Preface

The report on Indian Pharma company profiles contains Top 200 Indian pharmaceutical companies of 2007-08 based on their revenues. The information on the companies are obtained from their respective company websites, annual reports, financial information available in public domain and paid databases. The latest information is captured to the extent possible, depending on the availability. In the absence of availability of latest financials of the companies, old data has been retained. The profiles attempt to provide a comprehensive business information about the company. The vital facts captured include business profile/major therapeutic segments, names of the directors, subsidiaries and agreement/alliances. The companies' R&D facilities and financial highlights are given for the last five years (and updated till 2007-08 wherever information is available).

The report will benefit researchers and students gathering business intelligence about Indian Pharma companies and will help Pharma companies to understand their competitors from business perspective. Foreign investors will get primary information about major pharma companies in India with latest financials and other vital inputs. Complete profile of Top 200 companies is captured in 680 pages.

While every possible effort has been made to ensure accuracy of the information, Cygnus does not take the responsibility of factual errors and cannot be held liable for any loss or damage, consequential or otherwise, suffered by any user as a direct or indirect result of any inaccuracies or incorrectness of the information contained herein. The cut-off date for the information collected from company websites and annual reports is October 31, 2008.
