About CCMT

Centralized Counselling for M.Tech./ M.Arch./ M.Plan. (CCMT) is a convenient platform for the students to apply for M.Tech./ M.Arch./ M.Plan. programmes, based on their GATE score of years 2014 and 2015, in 28 NITs and reputed Centrally Funded Technical Institutions namely Central University of Rajasthan, Institute of Technology, Guru Ghasidas Vishwavidyalaya, Bilaspur, ABV-IIIITM Gwalior, IIITDM Jabalpur, IIIT Allahabad, IIIT Srirangam, Sant Longowal Institute of Engineering and Technology (SLIET) Longowal, Indian Institute of Engineering Science and Technology (IEST) Shibpur, National Institute of Foundry and Forge Technology (NIFFT) Ranchi, and School of Planning and Architecture (SPA) Vijayawada. This centralized system has replaced the older system, where students had to apply individually to various institutes and go to every institute for appearing in interview/counselling. The older system caused a lot of difficulties to students such as filling multiple applications, travelling long distances to various institutes across the country and missing some institutes due to overlapping admission dates. Centralized counselling has provided a system wherein the students can fill one online application form from their homes and apply to all programmes in all the participating institutions to which they are eligible. The overall convenience of students has been enormously increased due to centralized counselling.

The CCMT was successfully organized by MNIT Jaipur in 2012, 2013 and 2014. This year, CCMT is being organized by NIT Rourkela and four new participating Institutes namely NIT Manipur, NIT Sikkim, Indian Institute of Engineering Science and Technology Shibpur and IIIT Srirangam have joined in the centralized counselling.

New features of CCMT 2015

- Travel to destination institute before starting of classes for taking admission is not necessary
- Full fee payment on-line to CCMT before provisional admission letter is generated.
- National Spot Round (NSR) with non-refundable (if allotted a seat) advance deposit of ₹40,000/- (OC/OB) or ₹10,000/- (SC/ST) and advance document verification.

1. Introduction

Centralized Counselling for M.Tech. / M.Arch./ M.Plan.admissions (CCMT) 2015 is an on-line admission process for all National Institutes of Technologies (NITs) and several other Centrally funded institutes viz. IITM Gwalior, PDPM IITDM Jabalpur, SLIET Longowal, NIFFT Ranchi, SPA Vijayawada, IIT Allahabad, Central University of Rajasthan, Institute of Technology, Guru Ghasidas Vishwavidyalaya, Bilaspur, and IEST Shibpur. These are the premier institutions of the country, under the aegis of Ministry of HRD, Government of India, for imparting world class technical education. As decided by the Core Committee, Counselling for centralized admission to postgraduate programs in all these institutes will be starting from 4th week of April 2015. This Centralized Counselling for M.Tech./M.Arch. / M.Plan. Admissions (CCMT) will coordinate admissions to PG programmes in engineering, technology and architecture in respect of abovementioned institutes (hereinafter called 'Participating Institutes').

Important features of the admission procedure, admission schedule, list of reporting centers (RC), list of participating institutes (PI), seat distribution and eligibility matrix of the participating institutes, academic calendar and fee structure of participating institutes, fee refund rules, and contact addresses etc. are given in this brochure. Candidates are advised to read this brochure carefully and visit the website www.ccmt.in regularly for updates and other details regarding the entire online admission process.

The entire counselling process consists of three stages:

1. Online registration, choice filling and locking of choices: In this process, all candidates eligible for central counselling should register themselves by paying the requisite registration fee for counselling through the CCMT website during the specified period given in the Schedule (Section 5.7) from the places convenient to them. During the registration process, candidate would need to pay the registration fee online using the e-payment gateway facility (Net banking/ credit card/debit card) or through NEFT, during the specified period given in the Schedule (Section 5.7). After registration fee payment, candidates will be able to exercise their programme choices across all Participating Institutes on CCMT website using Internet during specified period given in the Schedule (Section 5.7). Candidates may take assistance at the Help Centres (Annex – VIII) for registration and choice filling.

2. Online Seat Allotment, initial fee deposit and personal reporting to a Reporting Center: Candidates will be offered seats based on their choices in order of merit (see Rules for deciding merit for details) over multiple rounds of allotment. Candidates who are allotted a seat (i.e. offered admission) will have to deposit part of the Institute fee using the e-payment gateway facility (Net banking / credit card/ debit card) or through NEFT, and then personally report to any one of the 'Reporting Centers' (RC) (Annex – VIII) as per the schedule given in the brochure during the specified time frames, get the original documents verified, submit photocopy of documents and proof of the part of the Institute fee payment to mark their acceptance of the offer of seat and exercise "upgrade Options" (described later), if opted. On satisfactory verification of all relevant documents and having paid requisite fee, candidate will be issued a Document Verification Note (DVN).

3. Getting Admitted to 'Allotted Institute': All the candidates those who have got seats and reported at any RC during any of the three rounds (i.e. 1st, 2nd, or 3rd round) have to complete the admission process by paying the balance institute fee from own computer (through Net banking/Credit Card / Debit Card) or from a local bank (through NEFT) as per the schedule given in Section 5.7. Upgraded candidates will also have to follow the same procedure for paying the balance Institute fee in order to complete the admission process. The total institute fees for all the PIs are given in Annexure - X. After paying the balance institute fee, the students can download the provisional admission letter from the CCMT website one day after paying the balance institute fee and before the last date as given in the Flow chart. Then, the students may directly proceed to the respective allotted institutes with the original documents as mentioned in Section 6.4.1, Document Verification Note (DVN) signed by the RC officials and the provisional admission letter downloaded from CCMT website for taking the final admission and attending the classes as per the academic calendar of the respective institute (Annexure - XI). The candidates are further advised to look at the website of the allotted institute from time to time for updated information related to the reporting period / starting of classes etc. at the allotted institute. For the candidates who are allotted seats in NSR, the detailed process is given in Section 7.4.

In case of any dispute arising out of the counselling process at any stage up to the final allocation of institution and / or programme, the decision of Chairman, CCMT-2015 shall be final. The jurisdiction for legal disputes, if any, will be limited to the High Court of Odisha at Cuttack only.

For smooth and flawless admission procedure, it is advised that candidates should carefully follow the admission procedure given in this brochure. The procedure offers enough flexibility at every round of allotment and candidates are supposed to co-operate by not prolonging their final decision on admission after seat allotment. This will facilitate in catering to the needs of larger number of candidates seeking admission through CCMT.

This counselling is not for candidates seeking admission to Sponsored and Part Time seats. They should contact respective Participating Institutes for the admission.

Candidates who have reported during the *first round* and given the options as I or II, may change their **Option** from **Option I to Option II**, or **Option I to Option III** OR **Option II to Option III**, during second round of reporting, if they want to do so. Candidates who give **Option II** in third round can complete their provisional admission process by paying the balance institute fee using their own computers (**through Internet Banking/Credit Card /Debit Card**) or from a local bank (**through NEFT**) during the prescribed period given in Section 5.7 and wait for internal sliding.

Candidates who are not satisfied with the allotment but already paid the part institute fee ₹20,000/- should report to the same Reporting Center for surrendering their seats and getting their choices unlocked during third round of reporting in order to participate in NSR. The part institute fee will be refunded later after deducting ₹1000/- towards processing fee. All candidates, who surrender their seat, forfeit all claims on the seat allotted to them. 2. As per the eligibility of the candidate, available programmes related to Institute and Department will be displayed. However, there may be some cases of not checking all eligible conditions by the online process. It would be the responsibility of the candidate to ensure that she/he fulfills all the necessary eligibility conditions of the M.Tech./M.Arch./M.Plan. programme before filling that programme as a choice. They are advised to go through the brochure (eligibility and special eligibility conditions) or seek information from individual Institute's website or by contacting Institutes themselves regarding eligibility conditions of their programmes.
3. Candidate can fill in as many choices in the order of preference as she/he wishes from the list of available programmes.
4. Candidates are permitted, if they so desire, to change or re-order their choices, delete earlier choices and add new choices any number of times until they lock their final choices. Choices should be positively locked by the closing date given in the schedule (Section 5.7).
5. If a candidate does not fill even a single choice before the last date of registration, she/he will not be allowed to participate in the counselling process.
6. If a candidate does not register, she/he cannot participate in any round of the counselling process including NSR.
