Graduate Trainee Engineer Interview

Anonymous Interview Candidate in Hyderābād

No Offer | Positive Experience | Average Interview

Application
I applied online. The process took 2+ months. I interviewed at Syntel (Hyderābād) in April 2016.

Interview
It was a off campus drive by syntel.
i cleared the written test of same previous pattern i.e
Quants ,verbal , Reasoning 30 q and 20 min for each

Rounds:
1)Written Test
2)Group Discussion
3)Technical Interview
4)HR Interview

Group Discussion:

The GD includes 10 members and the topic given to us is "Compare Education System in India to Foreign Education System".

I haven't spoken for about 2 min then i just added three points

Graduate Engineer Trainee Interview

Anonymous Employee in Vijayawāda

Accepted Offer | Positive Experience | Average Interview

Application

I applied through college or university. The process took 2 days. I interviewed at Syntel (Vijayawāda).

Interview

Offcampus interview. First written exam was conducted for some 1600 students. around 100 got selected in written test and scheduled for interview next day. Written exam has questions on english, aptitude. It felt similar to GRE, but difficulty level is less

Accepted Offer Positive Experience Average Interview

Application
I applied through college or university. The process took 1 day. I interviewed at Syntel (Indore) in March 2016.

Interview
They conduct a written test which is not very difficult but time is very less..i mean i was able to read only first 10 questions properly..their are 3 sections including 30 questions in each and u have 20 minutes for each section..but yes luck and smart work is necessary to pass that test
after clearing written test they send admit cards for interview process
1. First round is GD : you just…

Associate Software Trainee Interview

Anonymous Employee

Accepted Offer | Positive Experience | Easy Interview

Application
I applied through college or university. The process took 4+ weeks. I interviewed at Syntel in March 2016.

Interview
There are 4 round that this company hires through. First was an online aptitude test conducted over METTL platform. It was easy to score with aptitude, verbal and reasoning questions.
The result of this test came after a month when we were mailed about the interview process date and location.
There was a presentation which lasted about 20 minutes. The three rounds for this day were
1. GD
2. Technical Interview
3. HR

Groups of 10…

Software Developer Interview

Anonymous Interview Candidate in Indore

No Offer | Positive Experience | Average Interview

Application
I applied online. The process took 2+ months. I interviewed at Syntel (Indore) in March 2016.

Interview
I applied through college via the Syntellect Exam that consisted of Aptitude and Technical Rounds. The difficulty was average, after a month the selected candidates were invited for the recruitment process in a college in the city. About 800 people showed up, there were 3 rounds. First, there was Group Discussion, all you had to do was to speak. If you even speak one or two points that were germane…
