L&T called students from approximately 6 engineering colleges, from Mumbai University. Location was Mahape Navi-Mumbai.

Aptitude test was simple to solve and nearly 65% of students were cleared in Apti.

GD was our next Hurdle to cross from.

Bit one fine tip about GD I like to share with you all is that

1. Just speak lil bit in High tone of our voice so that you are audible to interviewer. Bcoz one of my friend who spoke very nicely but in soft voice got out of GD.

After clearing GD we were called for Technical Interview.

One to One interview were conducted.

Technical Interviewer: What is your name;

Me: Answered.

Technical Interviewer: Which Subject did u studied through out ur semesters related to IT/Computers.

Me: Answered.

Technical Interviewer: Asked me about OOOPS concepts.

Me: Answered.

Technical Interviewer: What are various Normalization technique in database.

Me: Answered.

Technical Interviewer: Tell Me about yourself.

Me: Answered.

Technical Interviewer: Some questions you need to asked?

Me: What do you think I am different from other and what are my shortcoming that I should work upon..??

Technical Interviewer: Answered

-----Technical Interview Over-----

HR Interview

HR: How was your day at L&T..??

Me: Answered.

-----HR Interview Over-----

Now waiting for my Results...
