

Dated: 27th Sept, 2012

Question Paper Pattern for Ph.D. (Computer Science) Entrance Test

Date: 29th September, 2012

Time: 11.00 am to 2.00 pm

Venue: Class Room Block, IGNOU Campus, Maidan Garhi, New Delhi

1. The question paper consists of **two parts** namely **Part A** and **Part B**. Part A consists of 100 multiple choice questions with one or multiple answers for each question.
2. Time duration for Part A is 1 ½ hours and Part B is for 1 ½ hours respectively.
3. You have to mark all the correct options as answer for each multiple choice question.
4. 1 mark will be awarded for complete correct answer (i.e all correct options are correctly attempted by the candidate).
5. For partial correct answers for each multiple choice question, the marks will be awarded accordingly.
6. Marking of even a single wrong option for each multiple choice question will lead to zero marks for that question.
7. Part B consists of 8 descriptive type questions (Q1 – Q8) out of which (Q1- Q3) are compulsory. Attempt **any two** questions from (Q4 – Q8). Each Question carries 20 marks.

Special Note:

Part B will be evaluated for those students who qualify in Part A. The qualifying criteria will be decided as per the University's guidelines.
