Int: Why do you want to join TCS?

Me: Told some strong points about TCS and he was impressed with my answer.

Int: I you are rejected today, then what will you do?

Me: Told

Int: Are you having any geographical constraints (are you intended to work anywhere in the world)?

Me: No sir, I am not having any geographical constraints and I'm interested to work anywhere in the world.

Int: Are you ok with TCS bond (2 years, bond break 50,000)?

Me: Yes sir.

Int: Thank you.

(It was a 10 min round. I felt very happy for that. They told me that they will send results through mail within 3 week. I thought i will be selected because i was confident about my performance)

Finally, i got mail on 21st sept. Thanks to GOD, I was in TCS. Around 200 students were selected in this round.

I attended 5 companies up to now. TCS was my 6th company but I didn't loose hope. If you have failed yet, don't get disappointed. Losers got a chance to correct their mistakes and winners lost their chance to correct their mistakes. If you are selected, remember, you are better than those who are participated for that interview, but not the 'Best'. I got selected in off-campus, I am very happy for that. Because, i completed with the other college students also. But those who got selected in On-campus are completed with the students of their college. Getting job in TCS is one of my great achievements in my life.

Best of Luck my dear friends !!!!
