

CHAPTER WISE WEIGHTAGE FOR EAMCET 2012(Expected only)

EXPECTED CHAPTER WISE WEIGHTAGE IN MATHS FOR EAMCET 2012

In EAMCET 2012, the more number of questions is expecting from vector, algebra, trigonometry, probability and circles.

1. Circles and System of Circles – 6 to 7 Questions.
2. Vector Algebra – 6 Questions
3. Probability – 5 to 6 Questions
4. Matrices – 4 Questions
5. Derivatives – 4 Questions
6. Trigonometry up to Transformation 4-questions
7. Geometry-3D-4 questions
8. Complex Numbers-3 Questions
9. Quadratic Equations-3 questions
10. Permutation and Combination-3 questions
11. Straight Lines-3 Questions
12. Pairs of Straight Lines-3 questions
13. In define Integration-3 questions
14. Applications of Derivatives-3 questions
15. Numerical Integration-2 questions
16. Differential Equations-2 questions
17. Limits and Continuity-2 questions
18. Parabola-2 questions
19. Binomial Theorem-2 questions
20. Properties of Triangles-2 questions

There are around 35 chapters are there in Maths for Eamcet 2012 exam, in other 15 chapters , 1 question from each topic will come. The above listed topics are important in Mathematics and expecting this pattern given you clear idea.

CHAPTER WISE WEIGHTAGE FOR EAMCET 2012(Expected only)

EXPECTED CHAPTER WISE WEIGHTAGE IN PHYSICS FOR EAMCET 2012

In EAMCET 2012, the more number of questions is expecting from Electro Magnetic, Ray Optics and Atomic Physics.

1. Electro Magnetic-4 Questions
2. Ray Optics-3 Questions
3. Atomic Physics-3 Questions
4. Dynamics-2 Questions
5. Rotatory Motion -2 Questions
6. Thermo Dynamics-2 Questions
7. Thermal expansion of metals-2 Questions
8. Wave Motion and Sound-2 Questions
9. Magnetism-2 Questions
10. Electro Statics-2 Questions

These are the important chapters in Physics for Eamcet 2012, and other chapters will come for 1 mark in each. When you compare with Maths, Physics will be tough test section in Eamcet 2012.

CHAPTER WISE WEIGHTAGE FOR EAMCET 2012(Expected only)

EXPECTED CHAPTER WISE WEIGHTAGE IN CHEMISTRY FOR EAMCET 2012

In EAMCET 2012, the more number of questions is expected questions in chemistry.

1. Organic Chemistry-5 Questions
2. Carbon Compounds-4 Questions
3. Chemical Bonding-3 Questions
4. Atomic Structure-2 Questions
5. Electro Chemistry-2 Questions
6. Metallurgy-2 Questions
7. Solutions-2 Questions

From other chapters 1 question will come from each. In order to get Good rank(Below 1000) candidates have to prepare each and every topic. These are the important chapters for Eamcet exam 2012 in Chemistry, you can have the chapter wise weight age in Eamcet 2012 for Physics section here.
