1. Introduction

1.1 Programme of Action (PoA), 1992 under the National Policy on Education (NPE), 1986 envisaged conduct of a common entrance examination on all India basis for admission to professional and technical programmes in the country. For admission to Engineering and Architecture/Planning programmes, Government of India vide Resolution dated 18th October 2001 has laid down a Three – Exam Scheme (JEE and AIEEE at the National Level and the State Level Engineering Entrance Examinations (SLEEE) for State Level Institutions – with an option to join AIEEE). This takes care of varying admission standards in these programmes and helps in maintenance of professional standards. This also solves problems of overlaps and reduces physical, mental and financial burden on students and their parents due to multiplicity of entrance examinations.

1.2 The Eighth All India Engineering Entrance Examination (AIEEE) was held on 26th April, 2009. 9,62,119 candidates appeared, out of 10,10,061 candidates registered, for the examination at 1,460 centres located in 85 cities. Approximately, 23,676 seats for BE/B.Tech & 855 seats for B.Arch/B.Planning in various institutions, namely National Institutes of Technology, Deemed Universities, Technical Institutions and other Govt. funded Institutions were offered through this examination. A centralized online counselling had been organized for filling up the All India seats by the Central Counselling Board..

The States/Institutes listed below used AIEEE-2009 ranks to fill seats through their own counselling:- West Bengal, Himachal Pradesh, Haryana, Uttarakhand, Punjab University, Chandigarh, Punjab Engineering College, Chandigarh, Dhirubhai Ambani Institute of Information and Communication Technology, Gandhinagar, Army Institute of Technology, Pune, 15% all India quota for D C E/ N.S.I.T, Delhi under Delhi University.

1.3 Keeping in view greater variety of subjects offered by different School Boards at the 10+2 (Class – XII) level, more subject combinations in qualifying examination (10+2) would now be possible. **For the convenience of candidates, provision for on-line submission of Application Form has also been made.**

1.4 This year many other institutions are expected to admit students through AIEEE. Decision in this regard will be taken by the Central Counselling Board to be constituted by MHRD and a list of tentative institutions joining the CCB will be placed on the website of CCB i.e. www.ccb.nic.in.

A list of nomenclature of courses approved by AICTE at the undergraduate level in Engineering and Architecture/ Planning is given in **Appendix-II**.

IMPORTANT INSTRUCTIONS FOR MARKING THE RESPONSES

- i) Out of four alternatives for each question, only one circle for the correct answer is to be darkened completely with blue/black Ball Point Pen. For example Question No. 008 in the Test Booklet reads as follows:
Qutub Minar is situated in
 - (1) Delhi
 - (2) Mumbai
 - (3) Agra
 - (4) Bangalore

The correct response to this question is (1) Delhi. The candidate will locate Question No. 008 in the Answer Sheet and darken the circle (1) as shown below:

008

- ii) Use Blue or Black Ball Point Pen to completely darken the appropriate circle, i.e. one circle for each entry. The answer once marked is not liable to be changed. Use of pencil is strictly prohibited. If any candidate use the pencil for darkening the answer sheet, his/her answer sheet will be rejected.
- iii) A light or faintly darkened circle is a wrong method of marking and liable to be rejected by the Optical Scanner.
- iv) If the candidate does not want to attempt any question he/she should not darken the circle given against that question.
- v) Please do not fold the Answer Sheet and do not make any stray marks on it.

4. **ROUGH WORK**

The candidate will not do any rough work on the Answer Sheet. All rough work is to be done in the Test Booklet itself.

5. **CHANGING AN ANSWER IS NOT ALLOWED**

The candidates must fully satisfy themselves about the accuracy of the answer before darkening the appropriate circle as no change in answer once marked is allowed. Use of eraser or white/correction fluid on the Answer Sheet is not permissible as the Answer Sheets are machine gradable and it may lead to wrong evaluation.

Wrong/Correct way of marking

Wrong Method	Correct Method
021	021
022	022
023	023
024	024
025	025
026	026
027	027
028	028

If more than one circle is darkened or if the response is marked in any other manner or as shown in 'Wrong Method' above, it shall be treated as wrong way of marking.

- 6. Prior to handing over the Answer Sheet soon after the examination is over, the candidate must sign the attendance sheet as a proof thereof. **The examinee is permitted to carry the Text Booklet,**
