From the desk of Chairman, CCB-2010

I offer my heartiest congratulations to all the successful candidates of AIEEE 2010 and extend a warm welcome to all those who wish to participate in the CCB Admission process. I write this brief note essentially to mention that important changes in the admission procedure have been made this year as compared with that of the previous year.

A large number of students appear for AIEEE and to reduce the anxiety and inconvenience associated with the admissions, online counseling was started last year. We are continuing with online counseling this year too. You will be able to see a summary of the Institutes participating in this online admission process on the CCB website, with links to each participating Institute for additional details. The administrative structure of these Institutes is open, transparent and responsive. CCB desires that you exercise your choices after making a studied and informed decision based on all relevant facts concerning the participating Institutes. **An important feature of this year's admission is that all candidates with AIEEE 2010 All India Rank between 1-2000, joining any of the NITs for an engineering / technology program would be eligible for a merit award of Rs. 35,000 p.a. from the respective NITs for the duration of the program subject to satisfactory academic and non-academic performance.**

CCB would appreciate it if you read the information brochure carefully and understand the admission procedure thoroughly. The system has been designed to respect your branch / institute choices consistent with your rank in AIEEE 2010. Therefore, there should not be any need for you to modify your submitted choices frequently, although there is some provision for you to do so – an important feature of this year's admission process.

CCB is keen that the admission process is completed as early as possible so that classes can begin on time. It has been observed that delays or uncertainties adversely affect the performance of the students during the first year of study. I therefore earnestly appeal to all candidates who may be applying for admission to other Institutes as well – (Institutes not within the purview of CCB): please do not delay decisions pertaining to admissions offered to you by CCB - if you wish, for any reason, to cancel your admission and withdraw from the process, do so at the earliest opportunity so that the seat you vacate is available early to another meritorious candidate.

CCB may conduct additional rounds of counseling if required considering the overall vacancies in various participating institutions. All such information that is periodically updated would be available on CCB website www.ccb.nic.in. You should frequently visit this website, as well as the website of the institution which you are planning to join.

May I take this opportunity to wish you, at the start of your professional career, all the very best.

Dr. S. S. Gokhale
Chairman, CCB (AIEEE-2010)

1 INTRODUCTION

The Ministry of Human Resource Development, Government of India took a policy decision in 2002 to conduct an All India Engineering Entrance Examination (AIEEE) annually, doing away with many of the large number of entrance examinations that were being conducted till then by various institutes in the country for admission to undergraduate degree programmes in the disciplines of Engineering / Technology, Pharmacy and Architecture. This initiative has been widely accepted and appreciated.

A Central Counselling Board (CCB) constituted by the Govt. of India coordinates admissions to UG degree programmes in the disciplines mentioned above in respect of select institutions (hereinafter called '**Participating Institutes**'). This year's CCB has been constituted with Director, Visvesvaraya National Institute of Technology, Nagpur, as its Chairman. The Office Memorandum of Ministry of HRD, Govt. of India is placed as Annexure V of this brochure.

30 NITs, 5 IITs / IIITM / IIITDM, 10 other Central / State Government funded institutions and some Self Financed Deemed Universities / Institutes will admit candidates on the basis of their performance in AIEEE 2010, to the first year of Engineering / Technology and Architecture / Planning programmes through a centralized counselling procedure, for the academic session 2010 – 2011.

Important features of the admission procedure, fee refund rules, admission schedule, list of Admission Centers, list of Participating Institutes with total number of seats, fee structure and contact addresses, seat distribution in the institutions etc. are given in this brochure. Candidates are advised to read this brochure carefully and visit our website www.ccb.nic.in regularly for updates and for entire online admission process.

The entire process consists of four stages: 1. Online registration 2. Online choice filling and locking 3. Online Seat Allotment and personally reporting to an Admission Center 4. Personally reporting to the Institute admitted to (hereinafter called '**Allotted Institute**'). In this process, all eligible candidates will be able to exercise their branch/institute choices on CCB website using Internet from June 8 to June 23, 2010 from places convenient to them. Candidates will be offered admission in the order of merit (AIEEE All India Rank) over multiple rounds of allotment. Candidates who are allotted a seat (i.e. offered admission) will report to any one of the 'Admission Centers' during the time frames specified, get the documents verified and pay the initial fee to mark their acceptance of the offer of admission. The allotment of seats to candidates who do not report to the Admission Center within the stipulated time will be cancelled and these candidates will not be considered for seat allotment in subsequent rounds.

Candidates who accept the offer of admission will have to exercise one of the following options about willingness for consideration of higher preference choices in the subsequent rounds.

Option (I): All the choices of preference higher than the currently allotted seat to be considered in the subsequent round(s).

Option (II): Only the choices within the currently allotted institute and of higher preference than the currently allotted seat, to be considered in the subsequent round(s).

Option(III): Fully satisfied with the currently allotted seat; do not want to participate in subsequent round(s).

Candidates choosing Option I will, hereinafter, be referred to as '**Option I candidates**', those choosing Option II as '**Option II candidates**' and those choosing Option III as '**Option III candidates**'.

After the third round of allotment, ALL the candidates who have been allotted a seat have to report either to the Allotted Institute or Admission Center depending upon the Option I, II, III they have exercised. (For provisions made to fill vacant seats, if any, after the third round, please see Section 4.3) Candidates who do not report either to the Admission Center or to the Allotted Institute after third round, will forego their claim on the allotted seat and will not be considered for seat allotment in subsequent rounds.

In case of any dispute arising out of the counseling process at any stage up to the final allocation of institution and / or branch, the decision of Chairman, CCB shall be final. The jurisdiction for legal disputes, if any, will be limited to the Nagpur Bench of Bombay High Court only.

For smooth functioning of admission procedure resulting into maximum number of candidates getting admission to the course and institute of their choice and minimizing the number of vacant seats, Chairman CCB appeals to the candidates to carefully follow the admission procedure given in this brochure. The procedure offers enough flexibility at every round of allotment and candidates are urged to co-operate by not prolonging their final decision on admission after seat allotment. This will facilitate in catering to the needs of larger number of candidates seeking admission through CCB.

Unallotted registered candidates will be allowed to fill in fresh choices against the vacancies displayed. These candidates may fill their choices in the period July 29 to August 1, 2010.
- Candidates who did not report against the earlier allotment or who cancelled the allotted seat are not allowed to fill in choices for the fifth round.

- Candidates who fail to report to the allotted institute by August 7, 2010 will lose their seats.

3 ADMISSION PROCEDURE

The admission process broadly involves the following FOUR stages:

- i) Online registration
- ii) Online choice filling and locking
- iii) Online Seat Allotment and personally reporting to an Admission Center
- iv) Personally reporting to the Allotted Institute

3.1 ONLINE registration (June 8 to 23, 2010)

In this step, all candidates declared 'eligible' on the basis of AIEEE-2010 results are required to register **ONLINE** through Internet (www.ccb.nic.in) from places convenient to them.

Arrangement of Help Centers is being made at most of the Participating Institutes for guiding the candidates. Candidates may seek guidance at these institutes during working hours (normally 9.00 AM to 5.00 PM) and complete their registration, choice filling and locking. The list of these institutes is given in Section 10 and 11.

The procedure to be followed is described below:

1. Access the website www.ccb.nic.in and click on "**Registration**".

2. The names of the two streams - Engineering and Architecture - will appear on the computer screen; click on the desired stream.

3. Register as a new candidate by clicking on “**New candidate!! Register here**” link. Read the instructions given on the screen and click on “**Register**”.

4. Register by entering the information (as indicated in the AIEEE Admit Card) against the following fields:

- (a) Name
- (b) Roll number
- (c) Application number
- (d) Date of Birth

Note: Candidate should ensure that, this data should be entered exactly as per AIEEE admit card. For name field, capital and small letters should be entered as printed in the Admit Card /Score Card. Corrections in the name, if any, can not be entered at this stage.

- Candidates will be permitted to proceed with the registration process only if these data entered by them match the data as available with the AIEEE-2010 database of CBSE. The candidates will be required to key in a password.
- The password must consist of EIGHT characters and must be a combination of alphabets (lower or upper case), numeric characters and special characters. (Passwords are case sensitive. That means ‘A’ and ‘a’ will be treated as different characters. An example of a valid password is: aBC1#23\$)
- For subsequent logins, candidates will be able to login directly with their respective Roll Number as Login ID and the chosen password as Password. Candidates should remember to log out at the end of their session so that the choices saved cannot be tampered with or modified by unauthorized persons.
- Candidates are advised to record/remember their password for all future logins.
- Candidates are advised not to disclose or share their password with anybody. Neither CCB nor NIC is responsible for violation or misuse of the password of a candidate.
- If a candidate forgets his/her password, the additional information provided by the candidate at the time of registration will be used to issue a new password. Hence, it is mandatory for every candidate to enter the required additional information as indicated in the registration form at the time of registration.
- Candidates can change their passwords after login, if desired.

5. After login, the personal data of the candidates (as per the AIEEE-2010 data base) will automatically appear on the screen. Candidates must verify their personal data. In case of any discrepancy, candidates will be allowed **only once** to correct the data in respect of category, sub-category, etc. in the following ways:

- Category can be changed from (SC/ST/OBC) to 'Open' but not vice versa.
- Sub Category can be changed from SCPH to SC, STPH to ST, OBCPH to OBC and OPPH to OP, but not vice versa.

- 'State from which eligible' can be changed so as to be consistent with candidate's documents and certificates. (See Section 6.5)
 - Change of gender is permitted if wrongly mentioned.
 - Candidates must indicate their address for correspondence. Candidates may also enter their phone number, mobile number, email id etc. These contact details should be entered correctly. CCB may need them for urgent communication with the candidate.
6. Changes in the following fields are not permissible under any circumstances
- Candidate's name
 - Mother's name
 - Father's name
 - Date of birth
- Candidates can take a printout (hard copy) of the registration form containing the above personal data.
 - It is solely the responsibility of the candidates to verify that their personal data, including category, subcategory, State of eligibility, gender etc. are consistent with documentary evidence. **Change of category, sub category, gender etc. may result in change of status of the eligibility of a candidate as declared at the time of the AIEEE results.** CCB/NIC is not responsible for any omissions in the details and its consequences thereafter.
 - **If the personal data submitted / entered by a candidate are found to be wrong at the time of verification of certificates either during reporting or at any later stage, the allotment of seat/provisional admission is liable to be cancelled.**
 - Once these personal data are verified and submitted, candidates will not be allowed to change the personal data under any circumstances.

3.2 ONLINE choice filling and locking (June 8 to 23, 2010)

In this step all the registered candidates are required to exercise their choices of branches and institutes in order of their preference for these branches / institutes. The procedure is detailed below:

1. The procedure for exercising choices and seeking pertinent information is guided through appropriate messages and tabs on the computer screen.
2. Before the candidates can begin to fill in their choices, they will be required to read, and agree to abide by, the Terms and Conditions that govern this admission process. The candidates will click on the "I agree" check-box. Candidates will not be able to fill their choices unless they click on the "I agree" check-box.
3. As per the eligibility of the candidate, available seat information relating to institutions, disciplines (Engineering / Technology and Architecture / Planning), branches (e.g., Electronics Engineering, Computer Science, etc.) will be displayed.

4. Candidates can fill in as much number of choices in the order of preference as they wish to from the list of available seats.

5. Candidates are permitted, if they so desire, to change or re-order their choices, delete earlier choices and add new choices any number of times until they lock their final choices. Choices should be positively locked before 5.00 PM of June 23, 2010.

3.2.1 Indicative seat availability (MOCK counselling) (June 8 to 23, 2010)

Based on the number of registered candidates who have submitted their choices at any given time, the system will be able to provide an idea of the seats that candidates may be offered. This indicative seat availability ('mock counselling') is to help the candidates to finalize the most appropriate choice of discipline, institution and branch given their rank, state and category.

The indicative seat availability will be displayed at regular intervals during June 8 to 23, 2010 on the CCB website. Candidates are advised to visit the CCB website regularly for this purpose.

All candidates are strongly advised to register and fill their choices during the above period so that they get to know which seats are likely to be available to them.

The final allotment of seat, in the allotment rounds may be different than the indicative seat availability.

3.2.2 Locking of the choices (June 18 to 23, 2010)

Candidates MUST lock their choices only after they have finalized them but, in any case, before 5.00 PM of June 23, 2010. **The locking of choices involves a few steps after the LOCK button is clicked. This includes, entering the password, confirming the locking etc. Candidate should follow all the steps carefully to complete the locking procedure.**

After the choices are locked, candidates will not be able to change their choices. A printable version of the choices along with the terms and conditions agreed by the candidate at the time of registration, is displayed once the choices are locked. Candidates must take a printout (hard copy) of the locked choices, (which also contains terms and conditions) sign it and produce it at the time of reporting to the Admission Center.

If candidates fail to explicitly lock their choices by 5.00 PM of June 23, 2010, their last saved choices will be automatically locked after this deadline. Candidates are therefore strongly advised to lock their choices themselves and secure a printout of these locked choices. Registered candidates who do not exercise any choices or fail to save them will not be considered for admission and seat allotment. Candidates can login again after locking the choices; **the locked choices will be displayed but cannot now be modified or altered.**

NOTE 'Saving' a choice is NOT the same as 'locking' a choice. A choice that is only saved but not locked can be retrieved later on and modified and the modified choice saved again if need be. The old choice exercised earlier is lost. But a choice that is locked cannot be modified and saved afresh.

3.3 ONLINE seat allotment

During this step, the choices submitted by the candidates will be processed centrally and seats will be allotted in the order of merit as per AIEEE AIR on the basis of the locked choices. The allotment result will be available on the website www.ccb.nic.in. **Individual allotment letters will not be sent to the candidates.** However, candidates may get a printout of the allotment details from CCB website. Candidates who are allotted seats will have to personally report to one of the Admission Centers.

Seat allotment will be done in many rounds. In the *first round*, all the seats will be allotted to the candidates and the result indicating the institution and the branch allotted will be available on the website. In the *second and third* rounds, seats will be allotted against the available vacancies in the respective rounds, and the results will be available on the web site. In the second and third rounds, no fresh choice filling will be permitted; registered candidates will not be allowed to alter or resubmit their choices. After the third round, all the candidates who have been allotted seats (in whichever round) will have to report to the Admission Center (Option I candidates and all those candidates allotted a seat for the first time in the third round) and / or to the Allotted Institute (all Option II and III candidates).

The counselling / admission procedure after the third round of allotment requires actions by the candidates depending on what Option (I or II or III) they had exercised earlier. **Please read Section 4.3 very carefully for details.**

3.3.1 All India (AI) and Home State (HS) quotas

A candidate who is offered a branch in an institute under the home state quota will be considered for the same branch and institute but under All India quota in subsequent rounds subject to availability of vacant seats. Similarly, a candidate who is offered a seat under SC/ ST/ OBC category and/or PH sub-category shall be considered for allotment in OP category in subsequent rounds subject to eligibility and availability of vacant seats.

3.3.2 Cancellation of allotted seat

Candidates who, at any stage, cancel their provisional admission will not be considered for subsequent rounds of seat allotment.

3.3.3 Minimum educational qualifications

If candidates fail to satisfy the minimum educational qualifications prescribed (10 + 2 or equivalent), their allotment of the seat shall automatically stand cancelled and such candidates will not be considered for seat allotment in subsequent rounds, if any.

3.4 Reporting to Admission Center for provisional admission

Candidates who get a seat allotment for the first time in 1st, 2nd, or 3rd round shall report to any Admission Center within the dates stipulated for that round for taking the provisional admission. Generally, the reporting time at all the Admission Centers is 9.00 AM to 5.00 PM. The reporting procedure for provisional admission is as follows:

3.4.1 Document verification

Candidates shall carry the following documents at the time of reporting to the Admission Center:

1. Printout of locked choices and terms and conditions taken from the CCB website and duly signed by the candidate.
2. Originals for verification
 - i. Admit Card of AIEEE-2010.

 - vi. Certificate for Physically Challenged (PH) (Annexure IV).
 - vii. Passport, if the candidate has passed the qualifying examination from outside India; this is required for determining the 'State from which eligible'.
 - viii. Proof of place of examination Center of the final examination from the National Open School for candidates having Senior Secondary Certificate; this is required for determining the 'State from which eligible'.
3. Two sets of self-attested copies of all the documents listed above. The originals will be returned after verification and self-attested copies will be retained by the Admission Center.
4. Two passport size photographs identical to the one pasted on the AIEEE 2010 application form.

Note: If the original certificates are not in Hindi / English, duly certified Hindi / English version / translation of such certificates will be required.
