

INDIA'S TOP WORK-INTEGRATED LEARNING PROGRAM

Earn an M.Tech degree with a monthly stipend and college fee

WASE

WASE (Wipro Academy of Software Excellence) is a unique program launched by Wipro in 1995. It offers BCA & B.Sc.(CS) students a chance to pursue higher education – M.Tech in Software Engineering in collaboration with Birla Institute of Technology & Science (BITS), Pilani (Rajasthan, India).

With these programs, students gain industry exposure and real-time practical knowledge on live projects during the weekdays, thereby developing their technical skills in the ever-evolving IT world. Both WASE & WiSTA impart the best training for soft skills and provides project experience along with a monthly stipend, which increases every year.

WiSTA

The WiSTA (Wipro Software Technology Academy) is a program launched by Wipro in 2011, in partnership with the prestigious VIT University, Vellore. The program offers B.Sc. and B.Com(CA) students to attain a M.Tech degree in Information Technology from the University.

Third Academic Year – 19,000/-

Fourth Academic Year – 23,000/-

Selection Process

Eligible Stream

BCA

B.Sc.All branches

B.Com(CA)

Excluded Branches as below

- » Nursing & Medical Related
- » Food Technology
- » Polymer Chemistry
- » Apparel & Fashion Technology
- » Agriculture
- » Costume & Interior Design

Designation: Student – Computer Applications

Year of Completion: 2016

ALUMNI COLUMN

Sneha S

Program : WASE
Business Unit : Global, Media & Telecom

Being a girl, I was initially hesitant and reluctant to step into a professional organization, but my anxiety got over after seeing that girls from my batch as well as seniors have outnumbered boys in the WASE program. I feel very comfortable working in a secure and safe environment at Wipro. If I have to work late night, Wipro provides transportation with an escort to drop me home.

Program : WASE
Business Unit: Services & Revenue

Wipro helped me get in touch with my seniors who are already a part of various domains working with different technologies. My seniors guided and mentored me from the very day I joined Wipro, and have continued doing so, in this journey of learning and working at Wipro.

Nitesh Kumar.G

Mohit Sharma

Program : WASE
Business Unit : Retail

After joining Wipro, I went through Project Readiness Program (PRP) module for the first three months. I was thrilled to see my stipend cheque at the end of the first month. I was being paid as well as being taught and this made me feel happy, independent and confident. I spent my first month's stipend on near and dear ones. I can now say that I am proud to be a part of the WASE program.

Sandeep Sharma

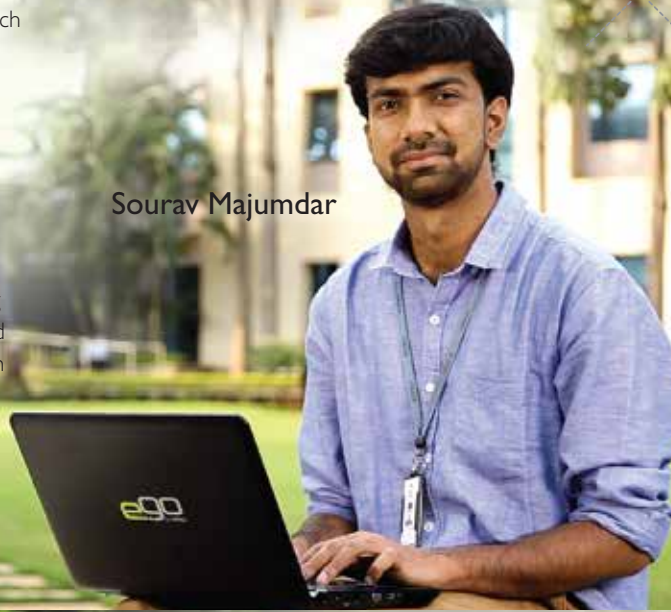

Program : WISTA
Business Unit : Services & Revenue

I completed BCA and wanted to study MCA later. I came across this wonderful 'Earn While You Learn' program of Wipro and consulted my seniors who are a part of this program. I got to know that after completion of the program, students get an opportunity to earn 5 – 6 lakhs per annum, along with a four year work experience and a master's degree from (BITS Pilani or VIT Vellore), whereas my classmates who pursued MCA lacked this four years' experience as well as the world-class training.

Program : WASE
Business Unit : Manufacturing & Hi Tech

I lived with my parents till graduation and hence they were uncomfortable to send me to a new city for a new job. I am glad that I decided to join this program, although it's in a city far from my hometown. Now, I share an apartment with a colleague who is also from a different state. It has been a great learning experience. By living away from family and friends, I have learnt a lot about leading an independent life.

Sourav Majumdar

Program : WISTA
Business Unit : Insurance

The WISTA program provided me with an opportunity to work and fulfil my dream of higher education with Vellore Institute of Technology (VIT), one of the most prestigious institutes. Additionally, I got an opportunity to work on latest technologies in my projects. This helped me better my understanding of the concepts and theories which were taught in master's program over the weekend lectures.

Neetha

Pallavi Hegde

Program : WASE
Business Unit : Retail, Consumer Goods, Transportation & Government

I joined WASE Program in 2007. I got an opportunity to work in the USA. After staying in the USA for a few years working with cutting-edge technologies, I decided to come back. I got married and settled down in India. Wipro provided me the perfect blend and balance in my personal and professional life. Now I am working in Bangalore and planning for another onsite opportunity in a new country along with my husband.

Sindhu Jaganathan

Program : WASE
Business Unit: Securities

Wipro is indeed a dream come true for me. It has given me and thousands of students like me, a chance to explore the world of opportunities in cutting-edge technologies. My family is very happy and proud of me for being a part of this great organization which is also one of the most ethical companies in the world.

BITS PILANI – QUICK FACTS

- BITS Pilani was established in its present form in 1964

FREQUENTLY ASKED QUESTIONS (FAQs)

What are the eligibility criteria to apply for an entry level/fresher position at Wipro Technologies?

- X – Minimum 50%
- XII – Minimum 50%
- Graduation – Minimum 60% Aggregate Inclusive of all Subjects/Honors
- No Standing Arrears/Backlog

What qualities does Wipro look for in a candidate?

Wipro is always searching for the best and brightest from campuses across the world. Good communication skills, strong work ethics and adaptability are a few traits that are always important in whatever role you are interested.

What is the selection process for entry level/fresher candidates?

It is a three stage recruitment process for entry-level hires:

- A) Aptitude Test
- B) Technical Interview
- C) HR Interview

Each stage is an elimination round

What are the different technology streams available in Wipro for freshers?

Based on business requirements, freshers who join Wipro will be trained on any of technology streams that are in demand at that point of time. For more details on our WASE and WISTA programs, please visit careers.wipro.com.

Is the degree obtained by Work Integrated Learning Program valid outside Wipro?

The M.Tech degree obtained at the end of the four year course is recognized and acknowledged by institutions and organizations globally.

Will Wipro Provide accommodation when I join?

We will assist to find a suitable accommodation, but we do not provide any accommodation to the candidates.

Will there be any service agreement after the completion of the course?

There will not be any service agreement period once the course is completed.

Will I get holidays during the weekend classes?

There will not be any holidays during weekend classes. The classes will be held on any one of the days of the weekend.

How is the career growth for WASE/WiSTA students within the organization?

The students who enter Band B2 are at par with engineers after the completion of the four year course.

Is there any difference in the training for WASE/WiSTA students?

WASE/WiSTA are the same training modules.

How will the test be conducted?

The test conducted will be completely online (internet-based). All arrangements will be carried out at the test venue for you to take the online test. Detailed instructions for the test will be informed to you by e-mail.

What is the structure of the Wipro Entrance Test?

The question paper will have three sections. Verbal, Analytical and Mathematics.

- Verbal: This section will have questions on the lines of CAT and GMAT entrance examinations. It will include synonyms, antonyms, sentence structuring, grammar, paragraph comprehension, etc. Any guide books available for CAT and GMAT will assist you in the preparation of this section.
- Analytical: As above

- Mathematics: Questions will pertain to Trigonometry, Calculus, Differentiation, Algebra, Integration, Matrices and Coordinate Geometry. You will need to revise your 11th and 12th level Mathematics course to prepare for this section

Is there negative marking in the examination?

There is no negative marking

I have forgotten my reference number. I am unable to log in to schedule myself.

You may mail us at,
manager.campus@wipro.com

I am a resident of "X" city and I have been allotted "Y" city as center. Can this be changed?

We have carried out optimization of centers based on availability of students in each city. We would request you to choose an appropriate time and date and make arrangements to travel to "Y" city to appear for the examination

Will my cost of travel be reimbursed for the test?

The cost of travel will be borne by the candidate

Will I have the option to select my work location?

- We have delivery centers located in all major cities across India including Bangalore, Chennai, Hyderabad, Mumbai, Pune, Kolkata and Delhi/NCR
- You are requested to provide your three primary joining location preferences during the recruitment process
- Your location of joining will be mapped in line with your preference vis-à-vis business requirement at the time of joining. However, business requirements will be given first priority at any stage

After being selected at Wipro Technologies, if I still have backlogs after last semester, will I be eligible to join?

The students should not have any standing arrears during the time of joining
