Dear Rama,

Counselling pattern will depend up on college to college or state to state. Some colleges are conducting counselling individually and some states are conducting centralize counsellings for their M. Pharm admissions.

I'm basically from Andhra Pradesh completed primary and secondary education in A.P. Will i be treated as Local/Non Local for the M Pharm counselling in Andhra Pradesh? If I'm treated as Non Local, what are the chances of getting admission to any college in A.P for my rank? Really appreciate the way you respond to all the queries above.

Dear Snigdha,
Last year there was 100 percent reservation for UP candidates. Other states GPAT qualified candidates were not allowed to get admission in UP. If it happen this session also then you will surely get the admission in UP. But getting admission in KN- Modi is quite hard because there fees is quite lower then other pharmacy colleges. There for it is preferred P. CHem college in UP.

plase reply to my above question sirrrrr

GPAT Said:

[October 25th, 2010 at 5:28 pm](#)

Dear Sravan akabilavam

The list provided by us is (Till 12/10/10) is whole college list who are provide M. Pharm course in the 2010-11 session. This year Governing council of pharmacy allotted M.Pharma seats (Maximum 18) to every college of india who applied to run M.Pharma course.

For M.Pharm course AICTE approval is required . PCI approval is not required.

Regarding GPAT scholarship – first u should apply via proper channel – means fill the form & give it to administrative staff they will send it to AICTE. If not so then direct cnetct to AICTE office.

Regarding counselling of GPAT/PGECET qualified candidate in AP – don't worry bcz OU make a special formula to select the candidate on the basis of both GPAT/PGECET . U can get seat according to ur rank (Total student applied to AP).Which branch u get , is totally depend on how much student apply for that. but we are sure u can get admission.

This reply is for all AP pharmacy student who having doubt regarding Counselling/Scholarship/Proper branch selection.

Good Luck to ALL

Respected sir,
In many colleges they are asking us to pay the fee even though we are under fee exemption. They are saying that the government has not issued the money. Whenever the government sanctions the money they will give it. Moreover, many candidates have paid the fee in confusion that they might lose their seat if they don't. Many have paid because the last date was 10th. Now the date has been extended till 15th and also it is given clearly in the appgecet site yesterday that colleges are instructed not to collect fee from candidates who are under fee exemption. Can we attend 2nd counseling? If so, what about the money which we paid in college if we get a new seat? Please reply sir...
