

Placement paper of CTS - 2004

CTS

For Written Test

- 1) Go through Agarwal (Numbers, problems on numbers, Percentage, Profit and loss, Time & work, Time & Distance, Problems on Trains, Ages)
- 2) Go through GRE Barron's analytical Reasoning.

I got the RED paper.

Though I don't remember either the exact figures or the questions these are some of the questions which I hope would give you an idea as to how the paper will be.

- 1) If so many persons can build a wall in so many days (& 1 more condition was given) so how many persons will build some 100 walls in how many days?
- 2) A fig was given. the length of the diagonal & one side was given. Find the area.
- 3) Problem on relation

A, B, C, D, E, F, G, H are related to each other.

Some conditions were given like

c & d are the children of A.

f & g are the children of E.

Based on this some questions were asked.

Who is the wife of A?

Who is the child of whom?

4) Some questions were based on verbal.

A small passage would be given. A question is asked based upon that.

You have to choose the right one from the 4 given options.

You'll have 40 questions. And try to answer only those questions you are confident of.

As I am a CSE student I just went through my subject books. (OS, DBMS, OOPS, DS, NW)

ABOUT THE INTERVIEW

Tell me about yourself?

Your family.

Your interests.

Your strengths & weakness.

about my project, diodes, amplifiers, flip flops, gates, processor, cursor in DBMS, DML Commands,

Triggers, NW Topologies, Client-Server Technology, 8085 Commands, Primary, Unique, foreign keys,

Diff between C & C++, Java (OOPS Concepts)

They just check your confidence level in the interview.
