

INTRODUCTION

1. ABOUT THE UNIVERSITY

Manonmaniam Sundaranar University (MSU), named after the famous poet-laureate and scholar Professor P. Sundaram Pillai, was established on September 7, 1990 with the objective of catering to the long-felt needs of the three southern most districts of Tamil Nadu namely Tirunelveli, Tuticorin and Kanyakumari. The University has over 59 affiliated colleges, 4 Mano Colleges and 1 Constituent College. Many of these colleges have contributed significantly to the cause of higher education, of which three colleges including St. John's College, The M.D.T. Hindu College and Sarah Tucker College, the oldest women's college in the state, are over 100 years old.

LOCATION

The University is situated at Abishekapatti, 9 Kms away from Tirunelveli Junction. A judicious blend of functional and aesthetic features distinguishes the campus buildings. The serene landscape and a vast campus of over 550 acres form an ideal setting for the academic community. The University, sensitive to the complex and diverse needs of the times, has evolved many innovative programmes. Research and extension activities are not pursued for its own sake, but are directed towards enriching the social matrix to help build better human beings and better tomorrow.

MISSION OF THE UNIVERSITY

In pursuit of Excellence

“ by providing quality Education especially for the rural and the unreached”

“ through innovation in teaching, research and extension activities”

“ by promoting human values for social harmony”

2. ACADEMIC PROGRAMMES

Advanced Academic Programmes are offered in various Departments which have been designed to make them competitive and in accordance with the criteria stipulated for national accreditation.

The following are the University Departments:

LANGUAGES:

1. Department of Tamil
2. Department of English
3. Department of Hindi

20. Department of Computer Science & Engineering
21. Department of CITE (Centre for Information Technology & Engineering)
22. Centre for Geotechnology
23. Department of Pharmaceutical Chemistry

Note: The University has the right to suspend any course if the circumstances so warrant. Many of the Departments have linkages with premier National & International Institutions. Research programmes are being carried out in all the above departments. **Campus Interview is organised periodically to cater to the needs of the aspiring students through University Students Advisory Bureau (USAB)**

Adequate infrastructure facilities and the peaceful campus atmosphere are provided to enable the students to pursue their academic endeavours in an excellent ambience. A **YOGA CENTER** funded by the UGC is vibrant on campus. This center will go long way to impart education with social relevance.

3. COLLABORATIVE VENTURES

The University is actively engaged in collaborative ventures with individuals and institutions. The Centre for Environmental Sciences at Alwarkurichi, functioning in collaboration with the Amalgamations Group, bears testimony to this. Eco-friendly ventures in aquaculture, fishing and agro-inputs are its thrust areas. The Centre for Marine Science & Technology, Departments of Communication and Mass Media and Management Studies and Geo technology have made their mark in the respective field of study

4. CHOICE- BASED CREDIT SYSTEM

Rapid changes have overtaken the world which now seems to resemble a global village. Information and knowledge, growing at a breathtaking speed, form the very crux of this changed scenario. Conventional disciplines and fields of study, thus far functioning as isolated compartments, have to address the challenges posed by these new changes. Further, students in pursuit of jobs in a competitive market are making ever new demands on the educational system. A University, which by definition, is situated at the frontiers of knowledge, needs to face such challenges squarely and MSU has responded by introducing Choice-Based Credit System (CBCS), which is practiced in many of the world's acclaimed Universities. MSU is the first in Tamil Nadu to implement it in a full – fledged manner.

In a pioneering move, the MSU is all set to demolish the disciplinary strait jackets. Under the CBCS, students from one department have the option to choose courses from other departments as well. Every PG programme will carry 72 credits of which 66 credits will be earned in the core discipline. For the remaining 06 credits, the students can choose supportive courses from other disciplines. In short, the students have a decisive say in deciding what to study and how to prepare themselves for a career.

With a strong committed team of nearly 100 qualified faculty members, the students of MSU have a clear edge over their counter parts elsewhere.

HOW DOES THE CBCS WORK?

- I. 1. Total number of credits to be acquired for a P.G. Degree: 72 Credits.
2. Duration of the Course:
 - Normal Duration 4 Semesters
 - Maximum Duration 6 Semesters
3. Credits & Courses:
 - a) A candidate who successfully completes all the core courses, the project prescribed, the optional and supportive courses, and acquires not less than 72 credits and puts in the minimum of residence time will be eligible for receiving the degree.

b) One credit means one teaching period per week for one semester (16 weeks) for theory courses and one laboratory session of two periods / week for one semester. One teaching period is of 60 minutes duration.

Courses are divided into 3 categories

1. Core courses are subjects on which a student admitted to a particular programme of study is to do compulsorily. Total credits for Core Courses are 48.

2. Elective courses may be chosen by the student from the optionals offered by the department. The Departments are expected to offer as many optional courses as possible. Total credits for Elective Courses are 12.

3. Supportive courses are to be taken from other disciplines. Total credits for Supportive Courses are 6.

II. In all P.G. programmes a 6 credit project is a must.

III. In the choice of Elective and Supportive Courses, the student will be guided by the faculty advisor / Head of the Department.

IV. In general, the Supportive Courses of 3 credits will be offered in the second and third semesters.

5. LIBRARY

The University Library is well equipped and has a good collection of reference works, books and journals. It has its membership with DELNET and also providing e-journals service through INFONET. Internet Facility with Online Public Access Cataloguing Service is provided to the users. The Library has been fully automated with the help of INFLIBNET Centre, Ahmedabad. There are shelves containing books gifted by American Information Resource Centre, Chennai.

6. COMPUTER CENTRE

All the Science Departments have a Computer laboratories of their own. Students of arts and science departments are permitted to use the common Internet Centre available in the campus.

7. UNIVERSITY HOSTEL

Hostel facility is available for women students. Foundation stone has been laid for the Hostel of men students.
