CTS Job Interview Placement Paper : December, 2010

Company Name: CTS

Type: Fresher Job Interview

Two rounds one is **Written Test** which consists of:

- **Analytical Section**
- **Verbal Section and Reasoning.**

One can easily clear this after this we waited for around 2 hrs for the results. Then we are sent to the interview there first of all be silent and peacefully.

It will be very easy even if you know basics hr asked me some questions like:

1. Difference between analog and digital signal ?
2. Difference between C & C++.
3. Pointer concepts

HR:

Some general HR questions like tell me about yourself, strengths and weakness, Finally he said thanks and I also told that this is completed at 12 noon and result come in evening.

I am selected. :)
