CTS PAPER ON 8th MARCH AT FARIDABAD

APTITUDE TEST:
Firstly you will be given a form to fill up.plz prepare the following points for the form.
1) your marks for each sem.
2) your short term & long term goals.
3) Your strength & weakness.
4) what is the expectation from CTS.
5) What do you think is necessary for a software professional to be successful?
6) Your hobbies, extra-curricular activities, interests.
7) Software orientation.
plz, be careful with the points you write bcoz those will be cross checked during the interview.

In the written test: 1) this section is from english.20 min.v. Difficult to manage the time. Two passages will be given. Jumbled sentences were there. You have to arrange them. There were finding incorrect and also incorrect sentences.

2) this section consists of quantitative(30 min).two Venn diagrams were there(i couldn't solve it).data suffiency probs were there. Problems on binary no.($ for 1,* for 0).you only have to convert each no to decimal and fid out the binary(v.easy). eg: lcm(3,4,6) some options were given in binary.

3) This section from logical reasoning (20 min).
Eg: all tables are chair. All chairs are desks;
there were qs from figures. like odd figure out.4 options were given, you have to find the odd one. One critical reasoning was also there.

Written test results were announced in the noon nd i was short listed for the interview nd was said to wait till 4.30pm.
.
MY EXPERIENCE:
me: good EVENING sir(with a firm handshake)
int: good evening have a seat.
int: tell me bout working of tube light
me :told the little bit idea.
int: ok tell bout working of fan
me: didn't know much bout it bcoz i was frm ece not from electrical said it straight forward
int: ok then tell me bout nyquist rate
me: told
int: tell bout pcm nd band pass filter
me: told
int: thats it any ques u want to ask
me: i ask about company profile etc. etc
me: thank you sir. Went out.

 THANK YOU.
