

Educational / Training / Job opportunities After 10th & 12th

Career choice - one of the most important milestones in an individual's life involves self analysis, critical thinking and finally decision making.

The choice of the career is influenced by views of your parents, friends, relatives, teachers and the media. Today with a wider choice and an ever increasing competition, you need to plan your career wisely and at the earliest.

While choosing a stream after 10th, a training course or a career you should know your abilities, interests, aptitudes and personality. Besides these you should gather information regarding different career options, the eligibility criteria, the premier institutions/universities, and other criteria of selection and the market demands.

The present project undertaken by Education Department of Delhi on different educational and vocational courses available in Delhi and the Job opportunities through competitive examination after 10th and 12th aims at giving you the much needed information.

Hoping that it would help you in understanding what each course and a career entails and help you introspect and analyse the required abilities to be successful, happy and content in the course/career you choose.

The information is by no means exhaustive it is given to serve as an indicator of the institution where relevant courses may be available. For detailed and precise information about courses, it is advisable to correspond directly with the respective universities and institutions at the addresses and websites given.

The present work has been compiled and developed by the team of followings EVGCS under the able guidance of DDE (Schools) Mrs. Neelam Verma and Coordination of Ms. Manju Kumar (Incharge EVG Bureau).

- *Dr. Suniti*
- *Ms. Sunita Arora*
- *Ms. Rakhee Sharma*
- *Ms. Tripti Mohanta*
- *Ms. Deepa Saini*

The work is in its present form due to painstaking efforts of Mr. Satyanarayana Pd. Singh, Mr. Naveen and Mr. S.K. Gupta (EVGC)

INDEX

Certificate, Diploma & Miscellaneous courses in Delhi.

1. Admission/Entrance Exams for various schools in Delhi.
2. Vocational Stream / ITI/Polytechnic and Apprenticeship scheme.

27. Courses in Architectures & Planning
28. Career in Aeronautical / Air Craft Engg.
29. Other Engg. Courses.

Admission/Entrance Exams for various Schools in Delhi.

Rashtriya Indian Military College Dehradun Conducts entrance test for admission to Class VIII in the month of June for boys only.

Govt. of India started Jawahar Navoday Vidyalaya in the year 1986 in 27 states and 7 Union Territories for under privileged and deserving boys and girls. There are nearly 551 schools all over India. Maximum 80 students per school are selected through entrance test.

Delhi government started Rajkiya Pratibha Vikas Vidyalayas (RPVV) in the year 1997 with 3 schools. Now there are 19 RPVV's running successfully in Delhi. RPVV cater to the students who are studying in government/cantonment school for the last two consecutive years. They have to clear an entrance test for admission to RPVV in Classes VI & IX. However admission to Class XI is done on merit basis & criteria set for all the 3 academic and one vocational stream.

Entrance test for different schools

Vocational Stream, ITI, Polytechnics and Apprenticeship

Directorate of education, Delhi Vocational Branch introduced vocational education programme in the year 1977-78 by introducing vocational stream at the 10+2 stage. These courses are based on Engineering and Technology, Business and Commerce, Home Science, Health and Para Medicines, Agriculture, Computer etc. and are taught at 10+2 stage after 10th.

The Department of Training and Technical Education, Govt. of NCT, in its endeavour to provide technical and skilled manpower suited to various needs of industry is implementing craftsman training scheme. It imparts technical education and technological skills through industrial training institutes (ITIS). Apprenticeship scheme and AICTE approved polytechnics and Govt. aided Institutions affiliated to the board of technical education Delhi through various courses of study of different levels.

To meet the industry needs and make students employable Industrial Training institutes (ITIs) and Polytechnics impart skilled training in the form of 6 months, 3 yrs. certificate and diploma courses in engineering and other technical courses.

In addition to ITIs and Polytechnics a number of NGOs (Non Government Organisations) and other Government and Private institutes are also imparting technical training and education. There are 17 ITIs and 20 Polytechnics (10 Government run, 1

Government aided, 8 private and 1 run by Jamia Millia Islamia) providing training in Delhi.

Students have an option to take up technical jobs or study further through lateral entry scheme for degree courses after attaining a certificate or a diploma in concerned trade.

Self Employment

Job opportunities are not adequate enough to absorb a large number of Job seekers but there is a small enterprise of choice available for everyone, who is enterprising. Self Employment implies creation of a job for oneself, by engaging in a gainful economic activity and earning one's livelihood. One self employed person can create multiple job opportunities for others too.

If you are looking forward to being self employed you should possess certain qualities such as:

- capacity to work hard*
- Imagination*
- Fore sightedness*
- Sense of Responsibility*
- Inventive Ability*
- Self Confidence*
- Risk Taking Ability*
- Managerial Skill*
- Resourcefulness*

Different organisations offer services to young entrepreneurs for preparing project report, securing technical, financial and marketing assistance.

self employment opportunities after 10th & 10+2

Short Term Add-on Courses in the Universities

Universities in Delhi in collaboration with many private institutes have introduced various short term professional and add-on courses in their different colleges. The courses are meant for students studying in the colleges and the outsiders too. These courses have been introduced keeping in mind new job avenues being created by the globalization and Common-Wealth Games 2010.

Radio Jamia- the radio journalism department of Jamia Millia Islamia has introduced Radio Jockeying, anchoring and running commentaries on sports events as short term professional courses.

However, the courses may discontinue or new courses may be introduced as per the needs of market and interests shown by the students.

Job Opportunities through Competitive Examinations after 10 & 10+2

The Union Public Service Commission (UPSC) conducts selection examination for recruitment for the post of Indian Civil Service (IFS, IAS, IPS and Allied Services in Central Govt.) Doctors, Engineers, Economists, Geologists, Statisticians and Assistant Grade, Forest Service, Combined Defence Services for Graduates. For 10+2 pass students it conducts only two competitive exams i.e. National Defence Academy (NDA) and special Class Railway Apprentices Exam (SCRA).

The Staff Selection Commission (SSC) undertakes recruitment for middle and subordinate level posts of all the departments of the Govt. of India all over the country. generally the posts include clerks, assistants, inspectors of income tax, excise, customs, sub inspectors of police, CBI etc., stenographers, Grade C & D Exams, Auditors, Junior Accountants Exam, Hindi Pradhyapak, Junior Hindi translators, Transmission Executives (AIR) exams.

Railway Recruitment Board and Banking services also conduct competitive exams. Direct recruitment to posts and services in Class I and Class II in Railways is made through UPSC. The posts of Assistants stenographers and clerks in the Ministry of Railways are filled by SSC.

Recruitment for the rest of the group 'C' is done by 19 Railways Recruitment Boards.

For the posts of non technical office clerks, commercial clerks, Ticket Collector, Trains clerk, direct recruitment is made by RRBs (Railway Recruitment Boards) for 10+2 pass students.

For technical skilled categories such as Diesel / Elect. Assitant, skilled artisans, mechanical/electric, 10th & ITI certificate in relevant trade is required.

Armed Forces and Protective Forces

Donning the armed forces uniform fascinates many students. Joining Armed Forces and Protective forces doesnot simply signify a choice of one's career among many. The training imparted is both physically and intellectually demanding and continuous.

There is a common nationwide UPSC (Union Public Service Commission) exam for the three services through the National Defence Academy (NDA) after 10+2. The other points of entry in Defence are:

- An open Armed Forces Medical College (AFMC) exam for Medical service after 10+2 with science.*
- For Naval Academy (Engineering) after 10+2 with science.*
- Military Nursing service after 10+2 with science for girls.*
- Army Technical Entry Scheme after 10+2 with science.*

Besides above opportunities, other job options in Defence and protective services after X and XII are given.

CAREER OPTIONS IN LAW

Lawyers generally practice before judges in the Subordinate courts, Administrative tribunals, High courts and the Supreme courts. Their practice pertains to mainly private matters and public matters. Lawyers specialize in criminal law, real estate, civil law, tax law, international law, labour law, family law, constitutional law, corporate law, excise law, customs and transportations etc.. The jobs involve giving legal advice and representing clients in legal matters. Lawyers as advocates and advisers in court, present the facts of the case to the judges, cross examine witnesses and finally sum up the reasons as to why the court should decide in their clients favour. Lawyers also work in the legal department of firms, in defence services, as political advisers, in government legal services, with the judiciary as Magistrate, District and Session Judge, Munsif, Public Prosecutors, Solicitors, Attorney General, Advocates etc.

For Law you need to have good intellect, ability to assimilate and analyze facts, good judgment to distinguish the relevant from the irrelevant. Qualities of good speech and excellent presentation skills, integrity, character and mental and physical stamina are qualities of good lawyers.

CAREER OPTIONS IN MASS MEDIA & JOURNALISM

The mass communication industry offers opportunities in two major sectors: the print journalism and the electronic journalism. Journalists work for newspapers and magazines, with radio and television production teams. The work of a journalist involves both field and desk work. Chasing news stories, covering national and local events, telling the world what is happening where, why and how is the work of a journalist. The various job titles in this profession are; the editor, the sub editor, correspondent, reporters and freelance journalist, photojournalist etc. Jobs in television industry can be divided into reporting, anchoring and production. The main jobs relate to production of a programme and to its transmission. Production of a TV and radio programme involves the producer and his technical team etc. Journalists need to have broad based education, good general knowledge and a style of writing that is accurate, readable and informed. Journalists need to be observant, with keen interest in current affairs.

CAREER OPTIONS IN HOTEL MANAGEMENT

Manpower requirements for hotels are on the rise. Star hotels employ specialized trained staff for their various departments: food and beverages, housekeeping, accounting, marketing, recreation and other services, computer applicants, financial management, engineering, maintenance, security, fire fighting and public relations. The key departments in a big hotel are the Front Office department, Catering department, Housekeeping department, Accounts department, Engineering department and Personnel department. If you have an aptitude and attitude for service, liking for people, an outgoing and pleasant personality, capacity for hard work you could be successful in this profession.

After Class XII Diploma/Degree courses in hotel management are offered by Government and privately managed institutions and operated by hotel chains etc. Selection to most of the courses is conducted through entrance examinations, which includes a written test, interview and group discussion. All hotels take apprentices and provide them training of 6 months to two years.

CAREER OPTIONS IN FASHION DESIGN

Fashion designers create designs for garments of men, women and children. The designs created by them make the garments look attractive as well as functional. The designers need to keep a close track with fit, style, color; texture; size and material .The process begins with sketching the original idea on paper and then shaping the pattern pieces which make the garment. The pieces are then drawn in actual size on paper and cut out on a rough material. These pieces are then stitched together and fitted on a model. From the rough model sample garments are made in the final fabric. The work of a fashion designer is competitive, challenging and often involves teamwork. Fashion designing is also a very creative field. Success in this field is dependent more on inherent creativity and visual imagination. The job opportunities exist in export houses, retail and whole sale garment businesses, fashion show organizers, television and film industry. Self employment opportunities include selling designs and obtaining contracts with garment manufacturers or marketing garments.

Travel and Tourism

The tourism sector operates at 4 levels – (i) Central Govt. and State Govt. level (ii) commercial sector (iii) institutional sector – hotels (iV) service sector – interpreters , tourist guides, sales and publicity in the Govt. – Dept. of Tourism formulates policy, selects and develops tourist destinations, promotes International tourists, plans travel facilities etc.

Tourist information offices are scattered through out the country. In commercial sector it involves- providing transport services by air, railways, road and water ways to the tourists. A travel agency also has departments as tours, travel, accounts and cargo. The agency takes responsibility for planning, booking, advising travelers from all categories. Opportunities in tourism exist at all levels and in all sectors. If one has personal knowledge and experience of travel to major tourists destinations, hotels, places of interest, one would make a good travel agent. People in travel business, must possess social etiquettes, business tact and positive approach.

Class 12th students from all subject streams can choose to enter this sector. Courses at graduation levels in travel and tourism are offered by several universities Indian Institute of Travel and Tourism Management also offers short term courses after 12^h.

Cost & Works Accountancy

Cost accounting provides a system for effective utilization of money and provides the management with an effective system of appraisal and evaluation of investments and alternatives in monetary terms. The job involves evaluating and managing costs, value and management information systems. Cost accountants are involved in cost analysis; they collect, organize, collate and analyze all internal and financial information to evaluate regular critical analyses of past and present financial performance. They then make future projections which help to take important decisions in any company. Cost accountants monitor all costs from raw material and labour costs to transport, administrative costs, overheads on buildings etc..

They are responsible for budget control with the ultimate goal for maximization of profits. Cost and works accountants work with businesses, industries and financial organizations. One should have an analytical mind and good judgement skills. Cost and works accountancy can be studied after 10+2 or after graduation. ICWA foundation course is open to students who have passed the class 12th exam in any stream- Humanities, Science or Commerce. After the completion of foundation course, the student can register themselves for the ICWA programme which consists of intermediate and final levels.

CAREER OPTIONS FOR 10+2 STUDENTS IN MEDICAL & ALLIED FIELDS

MEDICINE

Medicine is a career has been valued very high because of its power to heal and save life. A doctor's profession involves a lot of hard work and at the same time, it brings along with it the satisfaction of having cured patients and of having alleviated pain and suffering. Doctors all over the world are treated with great respect and the scope and prospects in the medical field are always bright. Medicine in general encompasses both traditional Indian as well as modern allopathy. IN allopathic medicine the basic degree of MBBS is followed by a year of rotating internship, which provides hands on training in clinical examination, diagnosis and treatment of different ailments. A doctor's training and career centers around the hospital. There are multi specialty hospitals clinics, nursing homes or hospitals in defence or government hospitals to provide medical facilities.

The study and practice of medicine requires intense mental activity and constant updating of skills and knowledge. Dealing with patients in various conditions of illness, injury and trauma requires patience and compassionate outlook. You should be prepared to study for an extended period as the training is long and demanding. Team spirit is essential to be able to work with senior and junior doctors and paramedical staff.

PHARMACY

Pharmacists study the chemistry of drugs, their origin, procedures for drug developments, their preparations, dispensing effects and eventual uses for presentation and treatment of disease. Pharmacists work in four areas: hospital pharmacy, retail pharmacy, industrial pharmacy and research to develop new formulations, conduct clinical trials where drugs are tested for safety and effectiveness. They also work in marketing. Research pharmacists work in Pharmaceutical firms, research organizations and laboratories. If you have a scientific bent of mind and interest in medicine, pharmacy would be an interesting option. An ability to work methodically carefully and accuracy is needed. Registered Pharmacists work in various health centers, hospitals and medical dispensing stores and in pharmaceutical industries. They also work in Drug Control Administration as Drug Inspector. Study of Pharmacy can be pursued at the following levels – Diploma of 2 years, 3years, and Degree of 4 years duration after class XII with (PCM/B)

PHYSICAL & OCCUPATIONAL THERAPY

Physiotherapists and Occupational therapists are paramedic professionals, while physiotherapists restore mobility alleviate pain and suffering and work to prevent disability inpatients. Occupational therapists treat patients with physical and spastic disabilities, premature infants, disabled children etc. People affected by physical or mental injury or illness or by aging process need to develop special skills for performing normal acts so as to sustain themselves without being a burden on any individual. Paramedics work in coordination with treating physicians. If you value service to patients, have patience, dedications and concern for the physically disabled, this is a profession which will be immensely satisfying. Physiotherapists work in hospitals orthopedic departments and rehabilitation centers for the handicapped, schools for the mentally retarded and physically disabled children. Training for these paramedical professionals extends over 4 ½ period fro degree courses. The courses can be pursued after class XII with Physics, Chemistry and Biology.

Indraprastha University Kashmere Gate New Delhi.- 110403 www.ipu.ac.in
3	<p>Jamia Hamdard University</p> <p>(i) Bachelor of Physiotherapy (BPT)</p> <p>(ii) Bachelor of Occupational Therapy(BOT)</p>	4 ½ yrs.	12 th class with PCB with 50% marks.	Common Entrance Test for BPT, BOT conducted by the University	April	Faculty of Pharmacy, Hamdard University Jamia Hamdard, Hamdard Nagar, New Delhi-110062

OTHER PARA-MEDICAL COURSES

S.No.	Name of Course / College	Duration	Eligibility	Schemes of Examination	Imp. Dates	Institute Address & Website
1.	B.Sc. Hons. (Ophthalmic Techniques)	3 Years	12 th class with PCB with 50% marks.	Entrance Examination of 1 ½ hr. duration in PCB Objective type	Notification- March/April Date of Exam- June	All India Institute of Medical Sciences (AIIMS), Ansari Nagar, New Delhi www.aiims.edu
2	B.Sc. Hons. (Medical Technology in Radiography)	3 Years				

CAREER OPTIONS IN ENGINEERING & TECHNOLOGY

Engineers design machinery and equipment, consumer goods, electrical, electronics equipment of plan construction of highways, buildings, dams and bridges. They work in diverse sectors such as chemicals, environment, defense, in biomedical engineering. Their job incorporates application of engineering techniques for manufacturing processes; they work in maintenance, production or testing. They carry out quality control procedures and supervise production units.

The study of engineering has a range of specialization: Civil Engineering, Mechanical Engineering, Electrical Engineering, Aerospace Engineering, Automobile Engineering, Chemical Engineering, Computer Engineering etc.

COURSES IN ENGINEERING & TECHNOLOGY

SN	Name of Course/College	Duration	Eligibility	Scheme of Examination	Important dates	Institute Address/Website
I	All India Engineering Entrance Examination(AIEEE) for B. Tech. Courses (for 15% seats in Engineering Colleges all over India) Conducted by CBSE.	4 Years	Pass in 12 th with PCM	One paper consisting of three parts : Physics, Chemistry and Math	Notification : Nov./Dec. Submission of Form: Jan Test: April end	Central Board of Secondary Education (CBSE), Preet Vihar, Delhi www.cbse.nic.in
II	Joint Entrance Examination(JEE) for B. Tech by Indian Institute of Technology	4 Years	Pass in 12 th with PCM with 60%	Two papers of 3 hours duration each divided in three parts	Notification : Nov./Dec. Submission of Form: Jan Test: April 2 nd week	Indian Institute of Technology, Hauz Khas, New Delh-16 www.jee.iitd.ac.in

III	Combined Entrance Examination by University of Delhi for admission to B.E. course for Delhi region (in all Engineering fields)		10+2 with Maths & Science, 60% marks in aggregate of PCM(50% for SC/ST, 55%for Physically handicapped and Defence)	CEE for admission to Bachelor of Engineering. Consists of objective type questions in Physics, Chemistry and Maths	Notification in the 2 nd week of March, Submission: 1 st week of April. Test: Last week of May	Faculty of Technology, Delhi University Room No. 13, HCFF, First floor, (Health Centre), Delhi. www.du.ac.in
(a)	Delhi College of Engineering (BE)	4 Years		As above		Bawana Road, Delhi-42. www.dce.edu
(b)	Netaji Subash Institute of Technology	4 Years		As above		Sector 3, Dwarka (Pappankala) New Delhi. www.nsit.ac.in
IV	Guru Gobind Singh Indraprastha University					
(a)	B. Tech. in (i) Information Technology (ii) Computer Science & Engg. (iii) Electronics & Communication Engg. (iv) Mechanical & Automation Engg. (v) Power Engg. (vi) Electrical & Electronics Engg. (vii) Civil Engg. (viii) Instrumentation and Control Engg.	4 Years	10+2 with Maths & Science, 50% marks in aggregate of PCM	Admission to various programmes in these courses is based on merit in CET(Common Entrance Test) consisting of one paper of equal Weightage to Physics, Chemistry and Maths	Notification in Jan., Submission: March end Test: Last week of May	Guru Gobind Singh Indraprastha University, Kashmere Gate, Delhi-6 www.ipu.ac.in

(b)	Admission to various programmes in these courses is based on merit in CET(Common Entrance Test) consisting of one paper of equal Weightage to Physics, Chemistry and Maths	4 Years + 2 years	10+2 with Maths & Science, 50% marks in aggregate of PCM	Admission to various programmes in these courses is based on merit in CET(Common Entrance Test) consisting of one paper of equal Weightage to Physics, Chemistry and Maths	Notification in Jan., Submission: March end Test: Last week of May	
(c)	Lateral Entry B.Tech.	4 years	3 year Diploma in Engg/B.Sc	Entrance Test		
V	B.Tech. (Jamia Millia Islamia University)	4 Years	10+2 with Maths & Science, 45% marks in aggregate of PCM	Entrance Test One paper consisting of 3 sections- Physics, Chemistry Maths 3 hrs. duration Weightage 170 marks , 30 marks for Interview	Notification in April Submission: May end Test: June	Faculty of Engineering &Technology, Jamia Millia University, Jamia Nagar, , New Delhi-25 www.jmi.ac.in

ARCHITECTURE

Architecture is the area of study and work which deals with designing and planning of buildings and structures. Architects are trained basically trained to organize space and know all the technical requirement of a building.

Architects work with architectural firms, in entrepreneur ventures, with Government Departments and Construction industry.

Architects are taught in architecture departments in Engineering Colleges, in Architectural Institutes both Govt. and Privates. B.Arch. is a 5 year course after 10+2. A student who has studies physics, Mathematics and Chemistry can apply for admission to a college.

COURSES IN ARCHITECTURE & PLANNING

SN	Name of Course/College	Duration	Eligibility	Scheme of Examination	Important dates	Institute Address/ Website
I	School of Planning & Architecture (i) B.Arch. (ii) B. Planning	5 years 4 years	10+2 with Maths & Engg. Drawing 50% marks in aggregate	Entrance Examination conducted by AIEEE consisting of Maths and Architectural aptitude.	Notification : Nov./Dec. Submission of Form: Jan Test: April end	School of Planning and Architecture, 4 Block, B, I.P Estate, New Delhi-2 www.spa.ernet.in
II	Faculty of Architecture & Ekistics, Jamia Millia Islamia. B.Arch.	5 years	10+2 with 50% marks in Maths, English, Physics & Chemistry	Entrance Test : 2 Papers of 2 hours and 3 hours duration Paper I – Physics, Chemistry and Maths ,Objective type – 70 marks Paper –II – Aptitude Test – 100 marks followed by Interview – 30 marks Medium -English	Notification in April Submission: May end Test: June	Faculty of Engineering & Technology, Jamia Millia University, Jamia Nagar, , New Delhi-25 www.jmi.ac.in
III	B.Arch (Guru Gobind Singh Indraprastha University)	5 Years	12 th Class with Maths (50%) OR 10+3 years Diploma in Architecture	On the basis of National Aptitude Test of Architecture (NATA) Scores – Conducted by Council of Architecture	Notification in Jan., Submission: March end Test: Last week of May	Guru Gobind Singh Indraprastha University, Kashmere Gate, Delhi-6 www.ipu.ac.in

IV	B.Arch. (IIT/JEE) Roorke & Kharagpur	5 Years	Pass in 12 th with PCM with 60%	Separate Aptitude test after obtaining rank in IIT	Notification : Nov./Dec. Submission of Form: Jan Test: April	Indian Institute of Technology, Hauz Khas, New Delh-16 www.jee.iitd.ac.in
----	---	---------	--	--	--	--

COURSES IN MARINE ENGINEERING

I	Degree course in Marine Engineering.	4 years	<p>Pass in 12th with PCM with 60%</p> <p>Unmarried (male/female) Indian Citizens Maximum: 20 years old on 1st October in the year of admission. SC/ST: relax able by 5 years</p>	<p>Qualify in IIT-JEE Examination.</p> <p>Application to Indian Institute of Maritime Studies (IIMS), Mumbai.</p> <p>Counseling of the selected candidates (Tentatively Last week of July/ First week of August).</p>	<p>Notification : Nov./Dec.</p>	<p>Marine Engineering & Research Institute, P-19, Taratolla Road. Kolkata: 700 088. West Bengal, India. Phone: (033) 2401 4673/4674/4675/4676/4678/3677, 2401-1943/1944/1945 . Fax: (033) 2401 4431/4333.</p>
I I	<p>B.Sc. (Nautical Sciences) DEGREE COURSE T. S. Chanakya Training Ship</p>	3 Years	<p>All unmarried citizens of India. b) Not more than 20 yrs. of age as on 1st Oct. of the year of entry.. c) Passed 10 + 2 with Physics, Chemistry, Math & English</p>	<p>Qualify in IIT-JEE Examination.</p>	<p>Submission of Form: Jan Test: April 2nd week</p>	<p>T. S. Chanakya Superintendent (I/C) Karave, New Mumbai-400 706 Tel No:022-27703876/27701935/36 e-mail:tschanakya@hotmail.com</p>

AERONAUTICAL/AIRCRAFT ENGINEERING

This field of engineering deals with the development of new technology in the field of aviation, space exploration and defence systems. It specializes in the designing, construction, development, testing, operation and maintenance of both commercial and military aircraft, spacecrafts and their components as well as satellites and missiles. One needs to be alert, have an eye for detail and should have a high level of mathematical precision to be successful.. Engineers may work in areas like design, development, and maintenance as well as in the managerial and teaching posts in institutes. They find a very good demand in airlines, aircraft manufacturing units, air turbine production plants or design development programmes for the aviation industry

.

COURSES IN AERONAUTICAL/AIRCRAFT ENGINEERING

SN	Name of Course/College	Duration	Eligibility	Scheme of Examination	Important dates	Institute Address/ Website
I	B.Sc.(Civil Aviation) Indira Gandhi National Uran Academy, Raibareli	3 Years	10+2 with English, Physics & Maths	Written Test and Pilot Aptitude Test	Last date July	Indira Gandhi National Uran Academy, Raibareli www.igrua.com
II	B.Tech.(Aeronautical Engg)	4 Years	Same as in JEE(IIT)	Qualify JEE	As per IIT	IITs Indian Institute of Aeronautics, Punjabi Bagh, New Delhi Delhi Institute of Aeronautical Studies, Chirag Delhi, New Delhi School of Aeronautics, Palam, New Delhi School of Aviation Science and Technology, Delhi Flying Club, New Delhi

OTHER ENGINEERING COURSES

SN	Name of Course/College	Duration	Eligibility	Scheme of Examination	Important dates	Institute Address/ Website
I	B.Tech.(Agricultural Engg)	4 Years	10+2 with English, Physics ,Maths & Chemistry	Written Test	March April	Indian Council of Agricultural Research, Pusa, New Delhi.
II	B.Tech.(,Mining Engg) Indian School Of Mines (ISM) - Dhanbad Campus	4 Years	10+2 with English, Physics ,Maths & Chemistry	Written Test along with JEE	March April	Indian School Of Mines (ISM) - Dhanbad Jharkhand, India and IITs

ACADEMIC COURSES FOR SCIENCE STREAM IN DELHI UNIVERSITY

SN	Name of Course/College	Duration	Eligibility	Scheme of Examination	Important dates	Institute Address/ Website
1.	B.Sc. Hons. Biomedical Science	3 Years	10+2 with 55% marks in PCB/Bio Technology	Entrance Exam from PCB/Bio technology	June	Bhaskaracharya College of Applied Sciences, Sector -2 Phase-I, Dwarka, Delhi-75 University of Delhi www.du.ac.in
2	B.Sc. Hons. in <ul style="list-style-type: none"> • Physics • Chemistry • Electronics • Polymer Science 	3 Years	10+2 with 50% marks in PCM & English	Admission as per Delhi University cut off list	June	University of Delhi www.du.ac.in
3	B.Sc. Hons. in <ul style="list-style-type: none"> • Geology • Anthropology • Biochemistry • Botany • Zoology 	3 Years	10+2 with 50% marks in PCB/Bio Technology	Admission as per Delhi University cut off list on merit bases	June	University of Delhi www.du.ac.in
4	Bachelor of Applied Science (Hons) <ul style="list-style-type: none"> • Instrumentation • Electronics 	3 Years	10+2 with 60% marks in PCM & English	Admission as per Delhi University cut off list on merit bases	June	University of Delhi www.du.ac.in

5	Bachelor of Applied Science (Hons) <ul style="list-style-type: none"> • Food Technology 	3 Years	10+2 with 60% marks in PCB & English	Admission as per Delhi University cut off list on merit bases	June	University of Delhi www.du.ac.in
6	Bachelor of Science (Hons) <ul style="list-style-type: none"> • Computer Science (Hons) • Statistics (Hons) 	3 Years	10+2 with 60% Maths & English as compulsory subject	Admission as per Delhi University cut off list on merit bases	June	University of Delhi www.du.ac.in
7	B.Sc. (General) <ul style="list-style-type: none"> • Physical Sciences • Applied Physical Sciences 	3 Years	10+2 with 45% marks in PCM & English as compulsory subject	Admission as per Delhi University cut off list on merit bases	June	University of Delhi www.du.ac.in
8	B.Sc. (General) <ul style="list-style-type: none"> • Life Sciences • Applied Life Sciences 	3 Years	10+2 with 45% marks in PCB/Bio Technology	Admission as per Delhi University cut off list on merit bases	June	University of Delhi www.du.ac.in
9	B. Sc Home Science (Hons)	3 Years	10+2 with 45% marks in PCB/Bio Technology	Admission as per Delhi University cut off list on merit bases	June	Lady Irwin College, Sikandra Road, New Delh-1 University of Delhi www.du.ac.in
