
CLARIFICATION

The Hon'ble Supreme Court (Bench of Hon.7 judges) has delivered a judgment on 12/08/2005 in Civil Appeal No. 5041/2005 in respect of 'rights and entitlement' of Government as against Private Professional Educational Institutions. This judgment expects enactment of legislation by Central Government and in its absence, by State Government in this regard. This process has been initiated. However it is not certain, as of this date, as to when such legislation will come into force, as also its provisions.

In the meanwhile, in terms of the observations of the Hon'ble Supreme Court from the aforesaid judgment, at least at this stage, it appears that State Government cannot claim any quota/seats in these colleges/institutions, and consequently cannot effect admission in these Private Management Colleges/Institutes, except to the extent agreed to with certain institutions.

It is therefore made clear that on the aforesaid interpretation and advice given to the State Government, this Brochure will not apply to the admissions to be effected in the academic year 2012-2013 at the Private Management Colleges / Institutions in so far as postgraduate courses are concerned, with the above exception.

However, it is made expressly clear that if, after issuance of this Brochure, either on account of any legislation or on account of any different interpretation/opinion/advice or due to any judgment/order passed by any court of law or even otherwise, the State Government is found entitled to any seat(s) in the Private Management Colleges/Institutions and consequently entitled to effect the admission(s) to such seat(s), the rules and regulations set out in this Brochure will be made applicable to such seat(s) and admission(s). In such event, a separate intimation will be issued with appropriate details.

It is also made hereby clear in no uncertain terms that the same 'Common entrance Test' that is proposed to be conducted in terms of this Brochure will govern such admission(s), if any.

It is hereby clarified that, Association of Management of MBA/MMS Institutes has given in writing to the State Government that, the admission to their institutes be conducted on the basis of CET that is being conducted by the Government of Maharashtra in pursuance of this brochure. The said Association has also submitted in writing that, their admissions be conducted under the CAP rounds by the State Government. Therefore, admission to these institutes (a list of which is enclosed in the brochure) will be conducted on the basis of MAH-MBA/MMS-CET 2012 of the State Government and the CAP of the State Government.

Q.14-27. Read the following passage carefully and answer the questions given below it. Certain **words/phrases** are printed in **bold** to help you to locate them while answering some of the questions.

There is no field of human endeavour that has been so misunderstood as health. While health which **connotes** well-being and the absence of illness has a low profile, it is illness representing the failure of health which virtually monopolizes attention because of the fear of pain, disability and death. Even Sushruta had warned that this provides the medical practitioner power over the patient which could be misused.

Till recently, patients had implicit faith in their physician whom they loved and respected, not only for his knowledge but also in the total belief that practitioners of this noble profession, guided by ethics, always placed the patient's interest above all other considerations. This rich interpersonal relationship between the physician, patient and family has, barring a few exceptions, prevailed till the recent past, for caring was considered as important as curing. Our indigenous systems of medicine like ayurveda and yoga have been more **concerned** with the promotion of the health of both the body and mind and with maintaining a harmonious relationship not just with fellow beings but with nature itself, of which man is an integral part. Healthy practices like cleanliness proper diet, exercise and meditation are part of our culture which sustains people even in the prevailing conditions of poverty in rural India and in the unhygienic urban slums.

These systems consider disease as an **aberration** resulting from disturbance of the equilibrium of health, which must be corrected by gentle restoration of this balance through proper diet, medicines and the establishment of mental peace. They also teach the graceful acceptance of old age with its infirmities resulting from the normal **degenerative** process as well as of death which is **inevitable**.

This is in marked contrast to the western concept of life as a constant struggle against disease, aging and death which must be fought and conquered with the knowledge and technology **derived** from their science a science which with its narrow dissective and quantifying approach, has provided us the understanding of the microbial causes of communicable diseases and provided highly effective technology for their prevention, treatment and control. This can rightly be claimed as the greatest contribution of western medicine and

justifiably termed as 'high' technology. And yet the contribution of this science in the field on non-communicable diseases is remarkably poor despite the far greater inputs in research communicable diseases is remarkably poor despite the far greater inputs in research and treatment for the problems of aging like cancer, heart diseases, paralytic strokes and arthritis which are the major problems of affluent societies today.

- Q.14.** Why, according to the author, people in India have survived inspite of poverty ?

Q.84.

Problem Figures				Answer Figures				
□	◼ ◼	○	?	◐ ◑	◼ ◼	◐ ◑	△ △	◐ ◑
				1	2	3	4	5

The Figures on the left are Problem Figures and those on the right are Answer Figures.

The Problem Figures are presented in two units. The first unit contains two figures and the second unit contains one figure and a question mark in place of the fourth figure. You have to find out which one of the Answer Figures should be in place of the question mark.

Look at the first two Problem Figures. The second figure is related to the first figure in a certain way. The second figure is double the first figure with each element half darkened in a particular way. The first figure is one square and the second figure is two squares.

The third and fourth figures should have the same relationship as the first and the second have. That means the fourth figure should be double the third figure and also each element half darkened in the same way. Answer figures 1, 3 and 5 are having two circles. However only answer figure(5) has each circle half darkened in the same way. Therefore mark (5) as the correct answer.

Now attempt the following question.

Q. 85

(2) **Classification :**

Q. 86

In classification, the Problem Figures themselves are also the Answer Figures. Out of the five figures (1), (2), (3), (4) and (5) four are similar in a certain way. One figure is not like the other four. That means four figures form a group. The question is which one of the figures does **not** belong to this group ?

Look at the question above. Of the five figures, four figures are having at least one side curved, whereas one figure has square with all the sides as straight lines. The four figures form a group. The square does not belong to this group. Therefore, Mark (1) as the correct answer.

Now attempt the following question :

Q. 87

(3) **Series :**

Note that, the five figures on the left are called Problem Figures. The five figures on the right are called Answer Figures. They are indicated by numbers (1), (2), (3), (4) and (5).

The five Problem Figures make a series. That means they change from left to right in a specific order. The question is if the figures continue to change in the same order, what should the sixth figure be ?

In the example above as you go from left to right, you find the number of symbols increases by 1, each symbol is repeated once and all the symbols move by one space to their right. (In anti-clockwise direction)

The question is, 'if all the three changes continue what will be next i.e. sixth figure ? The answer would be, 'it would have six symbols, each symbol repeated twice and the left side symbol i.e. the triangle in the fifth problem figure moves to its right by one space.'

Now look at the Answer Figures. You find that Answer Figure (4) has all these characteristics. Therefore, mark (4) as correct answer.

Now attempt the following question :

Q. 88.

Q. 89.

In each of the following problems a related pair of figures is followed by five numbered pairs of figures. Select the pair that has a relationship similar to that in the original pair. The best answer is to be selected from a group of fairly close choices.

Now study the following problems.

In the Problem figure, the element II of the figure is related to the element I of the figure in a certain way. The element II has one side more than the element I. Also, the number of lines outside the sides of the element II is one more than those of the element I. The pair in the Answer figure No. 5 has the same relationship i.e. the element II of the figure has one side more than the element I of the figure. Also, the number of lines outside the sides of the element II are three while such lines are two in the case of element number I. Therefore, mark (5) as the correct answer.

Q. 90.

In the Problem figure, the element II of the figure is related to the element I of the figure in a certain way. Both the elements are lines with an 'arrow head' but the element II has the arrow head reversed, while the element I has usual arrow head. Also the line in the element is rotated clockwise through 90° to form the line in the element II.

In the answer figure No. 2 both the elements of the figure are lines. But the element II is having the reversed curved head compared to the curved head of element I. Also the line in element I is rotated clockwise through 90° to form the line in the element II. Therefore Mark (2) as the correct answer.

Q. 91.

Now attempt the following question :

Q. 92-95. In each of the following problems, a series is established if the positions of the two out of five numbered figures are interchanged. The position of the first unnumbered figure remains the same. It is the beginning of the series. The earlier of the two numbered figures whose positions are interchanged is the Answer. If it is not necessary to interchange the positions of figures to establish the series, write (5) as your answer. Remember that when the series is established the figures change from left to right (i. e. from the unnumbered figure to the last figure), in a specific order.

Q.92.

In this problem a series is established by interchanging the positions of figures (3) and (5). Therefore, mark (3) as the correct answer.

Q. 93.

In this problem, a series is already established. It is not necessary to interchange the positions of any two numbered figures. Therefore, Mark (5) as the correct Answer.

Q. 94

Now solve the following problems.

Q. 95.

HOW TO MARK YOUR ANSWERS

Each question is followed by answers which are numbered (1), (2), (3), (4) and (5). Select the most appropriate answer. Then by using **black ball-point pen**, blacken the oval bearing the correct answer number against the appropriate serial number of the question. (Refer to **INSTRUCTIONS** on the Specimen Answersheet). Please note that the oval should be dark enough and should be filled in completely. For example, if the correct answer to Question Number 2 is answer number 3, it should be shown as follows :

Q.2. (1) (2) (3) (4) (5)

VERY IMPORTANT

1. All the details as well as your answers are to be indicated by **BLACKENING** the appropriate ovals with **BLACK BALL POINT PEN ONLY**. Pencil markings or markings with sketch pen or ink pen or any other ink will **NOT** be read by machine.
2. Before marking each answer, make sure that it is your final answer. Since the answers are to be indicated by **BLACKENING** with **BALL POINT PEN**, revision of answer once indicated by you will **NOT** be possible.
3. You must mark only one answer to each question. Multiple answers will be considered as wrong.
4. Scratching, over-writing, tick marking etc. will be considered as wrong.

HOW TO FILL UP BIO-DATA INFORMATION

Important

You have to fill in all the information in boxes 1 - 7 by using **BLACK-BALL POINT PEN ONLY**.

How to fill in the Information is explained with the help of an example given below :

- | | | |
|------------------------------|---|--|
| 1. Name of Candidate | : | MAHENDRA R KIRAD |
| 2. Roll No. of the Candidate | : | 12170581 |
| 3. Test Form No. | : | (You should copy this number from the cover page of the Test booklet which will be given to you in the examination hall. You must also blacken the appropriate ovals.) |
| 4. Date of Examination | : | 26-02-2012 |
| 5. Organisation | : | D T E |
| 6. Centre of Examination | : | THANE |

Candidate's Name (Box No. 1) : There is a row of 26 boxes for writing the name. Just below each box you will find a column of 26 ovals each containing a letter of the alphabet. The top oval in each contains a letter "A" whereas the last oval bears "Z". See how the candidate has written his name in capitals by entering one letter in each box using **BLACK BALL POINT PEN**, and has blackened the appropriate oval under each box. Please note that the candidate has left one box and respective column of ovals blank between two parts of his name. If your name contains more letters write only the first letters which you can accommodate in the boxes provided. Write your name in the same order in which it appears in your Call Letter.

Candidate's Roll Number (Box No. 2) : You will be assigned an eight digit roll number. There is a row of 8 boxes provided to write the roll number. Just below each box there are 10 ovals numbered from 1 to 9 and 0. The candidate has written his roll number in the boxes entering one digit in each box and has blackened the appropriate oval under each box. If you do not blacken corresponding ovals your answersheet may not be assessed. You have to write your roll number on the test booklet also in the space provided for it.

Test Form No. (Box No. 3) : Test Form No. will be available to you after you receive the test booklet. You will have to copy the test form number (3 digits) from the cover page of test booklet. Write each of the digits in the boxes provided and blacken the appropriate ovals. If you do not blacken corresponding ovals your answersheet may not be assessed.

Date of Examination (Box No. 4), Organisation (Box No. 5) and Centre of Examination (Box No. 6) : Please enter this information in appropriate boxes.

After you fill-up the information, double-check to make sure that you have filled up all the particulars correctly and that you have also **blackened** the appropriate ovals, wherever required with black-pall point pen. Then make your signature in Box No. 7.

 - (ii) Completely filled in bio-data information on the sample answer sheet provided at the end of this booklet.
 - (iii) Two (Adequate no. of) BLACK BALL POINT PENS. (sketch pens, ink pens or ball pens with other colour ink must NOT be used.)
2. While filling in the bio-data information on the sample answersheet fill in YOUR bio-data information. The complete bio-data information on the sample answersheet will help you to fill in the same information on the actual answer sheet which will be given to you in the examination hall.
3. You should not do any rough work on the answersheet, but do all the rough work necessary on the test booklet itself. If any rough work is done on the answersheet it may not be assessed.
4. All your answers must be marked on the answersheet. The method of indicating answers by using BLACK BALL POINT PEN as described and illustrated before must be followed. Please note that the oval should be dark enough and should be filled in completely. If this is not done, the answersheet will not be assessed by the computerized machine.
5. You should write your Roll No. on the test booklet. If you do not write your Roll No. on the test booklet your answersheet will not be assessed.
6. The machine first reads the Test Form No. on the answersheet and then evaluates as per the correct answers of the questions in the form. Therefore, you **MUST SHOW YOUR TEST FORM NO. CORRECTLY BY FILLING IN THE CORRECT OVALS ON THE ANSWERSHEET** using BLACK BALL POINT PEN.
7. You have to write and darken all the information required on the answersheet such as Roll No., Name, Test Form No. etc. If you do not write these your answersheet will not be assessed.
8. When you receive the test booklet do not waste your time in first reading all the questions as is done in usual school/college/university examinations. Since these questions are of objective type, read a particular question and mark your answer on the answersheet. In case you find a particular question difficult, skip the question and go on to the next question. The question so skipped may be solved at the end if time is available.
9. If the question is skipped, care should be taken while marking the answer of the next question. It should be marked against the appropriate question serial number leaving blank the answer space/s for the skipped question/s.
10. Please handle your answersheet carefully. Avoid its contact with dust. If it is mutilated, torn, wrinkled, rolled or is dusty it may not be assessed.
11. No extra time will be given for **BLACKENING** the ovals after the time for the objective test is over and the 'stop' signal is given.
