personnel, there is a discrepancy in a test taker's identification, the test taker may be dismissed from the test center. In addition, ETS may decline to score the test or cancel the test score if the documents or photos from the test day cannot be authenticated.

MISCONDUCT

When ETS or test center personnel find that there is misconduct in connection with a test, the test taker may be dismissed from the test center, or ETS may decline to score the test, or cancel the test score. Misconduct includes, but is not limited to, noncompliance with the "Test Center Procedures and Regulations," listed on pages 14-16 of this *Bulletin*.

Test takers whose scores are canceled will forfeit their test fees and must pay to take the entire GRE test again at a future administration. No record of score cancellations, or the reason for cancellation, will appear on their future score reports sent to colleges, universities, and/or fellowship sponsors.

INVALID SCORES

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns, and inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS's concerns, considers any such information submitted, and offers the test taker a choice of options. The options include voluntary score cancellation, a free retest, or arbitration in accordance with ETS's standard Arbitration Agreement. In addition, the test taker is sent a copy of a booklet, *Why and How Educational Testing Service Questions Test Scores*, which explains this process in greater detail. (This booklet is available to any test taker at any time on request.)

Note: The retest option is available only to test takers in the United States and Canada. The arbitration option is available only for tests administered in the United States.

Your essay responses on the Analytical Writing section will be reviewed by ETS essay-similarity-detection software and by experienced essay readers during the scoring process. In light of the high value placed on independent intellectual activity within United States graduate schools and universities, ETS reserves the right to cancel test scores of any test taker when there is substantial evidence that an essay response includes, but is not limited to, any of the following:

- ▶ text that is similar to that found in one or more other GRE essay responses;
- ▶ quoting or paraphrasing, without attribution, language that appears in published or unpublished sources;

- ▶ unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
- ▶ essays that are submitted as work of the examinee when the words have, in fact, been borrowed from elsewhere or prepared by another person.

When one or more of the above circumstances occurs, your essay text, in ETS's professional judgment, does not reflect the independent writing skills that this test seeks to measure. Therefore, ETS must cancel the Analytical Writing score as invalid and cannot report the GRE General Test scores of which the Analytical Writing score is an indispensable part.

Test Fairness and Score Use

ETS and the GRE Program have taken steps to ensure, to the extent possible, that tests and test scores are fair for all test takers, regardless of group membership. In addition, the GRE Board has developed guidelines for the use of GRE scores, which summarize the considerations for appropriate use of the scores and encourage institutions to use GRE scores appropriately. For information about test fairness and appropriate use of GRE scores, visit www.ets.org/gre/greguidelines.

New from ETS

Show graduate programs
a more **complete** picture
of your potential for success

Introducing the ETS® Personal Potential Index

You know you are more than the sum of your grades, test scores and recommendation letters. The new ETS® Personal Potential Index (ETS® PPI) helps you provide graduate schools evidence of a broader range of your capabilities, including:

- Knowledge and Creativity
- Teamwork
- Planning and Organization
- Communication Skills
- Resilience
- Ethics and Integrity

Graduate schools have told us these skills are important for success, and an ETS PPI Evaluation Report will help them know you're up to the challenge.

Available to GRE® General Test registrants as part of the test fee,* ETS PPI is a web-based evaluation tool that is convenient and easy to use. You simply log in and enter the names and e-mail addresses of up to five faculty members or employers you would like to evaluate you. ETS sends them a link to the ETS PPI system. Once they have completed their evaluations, ETS creates an evaluation report and sends it to the graduate schools you designate. You can track your evaluations or request additional reports online, anytime.

To get started or to learn more, go to www.ets.org/ppi/learnmore.

*The ETS PPI system will be available starting in July 2009. Individuals who register for the GRE General Test starting in May 2009 will have access to the system beginning in July 2009. Up to four evaluation reports are included in the GRE test fee; additional reports are \$20 per report. Graduate school applicants who are not planning to take the GRE General Test also can use ETS PPI at a cost of \$20 per report.

Take control of your recommendation letters with My Credentials VaultSM

The new ETS My Credentials VaultSM service is an affordable, easy-to-use way to manage your graduate school recommendation letters right from your own computer. You can:

- safely store all your letters of recommendation in one place
- track and send letters wherever and whenever you want
- simplify the application process for you and your letter writers

Be confident that your letters will arrive in the right place at the right time with the ETS My Credentials Vault service.

In addition to the registration centers listed in this publication, ETS authorizes a limited number of local registration centers to process test registrations. ETS authorized registration centers display a "certificate of authorization" from ETS. The GRE program is not responsible for the activities of unauthorized providers, and assumes no liability with regard to their failure to provide services.

CBT TEST CENTERS International

Testing is available year-round. Schedule a testing appointment online at www.ets.org/gre/grereg, call the appropriate Regional Registration Center (RRC#) if you are making payment with a credit/debit card, or use the International Test Scheduling Form (page 25 of the 2009–10 *GRE Information and Registration Bulletin*). RRC phone numbers are listed on page 6.

If there is no test center in your country, the computer-based GRE General Test may not be available in your area. See the list of GRE paper-based test centers on page 12 of this publication.

If the special instructions in the last column indicate, “See *Bulletin Supplement*,” download a copy at www.ets.org/gre/stupubs or obtain a copy from the RRC where you got the *GRE Bulletin*. The Supplement describes the testing arrangements available in these countries.

There may be additions, deletions, or changes to this test center list during the testing year. Be sure to check the GRE General Test online registration system at www.ets.org/gre/grereg or visit www.ets.org/gre/stupubs for the most up-to-date list.

PAPER-BASED TEST CENTERS International

NOTE: The paper-based General Test is not offered in areas of the world where computer-based testing is available.

Testing is available up to two times per year for the paper-based General Test, and up to three times per year for the GRE Subject Tests. Register early to get your preferred test date.

Register online at www.ets.org/gre/grereg or complete the paper-based registration form on pages 27–30 of the 2009–10 *GRE Information and Registration Bulletin*. See test dates and registration deadlines on page 31 of the *Bulletin*.

The ● indicates that the paper-based General Test will be offered at that test center on that test date. The ■ indicates that Subject Tests will be offered at that test center on that test date. A blank space means that the center has not been scheduled for that test date at the time this publication was printed. If you live more than 125 miles from an open center for the October test date, GRE may consider opening a test center closer to you. See “Supplementary Test Centers” on page 10 of the *Bulletin*.

There may be additions, deletions, or changes to this test center list during the testing year. Check the online registration system at www.ets.org/gre/grereg or visit www.ets.org/gre/stupubs for the most up-to-date list.

INSTITUTION CODES AND FELLOWSHIP SPONSORS

The institutions and fellowship sponsors listed below are approved to receive GRE scores. If you want to have your scores sent to a score recipient that is not listed in this table, see page 16 of the 2009–10 *GRE Information and Registration Bulletin*.

If a * appears to the left of an institution's code number, it indicates that, at the time this publication was printed, the institution was not offering graduate programs. An institution code preceded by a star should not be entered in the score report recipient section of the registration form.

Various organizations use GRE scores in considering candidates for graduate fellowships. However, test scores should not be directed to a fellowship sponsor unless you have filed an application with that sponsor or have been requested by the sponsor to send scores. If you are applying for a fellowship that does not appear in the list but is offered by a specific university, contact the university to determine the appropriate code to use.

For a list of institutions that receive ETS® Personal Potential Index (ETS® PPI) Evaluation Reports, visit www.ets.org/ppi/reportrecipients.
