	37.	Selective credit control	k)	Adam Smith	
	38.	Canons of taxation	1)	Maximum benefit.	
v.	Answer each of the following questions in a word or two: $12 \times 1 = 1$				
	39.	Give two examples for free goo	ods.	AS Why does the demand ourse	
	40.	Name any two successful socia	alist e	conomies.	

- 41. What is the other name for budget line?
- 42. Give the formula for point method.
- 43. Who has introduced the time element?
- 44. Give the condition for producer's equilibrium.
- 45. How will you calculate average cost?
- 46. What is the most important form of selling cost?
- 47. Who is the author of Agio theory of interest?
- 48. Name the point of intersection of aggregate demand and aggregate supply.
- 49. Give the example of a country that experienced hyper-inflation.
- 50. What is a tax?

PART - B

- V. N. B.: i) Answer any ten of the following.
 - ii) Answer for each question should be about four or five lines.

 $10 \times 3 = 30$

- 51. State Alfred Marshall's definition of economics.
- 52. Name the important general economic systems.
- 53. What is opportunity cost?
- 54. Define Consumer's Surplus in the words of Marshall.
- 55. Why does the demand curve slope downwards?
- 56. Differentiate the short period from the long period.

- 57. Write a short note on Market period.
- 58. What is meant by division of labour?
- 59. What are the forms of capital?
- 60. Define marginal cost.
- 61. What are economic costs?
- 62. Mention any three benefits of perfect competition.
- 63. What are the three motives of Liquidity Preference?
- 64. Define Money.
- 65. What is 'Zero-based' budget?

PART - C

- VI. N. B.: i) Answer any six of the following.
 - ii) Answer for each question should be about a page.

 $6 \times 10 = 60$

- 66. What are the merits and demerits of Mixed economy?
- 67. Explain the shift in demand with the help of a diagram.
- 68. What are the functions of entrepreneur.
- 69. Give a note on long run average cost curve with diagram.
- 70. Explain the relationship between SAC and SMC.
- 71. Describe the wastes of monopolistic competition.

- 72. Draw the flowchart to depict the essence of Keynesian theory.
- 73. What are the criticisms of Say's Law?
- 74. What are the main sources of tax and non-tax revenue of the state government?
- 75. Define budget. Explain the balanced and unbalanced budgets.

PART - D

- VII. N. B.: 1) Answer any three questions.
 - ii) Answer for each question should be about three pages.

 $3 \times 20 = 60$

- 76. Discuss the nature and importance of laws of Economics.
- 77. Explain the characteristics of human wants.
- 78. Explain the methods of measurement of price elasticity of demand in detail.
- 79. How is the price and output determined in the short run under perfect competition?
- 80. Examine Recardian theory of rent.
- 81. Discuss the causes, effects and remedies for inflation.
